(a) the number of separate residential parts or units that are adapted for separate occupation or use (pursuant to section 148(4) of the Act) on each allotment of land; or

Council considers the following classes of allotments within the municipality zoned GI to be a different class of allotments and small allotments for the purposes of section 148(3)(b) of the Act and the example given at the foot of that section:

- Units 1 to 3 and Units 5 to 98 comprised in Unit Plan No. 95/95;

- Lots 6244 to 6285 Hundred of Bagot; and
- Lots 6330 to 6336 Hundred of Bagot.

xiv) 0.467242% of the assessed value of every allotment of rateable land within the municipality not otherwise described above, with the minimum amount payable in the application of that differential rate being $1,124.00 multiplied by :-
