In Kind Sponsorship

WHAT IS IN KIND SUPPORT?

Value in kind (or, in kind support) refers to an arrangement whereby City of Darwin forgoes revenue for things for which they would normally charge a fee.

Services incurring a real cash cost to City of Darwin are not supported through in kind.

Many sponsorship agreements include both a cash and an in kind component. These two elements contribute to the total value of the sponsorship. (Some sponsorships consist only of in-kind support with no cash component.)

Sponsorship Process

Out-of-Round Applications for Sponsorship

A proposal may be considered outside the annual competitive round if there are extenuating circumstances that prevented submission through the annual round. These 'out-of-round' proposals will be assessed using the same criteria as the proposals in the competitive round.

A proposal may be considered for 'out-of-round' funding:

- Using available sponsorship contingency funding
 - Proposals above \$10,000 total value can be recommended for consideration and decision of Council.
 - Proposals less than \$10,000 total value (including cash and in-kind contributions) may be approved by the CEO in liaison with the Lord Mayor (subject to funding availability).

Contact Council's Marketing and Communications team to discuss whether a proposal is eligible for 'out-of round sponsorship'.

Applications for out-of-round sponsorships are through SmartyGrants online.
<https://darwin.smartygrants.com.au/>

Applications that do not meet the criteria for Sponsorship

Applications that do not meet the criteria for sponsorship but still align with Council's Strategic Plan may be referred to:

- Grants Program
- Unsolicited Proposal process (refer to City of Darwin Policy No.88 Unsolicited Proposals)
- Operating Subsidy process

These will be assessed accordingly and funded operationally by the relevant department.

What does Council support through the Sponsorship Program?

Overview

Council is looking for several elements in the sponsorship proposals.

- 1) Events or projects that demonstrate strong alignment with the Strategic Directions of Council as outlined in *Darwin 2030 - City for People. City of Colour*

That is, does the event contribute to Council achieving its targets as outlined in *Darwin 2030 - City for People. City of Colour*?

- 2) Events or projects with appropriate sponsor benefits offered.

In evaluating all sponsorship proposals the panel will be asked to consider/rate the following:

- Does the event/project fall into one of the following categories?
 - Business, industry, economic or city activation
 - Cultural, social or the arts
 - Sporting, or healthy lifestyle orientated
 - Innovation
 - Environmental
- Is there a balance of events/projects in these categories across the sponsorship program?

IN CONSIDERING THE SPONSORSHIP PROGRAM ALIGNMENT WITH STRATEGIC DIRECTIONS THE FOLLOWING ARE CONSIDERED:

Tourism, Economic and Place Activation

- Is the event local, national or international?
- Does the event/project attract interstate or international visitors?
- Do the activities take place within the Darwin Municipality?
- Is there a balance of events/activations across Darwin's four Council wards?
- Is the event iconic for Darwin?
- Is the event unique? Or, are there other similar events offered in Darwin?

Cultural & Social Outcomes

- To what extent does the event celebrate the diversity of Darwin as a capital city?
- To what extent does the event provide opportunities for the local or greater community to connect?
- Is the event free or low cost? (Preference is given to events that are free/low cost or have elements that are free/low cost.)
- How many people are expected to attend the event/have attended in the past?
- Is the event accessible to people of all abilities?

Environmental Outcomes

- Is the event environmentally sustainable and 'single use plastic free'?

Governance, Budget and Organisational Competency

- Is the amount requested appropriate:
 - as a proportion of the overall cost of the event/project?
 - as a proportion of the Council budget for Sponsorship Program?
 - in relation to the sponsor benefits offered to Council?
- Are there any risks associated with the event?
- Does the application include enough information for affective evaluation of proposal?
- If the Council has previously sponsored the event was the acquittal satisfactory?

Access and Inclusion

Access and inclusion is about ensuring that all public services are available to all community members, including those who have a disability, so that they have the opportunity and choice to participate in all aspects of community life.

To the extent that it is practicable, the sponsorship applicant is required to provide universal access to sponsored events, as outlined in the City of Darwin's Access and Inclusion Plan 2019-2022.

When applying for sponsorship use Council's Accessible and Inclusive Events checklist on our website to see how accessible and inclusive your event is and where improvements could be made.

<https://www.darwin.nt.gov.au/community/services/access-and-inclusion/overview>

Some questions for applicants to consider are:

- Is there level access to the event with no steps or other barriers?
- Are there accessible toilets?
- Does the venue have clear signage?
- If the event is ticketed, have you considered provision of a number of free or affordable tickets for community members?

Council has an Access and Inclusion committee who can give advise on how you can improve the accessibility of your event or project.

You will be required to report on the accessibility of your project as part of the acquittal report.

Single Use Plastic Free Events

All events on Council land must not include the use of single use plastics. Council has a guide to help you make your event Single use Plastic Free.

For more information visit Council's website:

<https://www.darwin.nt.gov.au/community/programs/climate-change-and-environment/plastic-wise>

Canvassing or Lobbying

If a Council employee or Elected Member has a direct interest in a sponsorship proposal they are required to declare this. Elected Members will not take part in the decision of Council relating to that proposal.

Individual canvassing or lobbying of Elected Members or Council employees in relation to the sponsorship proposal during the application and assessment process may result in the application being excluded from the sponsorship program.

However there is the opportunity for applicants to give a presentation to the Council at an Ordinary Council meeting ahead of the annual budget process.

When should you consider presenting a proposal to Council?

Presenting a proposal to Council may help Elected Members better understand the sponsorship opportunity if:

- An event or project is new to Darwin
- A previously sponsored event or project has significantly changed
- A different level of sponsorship is being sought

What are Sponsor benefits?

Sponsorship is defined as a commercial arrangement in which a sponsor provides a contribution in money or in kind, to support a service, event, facility or program in return for specified benefits.

When applying for Sponsorship, you will be asked to list the sponsor benefits being offered to City of Darwin.

Some examples of benefits include:

- City of Darwin logo recognition on all project or event promotional material and website
- Opportunity to display City of Darwin signage at project or event
- Speech opportunity for City of Darwin Elected Members
- Opportunity to screen City of Darwin TV/Media commercial (eg. on an event screen)

Be creative with what sponsor benefits you can offer Council. Read through Council's Strategic Plan and talk to Council about your project to come up with ideas of what you can offer that may be beneficial to Council.
