## DCC Supports Clean-Up Australia

Darwin City Council supports Clean-Up Australia Day as a positive initiative to help Keep Australia Beautiful. Various community groups and organisations have nominated locations to hold a clean-up event. This year Darwin City Council is not running a specific site, however many of the staff are participating at registered locations .

DCC has a strong focus on the annual pre-cyclone clean-up and this will provide additional support to the Clean-Up Australia Day Committee.

Pam Robinson, Manager Climate Change and Environment at Darwin City Council encourages residents to get involved and make an effort: “the specific day on Sunday 1 March is to highlight how we 'rubbish' Australia, to stop and think how we can be more responsible with our rubbish, and to provide ‘hands on’ support to clean-up our land and waterways” she said.

For information on Clean-Up Australia please call 1800 282 329 or visit the website:
