

CITY OF DARWIN

MUNICIPAL PLAN

2024/2025

Strong, thriving and
connected community.

ACKNOWLEDGEMENT OF LARRAKIA COUNTRY

City of Darwin acknowledges the Larrakia people as the Traditional Owners of all the land and waters of the Greater Darwin region.

To the Larrakia, Darwin is known as Garramilla. The original language of the Larrakia is Gulumirrgin (pronounced Goo-loo-midgin).

Often referred to as “Saltwater People”, the Larrakia lived, loved, birthed, hunted and survived a life on pristine coastal and inland areas. Established ‘song lines’ connecting Larrakia people to Country penetrate throughout their land and sea, allowing stories and histories to be told and retold for future generations. Scientific evidence dates Aboriginal presence in northern Australia to 60,000 years.

The Larrakia culture and identity is rich and vibrant. In the footsteps of the Larrakia people, City of Darwin will continue to foster this culture and identity by creating a vibrant community together.

INTRODUCTION

MUNICIPAL PLAN 2024/25

Purpose

The Municipal Plan presents the Lord Mayor and Councillors' strategic resourcing decisions for the City of Darwin team to pursue across the 2024/25 financial year. Through this annual document a set of commitments is made to the community, which will be reported in the Annual Report to be published in November 2025.

Mission

We will work with the community and partners, provide leadership and deliver services which create opportunities to enhance the economic, cultural and environmental sustainability of Darwin.

Vision

DARWIN 2030: CITY FOR PEOPLE. CITY OF COLOUR.

Our strategic directions

This set of strategic directions was established in collaboration with the community, beginning with the Living Darwin Summit. Within the Council and City of Darwin they act as a guide to inform priorities and decision making.

**A capital city
with best practice
and sustainable
infrastructure**

**A safe, liveable and
healthy city**

**A cool, clean and
green city**

**A smart and
prosperous city**

**A vibrant and
creative city**

Continuing the conversation through consultation

To ensure that Council, officers, and the community continue to align on their vision for Darwin's future, City of Darwin takes the opportunity each year to check in and consult on the Draft Municipal Plan.

During the 21-day consultation period from 1 May 2024 to 23 May 2024, City of Darwin received 21 survey responses through Engage Darwin, and 16,192 people were reached via City of Darwin social media channels. There were 318 visits to Engage Darwin and 238 downloads of the draft document.

From the 21 survey submissions received, there were a mix of topics brought forward by respondents to the Draft Municipal Plan engagement process. Greening and shading were the most discussed topics at 24 per cent. This included planting of large trees and shading of pathways.

The second-most discussed topic was playgrounds, with 20 per cent of respondents raising this topic. Commentary on these areas related to upgrading existing playgrounds and installing new playgrounds, including water play spaces and splash pads. Also highly discussed by respondents was the need for more lighting, CCTV and security services to ensure safety.

The topics from the 21 submissions can be broken down into nine primary categories:

Respondents were also asked to provide commentary on the proposed rates, and of the 21 respondents, 11 provided feedback on the rates, with submissions split between being accepting of the rates, and wanting to ensure these funds were spent in the best interest of the community.

There was no feedback received on the proposed fees and charges.

Elected Members received the engagement report and are satisfied with the results. There have been no recommended changes from the initial draft municipal plan.

LORD MAYOR & CHIEF EXECUTIVE OFFICER FOREWORD

We are proud to present our Municipal Plan and Annual Budget for 2024/25 which celebrates Darwin as a strong, thriving and connected community.

We continue to strive to achieve the goals set out in our strategic plan, *Darwin 2030: City for People. City of Colour* to ensure Darwin is a culturally diverse, inclusive and vibrant city.

We have worked closely with our Councillors and City of Darwin officers to create a robust and reliable Municipal Plan and Annual Budget that incorporates community feedback underpinned by a sound set of financial statements.

This Municipal Plan focuses on fostering a connected and engaged community and delivering accessible grassroots infrastructure to ensure we meet Darwin's evolving needs.

We have committed to enhancing quality of life for residents through an operating expenditure of \$141 million, which will deliver programs and initiatives that directly benefit the community.

Our comprehensive capital works program allocates \$61 million to stimulating the local economy and supporting liveability in Darwin, including providing more public parking spaces within the city centre.

Darwin is famous for its unique outdoor lifestyle and tropical climate, and we want residents to enjoy the beautiful backyard we are lucky enough to call home, which is why we have invested \$9.5 million in maintaining our parks and gardens.

We know that keeping the city cool, clean and green remains a priority for the community, and we will continue to work hard to care for our natural environment delivering on the *Greening Darwin Strategy*, with \$3.2 million dedicated to tree planting and maintenance, including \$1.1 million spent on greening the city, which will see over 19,400 trees planted.

The Better Suburbs program, created to improve the amenity of Darwin and deliver projects that are based on direct engagement between the community and our Councillors, continues to grow in momentum.

This year we are pleased to have nearly doubled the funding for the Better Suburbs program to nearly \$1 million as we continue to improve community infrastructure, invest in our community and beautify streets across Darwin's suburbs.

We want our city to be easily accessible to everyone, and we will continue to provide a road network that meets the comfort, safety and expectations of all road users and the community through ongoing road upgrades.

This year we will invest \$8.1 million in our path and road network, including \$850,000 in shared paths and \$1.1 million in footpaths.

We are committed to providing a stormwater system that meets the needs of our city and our environment and have allocated \$2 million to upgrading our stormwater drains, including improving existing pipe systems and replacing infrastructure.

We pride ourselves on being an active community, and there are plenty of options for people to stay fit and healthy in our city, including free indoor and outdoor community and recreation facilities available throughout the municipality. We will continue to invest in creating a connected and energetic community by dedicating \$1.34 million in funding for sport and recreation within Darwin.

This includes contributing \$400,000 to creating upgraded sporting change rooms at our ovals in alignment with sports fields and oval master plans. These projects will create safe and enjoyable spaces for participants and a welcoming environment for spectators and volunteers.

WE ARE CONFIDENT THIS MUNICIPAL PLAN WILL CONTRIBUTE TO ENSURING DARWIN IS KNOWN AS A VIBRANT, CREATIVE, INNOVATIVE, CONNECTED, HEALTHY AND ENVIRONMENTALLY RESPONSIBLE CITY.

Lord Mayor and CEO, City of Darwin

We have made a further \$1 million commitment to revitalising playgrounds through our *Movement Strategy* and *Play Space Strategy*.

Play spaces across the municipality will receive a facelift, including the George Park playground in Fannie Bay, Dorisvale Park in Tiwi, Bayfield Park in Malak and Fong Park in Wanguri.

This investment also includes a two-year project to develop a multigenerational regional playground in the Waters Ward that will encourage people of all ages and all abilities to engage with one another with active recreation providing the foundation.

Waters Ward only has one district playground and one regional playground, and we have assigned \$500,000 this financial year for planning, consultation, design and initial build of a regional playground that will create a more liveable, healthy and engaged community.

Darwin is home to an enriching annual calendar of events and activities that make it the vibrant and colourful city it is famous for, and we will continue to support these by allocating \$1.6 million in funding to community groups through sponsorships and grants.

This funding supports a range of different events, projects, activities and services that contribute to the local economy, including commemorating the 50th anniversary of Cyclone Tracy, which devastated the city and profoundly impacted our community.

We have allocated \$600,000 to install a kinetic monument at Bundilla that will be the first of its kind in the Territory. This educative monument, which moves with the wind and will be housed in a dedicated reflective space, with funding allocated to landscape the area.

We will also support the community in commemorating this historic event through grant opportunities available for activities and events that recognise the impact Cyclone Tracy had on our community and our collective history.

We know that safety is important so we will invest \$840,000 in public lighting, including projects such as Making Mindil Safe and at the Nightcliff Jetty.

This year is also the first year of the new land valuation cycle, a process which is undertaken by the Valuer General of the Northern Territory every three years. As part of the budget process, Council determines the amount it must receive as income from rates to be able to provide services and the change in valuation means the rate pool is redistributed, based on unimproved capital values of properties within the municipality.

To enable Council to deliver on the essential services and community needs outlined in the Municipal Plan the general rate increase applied has been kept to below CPI at four percent, which roughly equates to an increase of \$1.35 per week for the average residential property.

We are confident this Municipal Plan will contribute to ensure Darwin is known as a vibrant, creative, innovative, connected, healthy and environmentally responsible city.

We thank Councillors and City of Darwin officers for their contribution to developing a Municipal Plan and Budget that delivers on our Darwin 2030 vision and we look forward to delivering for the people of Darwin.

The Hon. Lord Mayor
Kon Vatskalis

Chief Executive Officer
Simone Saunders

PRIORITIES TO PROGRESS

Regional playground Waters Ward

City of Darwin's *Play Space Strategy* includes an action to increase provision of play and active recreation for 13-18 year olds in key locations at regional and district level. Stage 1 of a two-year project to develop a regional playground at Waters Ward will commence this year. Once completed, the regional playground will incorporate multi-generational and accessible play.

Initial work will include community engagement; design and documentation; accreditation and site preparation; and traffic management.

When completed the Regional playground will provide a range of play equipment, toilets (including an adult accessible unisex changing place), shade structures, pathways, landscaping and irrigation, BBQ facilities, picnic tables and seating, bike racks, drinking taps and rubbish bins, smart lighting of pathways, signage and public art.

Cyclone Tracy monument and commemorative program

2024 marks the 50th Anniversary of Cyclone Tracy. City of Darwin Elected Members has endorsed Saturday 30 November 2024 as the date for the official commemorative event, and planning is underway. Community members and survivors from across the country and the world have already been making enquiries and plans to attend the anniversary.

The Cyclone Tracy Commemoration Advisory Committee has been formed to advise and contribute to the program and a \$50,000 community grants program has been launched by City of Darwin. The Advisory Committee has requested a permanent monument be installed at Bundilla Beach by 30 November in time for the commemorative event.

City of Darwin is seeking sponsorship for the program, including cash and in-kind support for a commemorative trail, podcast, interpretive signs and events. The significance of this project is seen in the level of involvement from a wide range of stakeholders, including Australian Defence Force (Army, Navy and Air Force), CSIRO, MAGNT, NT Major Events and Larrakia Nation.

The need for a commemorative event as well as a monument has become crucial to the project as the significance of this anniversary spreads globally. City of Darwin will host a commemorative event on a scale similar to the Bombing of Darwin commemorative event.

Greening Darwin Strategy

Greening our municipality continues to be a priority, with the provision of over 15,000 free plants to residents through native plant giveaways, and the revegetation of key biodiversity areas with over 4,000 native plants. In addition to the Smith Street, Cavenagh Street, and Better Suburbs greening projects, around 415 street and park trees will be planted across the municipality. In conjunction with CSIRO and the Darwin Living Lab, analysis of 2024 canopy cover and land surface temperatures will assist in identifying priority areas for greening and cooling. To complement this, a network of environmental sensors will be installed at key locations across the municipality to monitor changes in heat and liveability indicators in response to greening initiatives and climate change.

In addition, the strategy has a focus on the planting of shade trees along walking and cycling corridors, including at the Casuarina Aquatic and Leisure Centre carpark.

Civic Centre redevelopment

City of Darwin is embarking on an exciting journey to revitalise the heart of the city with the redevelopment of the Civic Centre, with expressions of interest called. The redevelopment will include office areas, meeting spaces, a library, a town hall and additional parking.

Proposals have been sought from interested parties in contributing to the redevelopment, including private developers and investors eager to play a role in shaping the future of the city.

The proposals must respect and give prominence to Galamarrma, the Tree of Knowledge, to ensure it is protected, as well as re-establishing a visual and social connection to the unique landmark.

Bicentennial Park, Esplanade

Bundilla Beach revitalisation

A range of views about the community's needs and aspirations for the area is informing the draft masterplan, which has been created to transform the amenity of Bundilla Beach.

The community feedback showed the desire for the reserve to be activated and function as a cool, green and biodiverse natural habitat for wildlife and people to enjoy.

Construction of the Bundilla Beach masterplan will be split into three stages, with Stage 1 delivering more public lighting; a new dog park; a 3 x 3 basketball court; landscaping and more green spaces; new pathways to improve connectivity and more toilets, BBQ tables and shelters.

Construction of Stage 1 is expected to commence during dry season 2024 and will see a new monument commemorating the 50th anniversary of Cyclone Tracy in conjunction with the Australian Government.

Smith Street streetscaping

The Smith Street streetscape project is part of City of Darwin's ongoing partnership with the Northern Territory Government to transform Darwin into a more vibrant and liveable tropical city.

The objective is to improve the streetscape in Smith Street from Knuckey Street to Whitfield Street, including pedestrian and active transport access, enhanced amenity, greening, shading, and cooling.

This project supports our *Movement Strategy* to improve Darwin's streetscapes, infrastructure and connectivity, while reducing the impact of transport on the environment to make it easier for all people to move around our city.

Chapel Lane revitalisation

The laneway development will encourage movement through the space, enhance the pedestrian experience, and improve economic outcomes for local businesses through the activation of space.

Construction of the first stage of the revitalisation is scheduled for delivery in 2024/25.

Key design features include:

- Creation of a pedestrian plaza to encourage people to eat and meet.
- Planting of shade trees and installing shade structures.
- Replacing hard surfaces with soft landscape.
- New pedestrian lighting.
- Smart city infrastructure to provide free Wi-Fi, movement, and environmental sensors.

ICT Roadmap and CRM

City of Darwin continues an information and communication technology transformation program to deliver an enhanced user experience, customer service, data and information management, and improved process integration and strategy.

Key highlights for the 2024/25 program include progress towards implementation of a customer relationship management (CRM) solution to foster stronger relationships with the community through improved communication, improved responsiveness and increased satisfaction. This is in addition to a learning management system (LMS) which will enable City of Darwin to efficiently deliver, track and manage training programs, ensuring that employees are well-equipped with the knowledge and skills to perform their roles.

Connectivity and accessibility

In 2024/25 City of Darwin will be delivering \$8.1 million in projects that directly promote and improve connectivity and accessibility across our municipality. The program is a combination of asset renewal and new infrastructure including footpaths, shared paths, driveways, road resurfacing, road and pedestrian safety initiatives.

Key highlights of the program are:

- New footpaths in Packard Street and Sanders Street.
- Driveway replacements in Ludmilla, Millner, Rapid Creek, Moil, Wagaman and Wulagi.
- Progress Drive pedestrian refuge providing safer pedestrian access in Nightcliff.
- Walkway resurfacing in Alawa.
- Bike lanes and mobility improvements in the Darwin city centre or completion of the Shared path connection between Erldunda Street and Rocklands Drive Tiwi.

Community funding and support

City of Darwin is committed to supporting the Darwin community through the provision of direct funding in the form of sponsorships across a variety of categories, which reflect the 2030 vision.

City of Darwin also provides in-kind support for one-off community events and projects throughout the year. We also aspire to provide support of a kind that builds capacity and capability among passionate community members to create self-sustaining events, which in turn become a much loved and respected tradition for community and visitors to our city.

Place and Liveability Plan

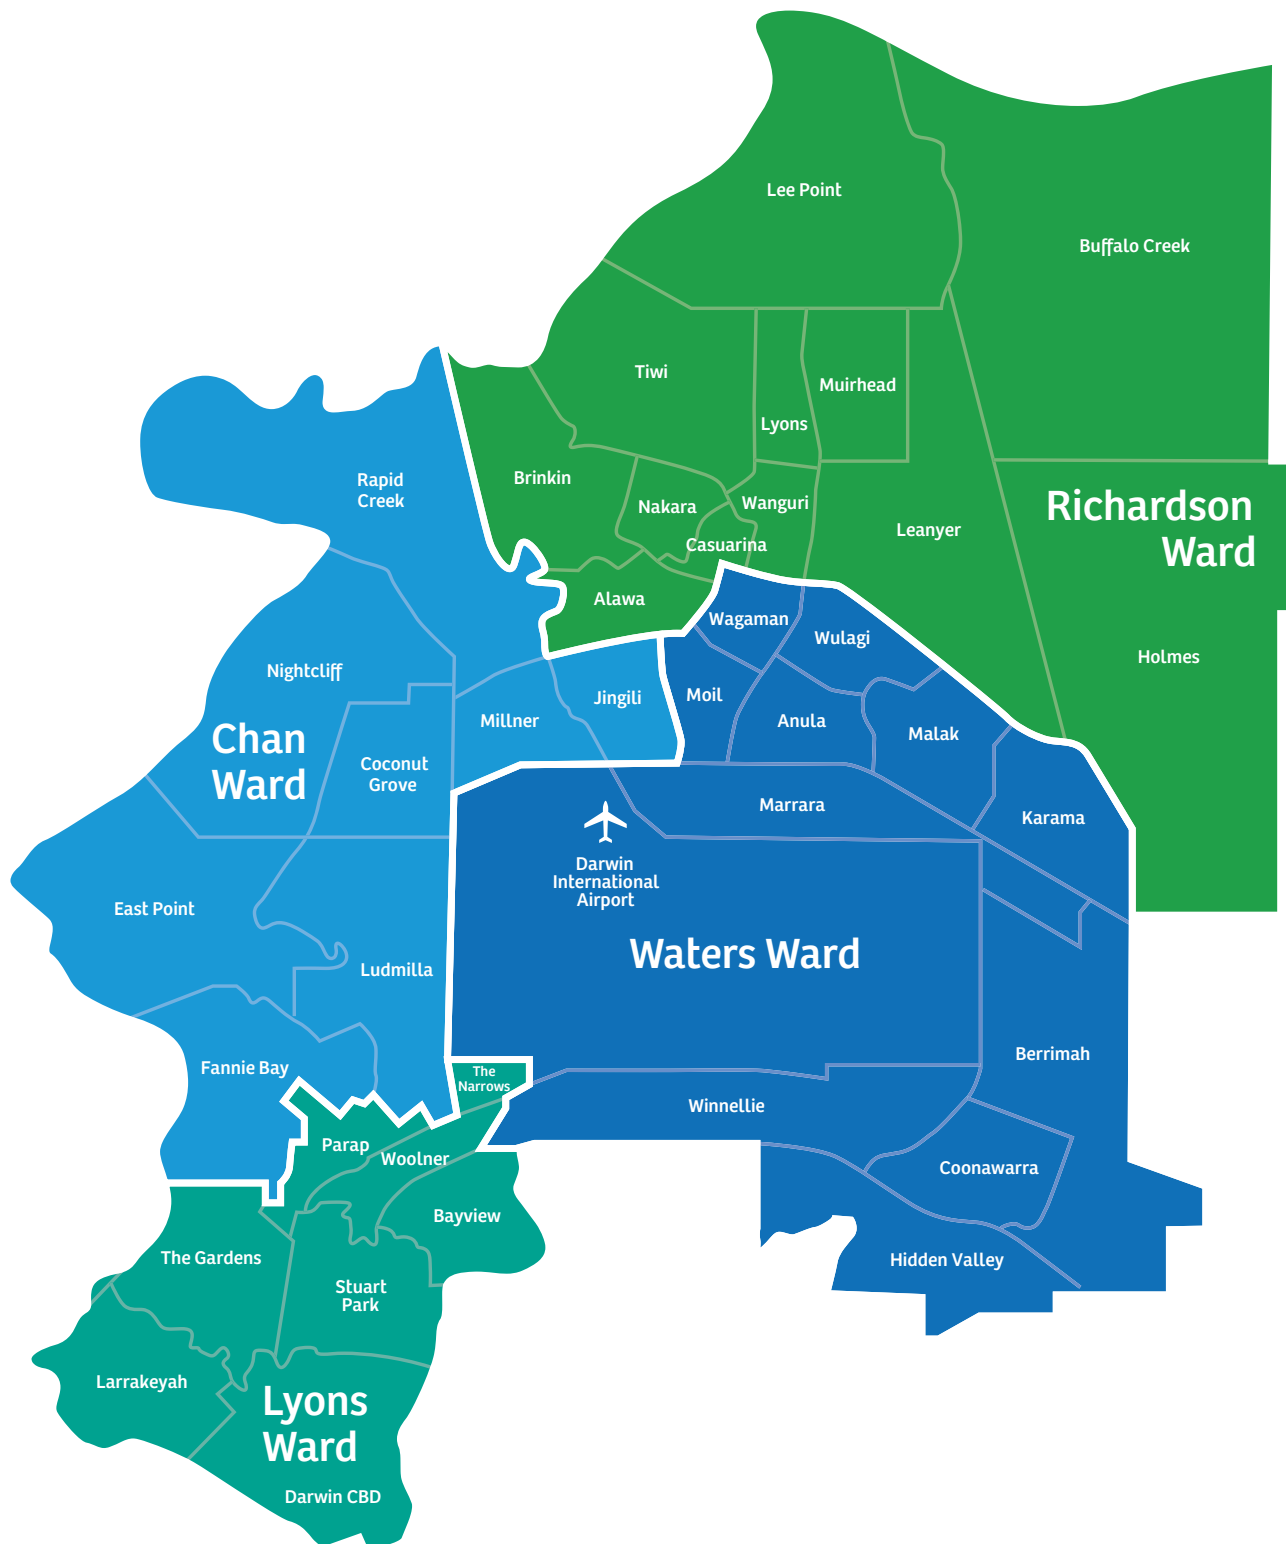

City of Darwin is seeking to capture the needs, values, and character of Darwin's people and neighbourhoods through a Place and Liveability Plan. The plan aims to create unique improvements to community infrastructure for the future that are also aligned with current strategies and Northern Territory Government planning regulations. It will be co-created with the residents of Darwin to ensure it can be understood, used, and owned by everyone in the community.

A multitude of innovative projects are underway as part of Darwin's strategic plans, however there is also a need to consolidate the current collection of projects into a more holistic roadmap for how Darwin can become a more liveable city for all in the coming decades. The plan will take a people-first approach to ensuring residents live close to experiences and services, ensuring shops, transport and facilities are easily accessible to all.

BETTER SUBURBS

City of Darwin is investing \$950,000 in the Better Suburbs program for 2024/25

These community-driven projects are championed by Elected Members and focus on streetscapes and community infrastructure to ensure City of Darwin continues to meet community expectations ensuring Darwin remains a vibrant, healthy, safe, and liveable city. City of Darwin's four wards, as well as the Lord Mayor, have each been allocated \$190,000 to achieve these goals.

LORD MAYOR

Contribution towards landscaping of Bradshaw Terrace medians

In collaboration with Richardson Ward a total of \$250,000 has been allocated towards the continuation of the Bradshaw Terrace streetscape beautification from Symes Street to Trower Road. Since first being announced in 2020, three packages of work have been completed to upgrade three medians.

Trower Road landscape design

A total of \$40,000 has been committed to develop a landscape design of the streetscape on Trower Road between Vanderlin Drive and Bradshaw Terrace. This project will involve detailed investigations to deliver pricing and design for delivery in a future financial year.

Lord Mayor, City of Darwin

WATERS WARD

Wagaman Oval surrounds upgrade

The Wagaman Oval surrounds is a district level park with plenty of potential. This year \$96,000 has been allocated towards the development and partial delivery of a master plan for the Wagaman Oval surrounds considering lighting, greening, additional park infrastructure, an exercise station, and improved pathways.

Park bollards in Malak

City of Darwin is committed to providing safe green spaces for the community. In early 2024 vehicle barrier bollards were installed at several locations in Malak to control vehicle access. This program will be expanded in 2024/25 with an additional \$30,000 being allocated to install bollards at Moody Court and Tymn Court.

Waters Ward speed check signs

Speed check signs are electronic traffic calming devices which record and display vehicle speeds and flash a 'slow down' message to speeding vehicles. These signs have been successfully used across the Darwin Municipality, targeting school zones and \$64,000 has been allocated for additional speed check signs on Parer Drive, adjacent to Casuarina Senior College and Brolga Street, adjacent to Wulagi Primary School to calm traffic and improve student safety.

CHAN WARD

George Park playground

Chan Ward has listened to residents and has committed \$65,000 towards installing a new, compliant playground in George Park with the remaining \$70,000 being provided by the playground replacement program.

Bagot Park greening and improvements

A key component of the Bagot Park master plan is the establishment of a planting buffer around the recreational area, and to support this a community planting day will be delivered at a value of \$20,000. To assist delivery of the *Movement Strategy* the Chan Ward will also be allocating \$32,500 towards installing drinking fountains and bike racks.

Camphor Street verge

The Chan Ward has identified \$15,000 for tree planting and grassing the verge on the corner of Camphor Street and Oleander Street in Nightcliff to improve the visual aesthetic of the area, reduce erosion, and discourage illegal parking on the verge.

Nightcliff Community Centre upgrades

A contribution of \$15,000 will be made towards upgrades for the Nightcliff Community Centre. The upgrades will see the common areas refurbished including the bathroom, kitchen, and meeting rooms.

Aralia Street upgrades

A total of \$30,000 has been allocated towards investigating, planning, and delivering upgrades for the Aralia Street shops. Potential inclusions are fairy lights on existing trees, painting existing infrastructure with local artwork, and providing permanent irrigation to existing garden beds. Planning will be undertaken in consultation with the Aralia Street traders.

Project development

Chan Ward has allocated \$12,500 towards investigating, designing and planning future projects. So far three projects have been identified: Rothdale Road landscape entry statements, Ken Waters Park pedestrian crossing to enable al fresco dining, and formalising additional parking on Aralia Street in Nightcliff next to Sunset Park.

LYONS WARD

Darwin city centre pathways and greening

\$175,000 has been allocated towards improving pathway surface treatments and planting trees in the Darwin city centre. City of Darwin will investigate an attractive tiled surface treatment, which can be installed on existing footpaths in the Darwin city centre to improve visual amenity and create a point of difference. City of Darwin will also contribute towards greening the Darwin city centre through strategic tree plantings.

Reflection seat

Lyons Ward is allocating \$15,000 towards installing a seat and associated plants near the Darwin Cenotaph car park to provide an area for people to sit and reflect as they look out over the Darwin Harbour. This is to support residents, especially veterans, in maintaining a positive outlook and good mental health.

RICHARDSON WARD

Nakara Oval storage shed

Richardson Ward is dedicated to supporting community activities and recreation and has chosen a project to promote a healthy and liveable city. A total of \$70,000 has been allocated to the construction of a storage shed at Nakara Oval to support organised recreation at the facility.

Alawa toilet mural

As part of the 2023/24 Better Suburbs program Richardson Ward undertook refurbishments to toilet blocks within the ward, and to complement this work an additional \$20,000 has been allocated towards commissioning a local artist to paint the exterior of the toilet block on Lakeside Drive in Alawa.

Contribution towards landscaping of Bradshaw Terrace medians

A contribution of \$100,000 has been allocated towards the continuation of the Bradshaw Terrace streetscape beautification from Symes Street to Trower Road.

ELECTED MEMBER ALLOWANCES

Elected Member allowances are set by the independent Northern Territory Remuneration Tribunal each year. The Report and Determination No. 1 of 2024 – Determination of Allowances for Members of Local Government Councils was made on 29 January 2024 and tabled in the Northern Territory Legislative Assembly on 14 February 2024.

The Determination sets the value of allowances for councillors, deputy principal members, and the principal member. Allowances are paid in accordance with City of Darwin Elected Members Expenses, Facilities and Support Policy. The annual councillor allowance has increased by \$775 while all other allowances remain at the 2023/24 level. Table 1 shows the maximum amount payable for the 2024/25 financial year.

Principal Member (Lord Mayor)	
Type of allowance	Principal member allowance from 1 July 2024
Principal Member allowance	\$127,200.00
Councillor allowance	\$31,775.00
Vehicle allowance	\$25,000.00
Professional development allowance	\$4,000.00
Deputy Principal Member (Deputy Lord Mayor)	
Type of allowance	Deputy principal member allowance from 1 July 2024
Deputy Principal Member allowance	\$23,800.00
Councillor allowance	\$31,775.00
Extra meeting allowance	Up to 2 hours \$200.00 Between 2 and 4 hours \$300.00 More than 4 hours \$500.00 (maximum payable for any one day) Capped at \$10,000 per financial year
Professional development allowance	\$4,000.00
Councillor	
Type of allowance	Councillor ordinary base allowance from 1 July 2024
Councillor allowance	\$31,775.00
Extra meeting allowance	Up to 2 hours \$200.00 Between 2 and 4 hours \$300.00 More than 4 hours \$500.00 (maximum payable for any one day) Capped at \$10,000 per financial year
Professional development allowance	\$4,000.00
Vehicle allowance	Capped at \$10,000.00 per financial year Travel exceeds 50km from home base Vehicle allowance will be in the form of kilometre allowance, at rates set by the Australian Taxation Office each year and is 85 cents a kilometre in 2023/24

LONG TERM FINANCIAL PLAN

City of Darwin's Long Term Financial Plan (LTFP) extends across a ten-year period and ensures we maintain a focus on managing our medium and long-term financial position, so that successive Councils inherit a financially sound organisation.

Given the changing nature of many of the assumptions, the LTFP is a living document that is periodically updated to ensure it remains fit for purpose. Unforeseen events, changes

in strategic direction or additional grants need to be evaluated in relation to the currency of the LTFP as seemingly minor changes may have a compounding effect on City of Darwin's capital plans.

The plan outlines the assumptions that the financial model is based on and the subsequent impact of those assumptions on future revenue, operational and capital expenditure.

Scan the QR code to view
City of Darwin's Long Term
Financial Plan.

ADVOCACY AND COLLABORATION

City of Darwin partners with a range of bodies to provide leadership; secure funding and investment; and influence policy outcomes with other tiers of government.

We maintain key partnerships and representation on the below groups:

Council of Capital City Lord Mayors (CCCLM)

CCCLM provides a national corporate entity for the effective coordination and representation of the interests of Australia's capital cities in their relations with other spheres of government. CCCLM contributes to national policy priorities for economic development, housing and homelessness, infrastructure, climate action and city resilience, and facilitates political and stakeholder engagement activities with Australian Government members.

Australian Local Government Association (ALGA)

City of Darwin is a member of ALGA, which is the national voice of local government representing 537 councils across Australia. ALGA provides a local government perspective on national affairs, as well as providing submissions and representation to government and parliamentary inquiries and national bodies. The Lord Mayor of City of Darwin is a board member of ALGA.

Local Government Association of the Northern Territory (LGANT)

The peak body representing the local government sector in the Northern Territory. LGANT advances the interests of local government in the Northern Territory through policy development, advocacy, representation, training, capacity building and support. The Lord Mayor of City of Darwin is the president of LGANT.

Top End Regional Organisations of Council (TOPROC)

TOPROC comprises seven Top End councils that represent around 60 per cent of the Northern Territory's population: Belyuen Community Government Council, City of Darwin, City of Palmerston, Coomalie Community Government Council, Litchfield Council, Tiwi Islands Regional Council and Wagait Shire Council. It is committed to the sustainable development of our Greater Darwin region and progresses common issues.

OUR SERVICE DELIVERY

Corporate structure

Operating on a four-hub structure including the Office of the Lord Mayor and Chief Executive Officer (OLMCEO), has allowed City of Darwin to be aligned to the council functions and objectives in the *Local Government Act 2019*. This has created a more agile organisation focused on collaboration and streamlined decision making to ultimately deliver better services to our community.

HOW OUR SERVICES ARE STRUCTURED

In developing the budget, Council considers where the organisation sits on the path towards achieving the Darwin 2030 strategic plan. Lord Mayor and Councillors set the strategic direction for the services City of Darwin provide over the coming year and the projects, programs and initiatives resourced for delivery as a priority for the community.

The CEO manages implementation, delivery and performance reporting to Council and community throughout the year.

OUR DELIVERY COMMITMENTS

Council sets an annual budget to resource a program of key deliverables and the indicators by which the standard of City of Darwin's performance will be assessed. The key performance indicator for each of City of Darwin's 2024/25 deliverables is the completion of these actions.

Officers work throughout the year to deliver on these commitments and provide regular reporting to Council and the community on the progress, performance, and any issues arising.

Mindil Beach

SD1 - A CAPITAL CITY WITH BEST PRACTICE AND SUSTAINABLE INFRASTRUCTURE

By 2030, a number of strategic infrastructure projects will be developed and delivered

2024/25 Deliverables	Hub	Program Lead
Deliver the 2024/25 capital works program	Corporate	Infrastructure
Deliver the 2024/25 Better Suburbs and enhancement projects	Corporate	Infrastructure
Deliver the 2024/25 asset condition assessments for City of Darwin's stormwater infrastructure	Corporate	Infrastructure
Deliver the 2024/25 milestones for the Civic Centre redevelopment project	Corporate	Infrastructure
Commence the 2024/25 components of the Smith Street streetscaping project	Corporate	Infrastructure
Complete a wayfinding and interpretative signs audit	Innovation	Growth and Economic Development
Deliver asset management plans for asset categories pathways and transport	Corporate	Infrastructure

SD2 - A SAFE, LIVEABLE AND HEALTHY CITY

By 2030, Darwin will be a safer place to live and visit

2024/25 Deliverables	Hub	Program Lead
Deliver the 2024/25 animal management program and services	Community	Regulatory Services
Deliver the Making Mindil Safe project – stage 2 lighting	Innovation	Technical Services

By 2030, Darwin will be increasingly recognised as a liveable city

2024/25 Deliverables	Hub	Program Lead
Complete stage 1 of the Bundilla Beach Revitalisation project	Corporate	Infrastructure
Complete the Chapel Lane revitalisation project	Corporate	Infrastructure
Finalise the design for a regional playground in the Waters Ward	Corporate	Infrastructure
Deliver a new footbridge at Jingili Water Gardens	Corporate	Infrastructure
Deliver the 2024/25 <i>Movement Strategy</i> annual actions	Innovation	Growth and Economic Development
Develop a Place and Liveability Plan	Innovation	Growth and Economic Development
Participate in City Deal initiatives, including the State Square and Civic Precinct Redevelopment	Innovation	Growth and Economic Development

SD3 - A COOL, CLEAN AND GREEN CITY

By 2030, Darwin will be recognised as a clean and environmentally responsible city

2024/25 Deliverables	Hub	Program Lead
Deliver the 2024/25 <i>Greening Darwin Strategy</i> annual funded actions	Community	Operations
Deliver the Stage 2 Inert Cell Expansion at Shoal Bay Waste Management Facility	Corporate	Infrastructure
Deliver the 2024/25 <i>Climate Strategy</i> annual funded programs	Innovation	Environment, Climate and Waste
Deliver the 2024/25 <i>Waste Strategy Management and Resource Recovery Strategy</i> annual funded programs	Innovation	Environment, Climate and Waste
Partner with City Deal partners to deliver the <i>Heat Mitigation and Adaptation Strategy</i> and Urban Living priorities	Innovation	Environment, Climate and Waste
Deliver a composting facility at Shoal Bay Waste Management Facility	Innovation	Environment, Climate and Waste

SD4 - A SMART AND PROSPEROUS CITY

By 2030, Darwin will be recognised globally as a smart city

2024/25 Deliverables	Hub	Program Lead
Deliver 2024/25 outcomes from the ICT Roadmap including design for a customer relationship management system, and a learning management system	Corporate	ICT Project Management Office
Deliver 2024/25 components of the Smart City Initiatives	Innovation	Digital Innovation

By 2030, Darwin will have attracted and retained more residents and will offer sustainable investment opportunities

2024/25 Deliverables	Hub	Program Lead
Promote Darwin as a great destination to live, work, study, visit and invest through various channels	Innovation	Growth and Economic Development
Deliver an International Relations Program	Innovation	Growth and Economic Development
Deliver the Economic Development Action Plan 2024-2026	Innovation	Growth and Economic Development
Develop a Sister Cities Action Plan 2024-2026	Innovation	Growth and Economic Development
Develop an Investment Prospectus	Innovation	Growth and Economic Development

SD5 - A VIBRANT AND CREATIVE CITY

By 2030, Darwin will be recognised as an iconic destination

2024/25 Deliverables	Hub	Program Lead
Develop a Darwin place brand	Innovation	Growth and Economic Development
Deliver a City of Darwin annual events program and events management, including partnering with NTG to deliver the Christmas pageant	Innovation	Growth and Economic Development

By 2030, Darwin will be a more connected community and have pride in our cultural identity

2024/25 Deliverables	Hub	Program Lead
Deliver the 2024/25 Community Grants Program to support and enable community events and programs including those celebrating culture, arts and diversity	Community	Community and Cultural Services
Deliver the 2024/25 <i>Youth Strategy</i> annual actions	Community	Community and Cultural Services
Deliver a Cyclone Tracy Monument	Corporate	Infrastructure
Deliver the Cyclone Tracy commemoration program	Innovation	Growth and Economic Development
Complete a heritage audit of City of Darwin assets, including an assessment on best use of public assets	Innovation	Growth and Economic Development
Deliver the 2024/25 communications, media and marketing program	OLMCEO	Marketing, Communications and Engagement
Increase City of Darwin workforce and elected members presence at Reconciliation and NAIDOC Week events, publicly demonstrating our joint commitment to Reconciliation and the celebration of First Nations people	Community	Community and Cultural Services
City of Darwin will work in partnership with Larrakia representative organisations and First Nations providers to create opportunities for our workforce and elected members to engage in training, education and awareness of Larrakia and First Nations history and culture	Community	Community and Cultural Services

Deliver the 2024/25 internal audit program	Corporate	Corporate and Customer Service

BUDGET

Council’s 2024/25 balanced budget focusses on maintaining service levels whilst continuing to deliver and invest in its key strategies.

Council continues to invest in community infrastructure, with a capital budget of over \$61 million proposed. This investment is to ensure that City of Darwin’s overall asset base of over \$1.29 billion is fit for purpose and at a standard to meet community expectations. The 2024/25 capital budget includes progressing the multi-year Civic Centre redevelopment and parking project and to fund this important investment, Council is using its reserves.

The general rate pool has been increased by four per cent, which is currently below the prevailing CPI level. The rate increase is in line with the Long Term Financial Plan increase, which has been carefully developed to ensure City of Darwin’s long term financial sustainability. This increase in rates also helps to offset the increase in the costs that City of Darwin incurs to deliver its day-to-day services to the community in a continually challenging economic environment. A four per cent rate increase to an average single dwelling property is \$70.15 per year or \$1.35 per week, and including the annual waste levy, the overall indicative increase for an average property is \$1.67 per week.

2024/25 operating budget overview

The operating budget provides details of the income receives to fund its operations and the expenses it incurs in delivering services to the community.

ANALYSIS OF OPERATING BUDGET

Income

Where the funds come from

Operating income (excluding income for capital purposes)

2024/25 total operating income \$131.79 million

Figure 1 2024/25 operating income
(Excluding income for capital purposes)

Table 2 2024/25 operating income
(Excluding income for capital purposes)

Draft annual budget income

Operating Income	Budget 2024/25 \$'000	Original Budget 2023/24 \$'000	\$ 2023/24 - Variance to - \$'+INC (-DEC)	% 2023/24 \$'+INC (-DEC)
Rates	78,596	75,118	3,478	4.6%
Charges	9,876	9,406	470	5.0%
Statutory charges	2,539	2,338	201	8.6%
User fees and charges	28,337	29,532	(1,195)	-4.0%
Operating grants and subsidies	6,551	6,116	435	7.1%
Interest/investment income	3,513	3,104	409	13.2%
Commercial and other income	2,377	2,151	226	10.5%
Total income	131,790	127,765	4,025	3.2%

The above chart and table show where City of Darwin generates the income that it needs to service the community and renew and increase its asset base.

As is true for most local governments, rates are the backbone of revenue and the most crucial aspect in terms of financial sustainability, giving Council control over how much it needs to generate to meet the community needs whilst balancing out the social and economic costs of increasing taxes. Rates contribute to everything City of Darwin provides from parks and reserves to roads and footpaths, libraries and recreational facilities amongst a list of other important services.

User fees and charges also contribute a significant revenue stream for the city. The majority of these fees relate to the operation of the Shoal Bay Waste Management Facility, the only waste facility in the Top End serving several local government areas. The fees received from this facility are solely spent on the operations at the site, invested into capital or set aside for remediation works. City of Darwin has an obligation to ensure that the site is remediated upon closure and that the environment is protected from damage now and into the future.

Operating and capital grants

City of Darwin continues to engage with both the Australian and Northern Territory Governments to maximise the funding that it receives through grants. Through these relationships, City of Darwin is able to provide additional services and bring forward key infrastructure projects for the Darwin Municipality that would otherwise be delayed or be unable to be funded in the near term. The budget anticipates \$6.5 million in operating grants and \$3.3 million in capital grants. Operating grants include Financial Assistance Grant, Public Library Services grant, Fun Bus, and the Mosquito Control subsidy. Capital grants anticipated include \$3 million Roads to Recovery funding and \$0.3 million for the Cyclone Tracy Monument.

Through its ongoing advocacy and engagement efforts with the Australian and Northern Territory Government, City of Darwin continues to seek new sources of funding and apply for grants when opportunities arise throughout the year.

EXPENDITURE

Where the income goes

Comparison to last year's budget

Expenditure 2024/25 \$140.75 million

Materials, contracts and services	\$61.15m
Employee expenses	\$42.54m
Depreciation, amortisation and impairment	\$32.52m
Interest expenses	\$3.72m
Elected member expenses and allowances	\$0.82m

Figure 2 2024/25 operating expenses

Table 3 2024/25 operating expenses

Operating expenses	Budget 2024/25 \$'000	Original Budget 2023/24 \$'000	\$ 2023/24 - Variance to - \$'+INC (-DEC)	% 2023/24 \$'+INC (-DEC)
Employee expenses	42,535	40,560	1,975	4.9%
Materials, contracts and services	61,147	61,477	(330)	-0.5%
Elected member allowances	800	795	5	0.6%
Elected member expenses	12	64	(52)	-80.6%
Council committee allowances	10	10	0	0.0%
Depreciation, amortisation and impairment	32,524	32,425	99	0.3%
Interest expenses	3,722	3,948	(226)	-5.7%
Total expenses	140,751	139,279	1,472	1.1%

The above chart and table show on what categories City of Darwin spends most of its money.

Materials and contracts is the largest category of expenditure and encompasses a wide variety of services that City of Darwin contracts out. The largest area within the category is waste management and represents the domestic waste collection across the municipality and the operation of the Shoal Bay Waste Management Facility. Generally, these costs continue to rise for City of Darwin as the inflation rate remains high as does the cost of labour for our suppliers. Fortunately, for the 2024/2025 financial year there have been savings (offset by revenue reductions) identified for the Shoal Bay Waste Management Facility as waste diversion tactics are improving.

Employee costs are City of Darwin's second largest expense and represent the cost of City of Darwin's 380+ strong work force in delivering front line services, support services and administration services that ensures great customer service and compliance with all applicable legislation and requirements for local government.

Depreciation is a non-cash expense, that is, City of Darwin does not need to pay money out of the bank for this expense. It is an expense that, based on engineering data, theoretically shows the dollar value of the deterioration of City of Darwin's assets due to both use and age. In an ideal budget, the level of capital expenditure should match depreciation to ensure assets remain at the same standard and not degrade over time.

CAPITAL WORKS

Delivering for our community

Each year City of Darwin embarks on an ambitious program of capital works. It is the income streams of rates, grants, charges and external borrowings that fund the vast network of Council infrastructural costs.

The use of external debt to fund capital projects is a tool Council uses to maintain intergenerational equity, which means allocating the costs of funding assets to the future community who will benefit from the project.

We build and maintain the assets that support liveability in Darwin as we strive to meet community expectations for the level of amenity a modern city provides.

The program includes a broad range of categories.

Figure 3 Capital works by asset category

Parking	\$26.00m
Buildings and structures	\$15.23m
Roads and pathways	\$8.14m
Recreational	\$3.43m
Plant and equipment	\$3.34m
Stormwater infrastructure	\$2.04m
Waste management	\$0.92m
Street and public lighting	\$0.84m
Public art	\$0.77m
Environmental	\$0.35m

BUDGETED FINANCIAL STATEMENT 2024/25

The Annual Budget is presented in the new required format of Guideline 5: Budgets of the *Local Government Act 2019*. Budget financial statements for 2024/25 on the following pages are:

A. Annual budget income and expenditure

This statement outlines:

- All sources of Council's operating income
- All operating expenses. These expenses relate to Council operations and do not include capital expenditure. Depreciation, being the annual allocation of wear and tear on assets included and is a non-cash item.

The Net Operating Surplus/(Deficit) for the year is a measure of Council's financial performance. This figure is determined by deducting total operating expenses from total operating income.

B. Annual budget operating position

This statement summarises the actual flows of funds for the year and is crucial in explaining how Council meets its statutory obligation of having a balanced budget. The statement also explains the change in the cash / funds balance held from the start of the year through to the end of the year. The report shows where City of Darwin received its cash / funds from and what it plans to spend it on.

C. Budgeted statement of financial position

The statement of financial position details what City of Darwin owns (assets) and what it owes (liabilities) at a point in time. In this case, as at 30 June 2025. City of Darwin's net worth is determined by deducting total liabilities from total assets, this is City of Darwin's equity. The larger the equity, the more assets City of Darwin owns outright.

D. Budgeted statement of reserves

This statement provides details of City of Darwin's reserve balances at the start of the year and the transfer from / to reserves for the year. These reserves represent part of the cash assets and investments balance shown on the balance sheet, as they are cash-backed. They are generally held to provide for the future upgrade or provision of new infrastructure and assets.

E. Budgeted statement of borrowings (external and internal)

This statement provides details of City of Darwin's existing borrowings as well as any proposed new borrowings. City of Darwin's borrowing policy describes the set of circumstances under which new borrowings can be considered.

F. Capital expenditure and funding

This statement outlines Council's planned capital expenditure for the year by asset class. The statement projects the capital expenditure for the following 4 years and how it is intending to fund this capital investment.

G. Planned major capital works and projected costing

This statement outlines major capital works projects that are either in progress, that will continue over more than one financial year or will be completed in the 2024/25 financial year. City of Darwin's minimum major projects threshold is \$5 million.

Budget assumptions

A budget is an estimation on the income and the expenses that City of Darwin is expected to incur in the forthcoming year, consequently a number of assumptions for uncertain conditions must be made in order to develop an achievable target.

One of the main assumptions applied at City of Darwin is that the service delivery levels (with the exception of new initiatives) to the community remains at the same level and standard as the current year. This has been undertaken in a climate of economic uncertainty, with continuing high levels of inflation and labour costs in Australia. This both directly and indirectly impacts the costs to City of Darwin to deliver these services and estimations based on the nature and type of service have been included in the budget to ensure continued quality service delivery.

To find efficiencies and savings to help offset the expected rise in costs, Council has reviewed each individual program, and increased the budget only where it is deemed justifiable and has applied an employee vacancy factor of 1.5 per cent across City of Darwin to account for usual staff turnover.

City of Darwin has also assumed that demand for its 'user pay' services, with particular reference to city parking and waste disposal at Shoal Bay Waste Management Facility, remains consistent with the current trends, resulting in a decrease in expected waste tonnage into Shoal Bay as waste diversion tactics are improving.

As economic conditions remain uncertain for 2024/25, City of Darwin will be vigilant in reviewing actual expenses incurred closely against this budget and make necessary amendments and any required rectification actions as needed to ensure continued responsible financial management of community assets and services.

OUR RATING STRATEGY

Rating strategies

City of Darwin has adopted a rating strategy covering the 2024/25 financial year with the goals of:

- Delivering projects and services within a financially sustainable framework
- Serving community needs and expectations in delivering priority capital works
- Setting out the principles considered by Council in deciding on the mix of rates and annual charges
- Consideration of future Councils' needs to fund ongoing maintenance, replacement and rehabilitation.

Rating principles

Council's rate setting and charging structure are based on the following principles:

- **Equity:** defined as broad based and reasonable stakeholder acceptance of each rate or charge structure, derived from a balance of the principles and user pays versus capacity to pay (or deemed capacity to pay) on a case-by-case basis.
- **Effectiveness / efficiency:** defined as meeting the financial, cultural, social, economic, environmental or other corporate objectives of the Council as stated in its long-term plans or policies.
- **Simplicity:** to ensure widespread community of stakeholders understanding and minimise perceived inequities and hidden costs of a complex system.
- **Sustainability:** revenue decisions support the financial strategies for the delivery of infrastructure and services identified in Council's long-term planning

Rates inclusions

In collating and refining the budget, Council is supported by the CEO and finance team in a series of workshops over many months to:

- Examine the social context of the community, its needs, priorities and expectations
- Discuss the economic context of its ratepayer base and business community
- Consider NT Government Department of Treasury and Finance public economic outlook
- Gain an awareness of the Long Term Financial Plan
- Consider and align to future plans of other tiers of government including their estimates for population growth
- Review the mix of services, capital works and other priority initiatives it wants to deliver for the coming year. Together, these elements are considered to arrive at a final program to be funded from rates.

Throughout the year a regime of monthly and quarterly financial reporting which includes cashflow and debtor trends is provided to Council. Carry forward recommendations from officers and a budget variations process include the formal adoption of changes by Council.

Together these transparent governance practices stimulate regular conversations relating to the social and economic effects of the budgeted rating strategy.

RATES AND CHARGES

Rates and charges by major category

Figure 4 Rates and charges by major category

Table 5 Rates and charges by major category

The Northern Territory Valuer General undertakes valuations every three years and the 2024/25 budget year is the first year of the new land valuation cycle. The changes in valuation do not increase the rate pool, but they do redistribute it across the municipality based on the unimproved capital value of the property. An increase or decrease in valuation does not automatically mean a corresponding change in a property’s rate, as it depends on a change of valuation relative to the whole municipality for similarly zoned properties.

For the 2024/25 financial year, City of Darwin proposes to increase the revenue generated by general rates by four per cent, which is below the current CPI rate. City of Darwin is not immune to the effects of inflation and has experienced significant cost increases to its services, however Council is mindful of the challenges of the wider community and has taken a measured approach to the increase, carefully weighing up the cost to the community against the benefit of the services to the community.

The general rates on the average valued single dwelling property are expected to be \$1,862.61 or \$35.82 per week. This is an increase of \$1.35 per week compared to the 2023/24 financial year.

The kerbside garbage collection charge increase reflects the cost of collection and contributes towards the current and future costs of operating, maintaining and rehabilitating the Shoal Bay Waste Management Facility. It has been proposed to meet these costs by increasing the levy by \$16.68 per annum to \$350.36, or an increase of \$0.32 per week.

Combining both the rates and the annual waste levy, an average valued single dwelling property can expect to pay \$2,212.97 per annum, or \$42.56 per week. An increase of just \$1.67 per week compared to the 2023/24 financial year.

Annual kerbside garbage collection and recycling service	333.68	350.36	16.68	5
Combined rates and kerbside waste collection	2,126.14	2,212.97	86.83	4
Combined amount per week	40.89	42.56	1.67	4

General rates

A differential general rate shall be levied on all rateable properties based on the unimproved capital value (UCV) of the land falling within the above Town Planning Zones under the Northern Territory Planning Scheme as referred to in the *Planning Act 1999*.

Other rates

The municipal parking rate is assessed and levied in accordance with the *Local Government (General) Regulations 2021*.

The municipal parking rate may be levied on all land within Central Darwin as defined in Part 4 of the Regulations and as published in the parking usage schedule, available for inspection at City of Darwin's offices.

The proceeds of the municipal parking rate are used for the provision, operation and maintenance of land, facilities, services and improvements in relation to the parking of vehicles in Central Darwin.

Waste management charges

City of Darwin residents are provided with domestic waste and recycling collection services, the annual pre-cyclone clean up and free disposal of domestic quantities of household waste (up to 200kg per load) in a non-commercial vehicle via Shoal Bay Waste Management Facility access tags.

Both the domestic and commercial waste management fees for 2024/25 are published in the Fees and Charges booklet, and in the back of the Municipal Plan.

Waste management charges support both operational costs and the significant capital investments that support environmental compliance and long-term sustainability of Shoal Bay Waste Management Facility.

A. Annual budget income and expenditure

Annual budget income and expenditure	Budget 2024/25 \$'000	Original budget 2023/24 \$'000
Operating income		
Rates	78,596	75,118
Charges	9,876	9,406
Statutory charges	2,539	2,338
User fees and charges	28,337	29,532
Operating grants and subsidies	6,551	6,116
Interest/investment income	3,513	3,104
Commercial and other income	2,377	2,151
Total income	131,790	127,765
Operating expenses		
Employee expenses	42,535	40,560
Materials, contracts and services	61,147	61,477
Elected member allowances	800	795
Elected member expenses	12	64
Council committee allowances	10	10
Depreciation, amortisation and impairment	32,524	32,425
Interest expenses	3,722	3,948
Total expenses	140,751	139,279
Budgeted operating surplus/ (deficit)	(8,961)	(11,514)

* Numbers in statements may include minor rounding differences

B. Annual budget operating position

Annual budget operating position	Budget 2024/25 \$'000	Adopted budget 2023/24 \$'000
Operating result from income statement	(8,961)	(11,514)
From operating activities		
Add back other non cash items	1,402	904
Add back depreciation (non cash)	32,524	32,425
Total non cash items	33,926	33,329
Less additional outflows		
Capital expenditure	(61,054)	(19,020)
Repayment of borrowings and advances	(4,422)	(5,614)
Total additional outflows	(65,476)	(24,634)
Add additional inflows		
Receipts:		
Capital grant and contribution income	3,500	952
Sale of infrastructure, property, plant and equipment	500	500
Net transfers from (-to) reserves	36,511	1,367
Total additional inflows	40,511	2,819
Net budgeted operating position	0	0

*Numbers in statements may include minor rounding differences

C. Budgeted statement of financial position

Budgeted statement of financial position As at 30 June 2025	Budget 30/6/2025 \$'000	Audited 30/6/2023 \$'000
Current assets		
Cash and investments – unrestricted	17,482	31,502
Cash and investments – externally restricted	19,753	37,297
Cash and investments – internally restricted	11,829	56,229
Trade and other receivables	15,770	14,372
Inventories	300	267
Total current assets	65,134	139,667
Non current assets		
Infrastructure, property, plant and equipment	1,293,686	1,252,204
Total non current assets	1,293,686	1,252,204
Total assets	1,358,819	1,391,871
Current liabilities		
Trade and other payables	21,438	22,904
Borrowings	4,974	4,897
Provisions	7,583	7,079
Lease liabilities	979	922
Total current liabilities	34,973	35,802
Non current liabilities		
Trade and other payables	-	12
Borrowings	46,925	57,821
Provisions	56,784	54,401
Lease liabilities	571	2,411
Total non current liabilities	104,279	114,645
Total liabilities	139,252	150,447
Net assets	1,219,567	1,241,424
Equity		
Accumulated surplus	325,857	285,770
Asset revaluation reserve	862,128	862,128
Other reserves	31,582	93,526
Total equity	1,219,567	1,241,424

* Numbers in statements may include minor rounding differences

D. Budgeted statement of reserves

Externally restricted reserves \$'000 for the year ended 30 June 2025	Opening balance budget \$	Transfers to (- from) \$	Closing balance budget \$
CBD carparking shortfall – developer cont.	14,101,292	-11,675,948	2,425,344
CBD carparking shortfall – rate levy	17,066,551	-12,406,345	4,660,206
Developer contributions	1,758,131	83,565	1,841,696
Highway/commercial carparking shortfall	55,103	2,204	57,307
Market site development	593,270	66,283	659,553
Other carparking shortfall	402,034	16,081	418,115
Unspent grants	10,195	0	10,195
Waste management	588,871	2,679,453	3,268,324
Waste remediation	4,770,123	1,642,000	6,412,123
Total externally restricted reserves	39,345,570	-19,592,707	19,752,863

Internally restricted reserves \$'000	Opening balance budget \$	Transfers to (- from) \$	Closing balance budget \$
Asset replacement and refurbishment	4,219,540	-660,837	3,558,703
Carry forward	1,145,000	-900,000	245,000
Disaster contingency	2,404,428	120,221	2,524,649
Election expense	348,490	130,000	478,490
Environmental	44,164	0	44,164
IT strategy	1,206,485	0	1,206,485
Nightcliff community hall	115,803	-115,803	0
Off and on street carparking	136,112	579,834	715,946
Plant and vehicle replacement	4,556,883	-1,671,863	2,885,020
Public art	470,911	-300,000	170,911
Sale of land	14,100,000	-14,100,000	0
Total internally restricted reserves	28,747,817	-16,918,447	11,829,369
Total all reserves \$	68,093,387	-36,511,154	31,582,232

1. Opening balance as at 2nd budget review 2023/24 with known/pending adjustments

2. Reserves with nil budgeted balances and movements are not listed

3. Numbers in statements may include minor rounding differences

The purpose of reserve funds in general is to:

- Ensure, where applicable, that funds are held separately and only utilised for the proper legal purposes. The main examples of such funds are developer contributions for specific purposes.
- To assist the Council to avoid sudden changes in rates and enable a stable pricing path throughout its long-term financial plans.
- To provide a contingency or provision for unexpected events such as natural disasters, cyclones or events that are likely to take place by cannot be predicted reliably into any particular year.

The opening balances in 2024/25 Budgeted Statement of reserves are projected as at 30/06/2024.

Only those reserves with an anticipated opening balance above zero or known movements to occur are included in the 2024/25 budget. As outlined in Council Policy 3010.100.E.R Financial Reserve Policy, reserves may be deactivated and reactivated from time to time where there is a nil balance or a Council resolution.

E. Budgeted statement of external borrowing

Statement of external borrowing for the year ending 30 June 2024		\$000's
Loans		
Opening balance		56,321
Principal repayments		4,422
Closing balance		51,899

Table of internal loans

Loans by function/service																
Name	Original amount \$	Date borrowed	Term/ yrs	Interest rate	No. Repymts PA	P+I \$ 2024/25	Reserve lent from	Purpose	Opening balance \$	Principal raised	Principal repaid \$	Closing balance \$

**Previous allocated budget includes original budgets, any amendments to the project budget but excludes transfers to carryover reserves.

^ Project to be undertaken in two phases. Phase 1 is expected to be undertaken in 2023-24, and Phase 2 in 2025-26.

2024/25 ANNUAL BUDGET KPIS

Budgeted financial key performance indicators (KPIs)

% of rate debtors outstanding	Target	Actual 2022/23	Budget 2023/24	Budget 2024/25
	<5%	5.8%	6.6%	6.3%

This indicator is designed to measure Council's effectiveness in recovering debts legally owed to it.

Debt servicing ratio	Target	Actual 2022/23	Budget 2023/24	Budget 2024/25
	<10%	3.8%	6.8%	5.1%

This indicator is designed to show what proportion of revenue is required as a commitment to fund Council's loan repayments. Finance costs excludes interest expense of unwinding Waste remediation liabilities as a non cash item.

Liquidity ratio – unrestricted	Target	Actual 2022/23	Budget 2023/24	Budget 2024/25
	≥1.50	2.86	2.16	1.3

This indicator is designed to measure whether Council has the ability to pay its debts as they fall due expressed as a factor of one; (current assets minus externally restricted reserves)/current liabilities.

Rates ratio	Target	Actual 2022/23	Budget 2023/24	Budget 2024/25
	60%-70%	61.1%	60.7%	62.9%

This indicator is designed to measure Council's ability to cover its day to day expenses through its own tax/rates and annual charges.

Operating surplus/(deficit)	Target	Actual 2022/23	Budget 2023/24	Budget 2024/25
	Break-even	(\$13.10M)	(\$11.51M)	(\$8.96M)

This indicator is designed to provide information on the result of ordinary operations including depreciation, which is a non cash expense. Council does not fund depreciation rather it funds the capital expenditure program.

Operating surplus before depreciation	Target	Actual 2022/23	Budget 2023/24	Budget 2024/25
	\$25M - \$35M	\$22.2M	\$20.9M	\$23.6M

This indicator is designed to provide information on the result of ordinary operations before depreciation, which is a non cash expense. Excluding depreciation gives the amount of operating income over and above operating expenses that is available to fund capital expenditure.

Asset sustainability ratio*	Target	Actual 2022/23	Budget 2023/24	Budget 2024/25
	100%	40.3%	33.3%	38.6%

This indicator is designed to indicate the extent to which Council is renewing its assets. A ratio of 100% or more indicates that Council spends at least the amount of depreciation each year on renewing assets. Depreciation is an annual estimated consumption that does not necessarily reflect the renewal spend actually required each year. Council is currently updating the asset management plans which will provide the appropriate annual renewal targets. Depreciation in the calculation excludes Right of Use assets.

* The asset sustainability ratio for 2024/25 may be higher, following designs for the Civic Centre and carparking project where it is clearer identified what would be considered a new asset as opposed to a replacement.

*Targets are as per the Long Term Financial Plan 2023-2033 and City of Darwin's borrowing policy

ABOUT THIS MUNICIPAL PLAN

Each year the Municipal Plan is developed by Councillors under the leadership of the Lord Mayor. It establishes the strategic direction, resourcing, funds available and income streams for the coming year to deliver programs, projects and actions that work towards achieving the 2030 vision.

It is Council's commitment to the community, Minister and Agency about the annual strategic resourcing decisions it has decided as the next steps towards achieving the adopted long term strategy, Darwin 2030: City for People. City of Colour.

Inspections for proposed works as a condition of works permits	97		
Works within road reserve	97		
Works within road reserve	98		

The following general conditions apply to all City of Darwin fees and charges.

GENERAL CONDITIONS

Fees

Within this document facility hire states three levels of fees.

These are:

- the full fee payable,
- the concessional fee for regular weekday use by not-for-profit community organisations, and
- a concessional fee for either one-off events on Friday evenings or weekends, or events which span more than the sessional use specified.

Not-for-profit organisations' requests for concession fees to be negotiated must be in writing.

Not-for-profit organisations

The definition for eligibility for concession fees is:

A self-help group (not operated by commercial interests and stated as not-for-profit by statutory declaration), or a not-for-profit community organisation (incorporated under the Associations Incorporations Act).

Pensioner concessions

Some fees and charges within this document allow a concession for pensioners. All people seeking such concession must provide appropriate proof of eligibility, such as a Commonwealth Health Care Card, or a Northern Territory Pensioner Concession Card.

Indemnity

Organisations hiring City of Darwin facilities are required to have public liability insurance cover.

Groups and individuals without their own public liability insurance must be aware that City of Darwin will not be held liable for any accident occurring through the actions or negligence of group members or guests.

Credit card surcharge

City of Darwin may impose a surcharge of 0.4% on payments made using a credit card.

GENERAL CONDITIONS (cont'd...)

Responsibility for damage to City of Darwin property

The cost of damage to City of Darwin property will be recovered from the party responsible. In the case of hire of City of Darwin property, the hirer will be held responsible and in the case of a permit/licence, the permit/licence holder will be held responsible.

The cost of repairs will be calculated as the:

- Actual invoiced cost to City of Darwin of materials and services used plus cost of City of Darwin labour, plant and stores used, including overheads.
- Total cost to be recovered will be the costs above plus 15%.

Seasonal oval allocations

City of Darwin ovals are made available for sporting organisations to use for wet and dry season competition, training and pre-season use.

- Seasons: wet season 1 October to 31 March
 dry season 1 April to 30 September

In the first instance City of Darwin allocates ovals through peak sporting bodies so that they may then arrange club fixtures.

The definition of a peak sporting body is:

- An organisation representing the interests of those involved in the nominated sport and one affiliated with a national body that recognises the peak body for the sport in the NT.
- A peak body will also be registered as an incorporated body with the Department of Territory Families, Housing and Communities and hold a current public liability insurance policy.

Single use plastics

In January 2019, City of Darwin implemented a ban on all single use plastics at City of Darwin events and events held on City of Darwin land including markets. These changes have been implemented to reduce the amount of single use plastic used and protect Darwin's unique environment.

The ban on single use plastics relates to all City of Darwin permits and leases and these were updated from 1 January 2019 to reflect this change. Further information on how to conduct an event without single use plastics is available at www.darwin.nt.gov.au

ADMINISTRATION FEES

Assessment record inspection fee

Section 230(4) of the *Local Government Act 2019 (NT)* states that any person with sufficient interest is entitled to inspect or copy the Assessment Record, when the City of Darwin office is open to the public, at a fee fixed by the Council.

Section 230(6) provides circumstances where the inspection can be free of charge.

Conditions of parking

1. All vehicles are parked at the risk of the person parking the vehicle and no employee or agent of the City of Darwin is liable for any loss or damage to vehicles parked in City of Darwin car parks, whether occasioned by negligence or otherwise.
2. No person employed by the City of Darwin has authority to accept vehicles or articles for safekeeping.
3. The common law as to bailment of goods does not apply in respect of the parking of a vehicle with its contents in City of Darwin car parks.
4. Any person having the authority of the City of Darwin has authority to enter any vehicle in a City of Darwin car park and move or drive it to another place.
5. Any person having the authority of the City of Darwin, may deliver a vehicle to any person offering evidence of ownership or authority to receive the vehicle and may refuse to deliver a vehicle unless they are so satisfied and no servant or agent of the City of Darwin shall be liable for such delivery detention or failure to deliver.
6. No person has authority to vary these conditions.
7. All vehicles are subject to the *Traffic Regulations (NT)*.
8. Vehicles displaying a disability parking permit may park in a disabled bay for twice the time paid for, in all on street car parks. Once the free parking time has expired, normal parking restrictions apply, ie. paying for parking and time restrictions. Vehicles displaying a disability parking permit may park in an accessible parking bay in all City of Darwin off street car parks all day free of charge, except for West Lane car park and Dragonfly car park. Persons displaying a valid permit who park in an accessible parking bay in either West Lane carpark or Dragonfly carpark may park for twice the time paid for.

✗ = Item is exempt from GST per ATO Division 81.

Amounts in **BOLD** indicate GST is applicable and has been included

CAR PARKING AREAS — ALTERNATIVE USES

City of Darwin will determine a hiring rate for commercial or not-for-profit users.

West Lane Car Park is unavailable for alternate use.

Persons hiring car parks for alternative use shall pay to City of Darwin all costs associated with City of Darwin providing car park attendants and supervisors and other necessary expenses such as electricity occasioned by the alternative use. The General Manager Innovation shall provide estimates to the person requiring alternative use prior to approval for the alternative use being granted.

These persons shall abide by and follow all the requirements and directions of the General Manager Innovation or their representative in the use of the car park.

The area required for the alternative use shall be left in a condition equal to that before the use was approved (that is, in a clean and tidy condition). The person requiring alternative use shall be made aware that water or any liquid cannot be used in cleaning the area approved.

Persons requiring this use shall make arrangements for their own electrical supply. Where portable generators are used, these generators shall be adequately silenced.

Hirers shall make arrangements for toilet facilities outside of normal working hours and shall make contact with and follow the requirements of the NT Department of Health for the alternative use.

CAR PARKING – ON STREET

Metered parking is available within the Central Business District (CBD) area, which is divided into three (3) separate zones for charging purposes. Details of the zone boundaries are available at the Civic Centre during opening hours, or on the City of Darwin website.

A number of bays are available at no charge with a 15-minute time limit. These bays are individually signposted.

Motorcycles may park at no charge within designated motorcycle parking bays. Motorcycles parking within metered bays must pay the applicable charge.

COMMUNITY CENTRES CHARGES

City of Darwin has community centres at Lyons, Nightcliff and Malak available for hire from 6am to midnight daily. City of Darwin aims to ensure that a range of user groups and/or individuals have fair and equitable access to City of Darwin's services and facilities. These facilities provide spaces for a diverse mix of activities and encourage community connectedness, participation in community life and enhance individual and community wellbeing.

There are two levels of charges:

- Not-for-profit/community benefit: community organisations/groups or individuals that are intending to not charge or charge a low cost for an activity where there is a community benefit, such as health and wellbeing benefit.
- Commercial/private: businesses or individuals who provide a service or sell products with the intention of making a profit. This also includes use for private functions or events not open to the community, such as birthday parties.

City of Darwin requires any community group, organisation or individual entering into an agreement for the use of a community centre ("hirer") to comply with the conditions of use.

Cancellation of bookings must be provided in writing 5 working days prior to the date of hire, otherwise the full hire charge will be forfeited.

Where City of Darwin officers or contractors are required after hours, additional cleaning or replacement of keys is required, or where the hirer fails to comply with the terms and conditions set out within their permit and negatively impacts subsequent users, the hirer will be required to meet these expenses.

Community centres <i>Lyons (hall area), Malak (small area and large area), Nightcliff (Boab and Pandanas meeting rooms), Alawa</i>	2024/2025 Including GST \$

Note

1. General Manager Community has delegated authority to reduce/waive fees in particular circumstances for unfunded charitable organisations and other associations closely affiliated with the Libraries' objectives and functions.
2. Where the security firm is called out, or additional cleaning or replacement of keys is required after use of the room City of Darwin will recover the cost incurred.

Inter-library loan charges

The City of Darwin Libraries will charge the following fees in the following instances:

1. No more than two items are requested on interstate inter-library loan for any one borrower at a time. Customers requesting more than two items will be charged according to the Australian Interlibrary Resource Sharing Code recommended schedule for each additional item.
2. There needs to be a six months gap before the City of Darwin Libraries inter-library loans the same title for the same person. The City of Darwin Libraries will only process this inter-library loan request within the six months if the patron is prepared to pay for any inter-library loan charge incurred.
3. Customers requesting urgently required inter-library loans will be charged at the recommended Australian Interlibrary Resource Sharing Code rates for fast-track service.
4. Any cost incurred in obtaining information from specialised service suppliers will be passed on to customers.

✗ = Item is exempt from GST per ATO Division 81.

SPORTING OVALS

Sporting grounds, ovals

City of Darwin's sporting ovals are allocated to peak sporting organisations for seasonal and casual usage, in the first instance.

Seasonal allocations take precedence over pre-season allocation requests and will be arranged so that any overlapping use, especially with regard to finals, is avoided. Seasonal charges are payable immediately at the beginning of each season.

wet season: 1 October to 31 March

dry season: 1 April to 30 September
