8. LORD MAYORAL MINUTE

8.1 Free On-street Parking in the CBD for Christmas

(Acting Lord Mayor/Haslett)

THAT Council offer free on-street car parking in the CBD for a period of 30 days commencing on Monday, 17 December 2018 through to Friday, 18 January 2019.

DECISION NO.22/1249  (11/12/18)  Carried 10/2

Member S J Niblock noted his dissent.

ACTION: GENERAL MANAGER INNOVATION
NOTE: GENERAL MANAGER COMMUNITY

9. DEPUTATIONS AND BRIEFINGS

Nil

10. PUBLIC QUESTION TIME

(Haslett/Young)

THAT the following Public Questions and responses as tabled from Ms Lia Gill regarding Lakeside Drive be received and noted.

DECISION NO.22/1250  (11/12/18)  Carried

10.1 Ms Lia Gill – Waste Depositing at Lakeside Drive
Common No. 2952242

Question 1

In answers given to my questions regarding the use of this area ( once again ) as a convenient dumping ground for road waste Council claimed that there was a media release , public notices and door knocking of affected residences along Lakeside Drive yet residents I have spoken too have no recollection of any indication being given in relation to the fact that this area was to be used as a stockpile area.

Why is it that there was no mention of the fact that this area, which is a public access area and surge zone was to be used as a stockpile area in public consultations and notifications in regard to the Lakeside Drive Upgrade prior to this work commencing and indeed was only added to public notifications on the 22nd of November , after I had made my complaint ?
I’m sure I would not be alone in objecting to this surge zone being used in this way and had it been included in the consultation / notifications I’m sure that many would have put forward their objections.

Response
It is not typical for City of Darwin consultation or media releases to address specific operational matters of construction such as discussion of temporary stockpile locations. The temporary stockpile footprint relative to the overall size of the dryland park area does not impact the functionality of the park. It was determined that there would be minimal impact to the use of the area by members of the public.

Minutes
Attachment 1 - Pre-commencement - Stage 1 Planning Map was used during internal project discussion prior to project commencement. It was also provided to external stakeholders including Power Water Corporation for discussion. This attachment indicates the approximate footprint of the stockpile area relative to the overall park space.

Question 2
I have spoken to several individuals who have been involved with road works and constructions for many years and they were rather perplexed as I was at aspects of this operation. Indeed none had ever heard of depositing and burying and compacting road waste with a view to digging it back up for use at a later date. Why is this road base material not being taken straight to Shoal Bay? Why the ‘double handling’ of waste that will not be reused? How much of this waste has so far been recycled and what percentage is likely to be removed? Where else in the Darwin area has this burying and then removing of road waste been carried out by Council contractors?

Response
The re-use of suitable in situ roadbase (basecourse) to replace areas of unsuitable (subgrade) material is very common practice in road construction. This practice reduces the cost of importing new material. Rather than being buried, as you have suggested, the in situ basecourse was stockpiled until the unsuitable material in the roadway was uncovered and removed. In fact, this recycling of basecourse has reduced the fees which the project would have incurred through haulage to Shoal Bay.

100% of material which is not recycled will be taken to the Shoal Bay Waste Facility upon completion of Stage 1. Please see Attachment 3 - Application Form for Soil and Clean Fill Disposal approved on 7 November 2018. This outlines that the intent of the project, prior to project commencement, was to dispose of all unnecessary excess material.

Question 3
Were plans to use this are as a stockpile included in the original plans put to the elected Council or was it decided later by Council staff independent of the elected Council’s knowledge?

Could the complete original plans for this upgrade including any indication of intent to use this area as a stock pile storage facility please be attached to the minutes of this meeting? If not please direct me to where I might view these original plans and include the document number.
Response
Specific operational matters of construction such as temporary stockpile locations are not typically taken to Council. **Attachment 1** forms a part of the pre-commencement documents which discussed the use of City of Darwin owned parkland for temporary laydown and stockpile use. **Attachment 2** - *Soil and Clean Fill Stockpile Site* details the pre-construction environmental controls which were identified as a requirement for this temporary stockpile area.

**Question 4**
In reply to my question number 7 regarding this matter of the stock piling of road waste in this area Council mentioned that Environmental, dilapidation and remediation plans were provided as part of the overall plans for this project. Could these Environmental, dilapidation and remediation plans please be attached to the minutes of this meeting? If not why not? And how would one go about gaining access to these plans?

**Response**
**Attachment 2** details the pre-construction environmental controls which were identified as a requirement for this temporary stockpile area. **Attachment 4** - *Dilapidation Report – City of Darwin Dryland Park - Photos taken 29 October 2018* details condition of the vegetation in the area prior to the commencement of work. This report focused particularly on the condition of the trees.

In addition these photographs detail condition of the area prior to any stockpiling activities:
- **Attachment 5** - *Proposed Stockpile Area - 29Oct*
- **Attachment 6** - *Proposed Stockpile Area - 29Oct*
- **Attachment 7** - *Proposed Stockpile Area - 29Oct*

The following attachments detail the condition of the stockpile area and establishment of silt fencing shortly following commencement of stockpiling.
- **Attachment 8** - *Silt Fence Stockpile - 12Nov1130am*
- **Attachment 9** - *Stockpile - 12Nov1130am*
- **Attachment 10** - *Stockpile - 12Nov1130am*
- **Attachment 11** - *Stockpile - 12Nov1130am*

These photographs also demonstrate that no excavation or burying of material has taken place. The contractor will remediate the area to the pre-project condition following project completion.

**Question 5**
In answer to my 3rd question in regard to the costs of rehabilitating this area I was given the answer that the cost of "the remediation of this area is contained within the budget but these costs are commercial in confidence." Please explain this and how does this fit in with Councils claims to act with transparency?

**Response**
“Commercial in confidence” refers to the requirement to maintain confidentiality of commercial information in accordance with the following clause of in the Local Government Act: *Information that would, if publicly disclosed, be likely to cause commercial prejudice to, or confer and unfair commercial advantage on, any person.*
Question 6
This area has been used on many, many occasions as a convenient stockpile area for Council contractors without, it seems, any relevant documentation being in place, and indeed a stock pile deposited and left directly behind the pump station in 2015 by the Council contract company Mousellis and Sons is still on site despite mention in the 'Lakeside Drive Treatment Plan' that the area containing this stockpile would be "smoothed".
Are there plans in the future to use this area again as a convenient stockpile area after this operation is completed?
Or will Council staff just give authorization for this land which is owned by the people of Darwin, and a surge zone, to be used this way at their discretion when it suits them and again without public notification and consultation?

Response
In accordance with policy and regulations, City of Darwin reserves the right to use appropriately the land which it owns and manages.
11. **CONFIDENTIAL ITEMS**  
Common No. 1944604

11.1 **Closure to the Public for Confidential Items**

(Glover/Want de Rowe)

THAT pursuant to Section 65 (2) of the Local Government Act and Regulation 8 of the Local Government (Administration) Regulations the meeting be closed to the public to consider the following Confidential Items:-

(Haslett/Glover)

A. THAT Report Number 18CE0049 VG:ph entitled Department of Housing and Community Development Local Government Division Grants - Acquittals 2017/18, be received and noted.

B. THAT Council endorse the Chief Executive Officer to forward the Grant Acquittals at Attachments A and B to Report Number 18CE0049 VG:ph entitled Department Of Housing and Community Development Local Government Division Grants - Acquittals 2017/18 to the Department of Housing and Community Development, Local Government Division

DECISION NO.22\1253 (11/12/18) Carried unanimously

ACTION: MANAGER STRATEGY & OUTCOMES

NOTE: GENERAL MANAGER GOVERNMENT RELATIONS
14.1.3 Proposed Permanent Placement of Speed-Check Signs at School Crossings
Report No. 18CO0046 DL:rm (11/12/18) Common No. 3873914

Procedural Motion

(Haslett/Want de Rowe)

THAT this item be taken off the table and considered as the next item business.

Carried

(Niblock/Knox)

A. THAT Report Number 18CO0046 DL:rm entitled Proposed Permanent Placement of Speed-Check Signs at School Crossings, be received and noted.

B. THAT Council endorse the placement of 14 permanent speed-check signs at 7 school crossing locations throughout the Darwin municipality where crash and speed data has indicated that speeding is an issue.

C. THAT Council purchase 4 mobile speed check signs to further enhance driver education opportunities where speeding is reported as an issue.

D. THAT Council engage with all Darwin Schools to identify traffic safety issues and solutions including, raised crossings, curb build outs, relocated drop off zones, other ideas as suggest by schools, and to develop a prioritised list of works for presentation to Council by June 2019.

E. THAT Council make an application to the Northern Territory Government, through the Local Government Special Purpose Grants program of the Department of Housing and Community Development for a total of $258,000 in funding (50% contribution) for this project in the February/March 2019 round of funding to undertake the project over the 2019/20 and 2020/21 financial years.

F. THAT pending the approval of Northern Territory Government funding, the remainder of funding required, a total of $258,000 over two years be referred the 2019/20 and 2020/21 budget processes as Council's contribution towards the permanent placement of speed-check signs at the 7 school crossings and other safety measures.

G. THAT Council provide an additional $10,000 per annum for the ongoing maintenance of the speed-check signs in its Operational Budgets.

DECISION NO.22\1260 (11/12/18) Carried unanimously
15.4 **Risk Management & Audit Committee Meeting - 26 October 2018**

(Cullen/Niblock)

THAT the minutes from the Risk Management & Audit Committee Meeting of 26 October 2018 be received and noted.

DECISION NO.22\1261 (11/12/18) Carried unanimously

16. **REPORTS OF REPRESENTATIVES**

Common No. 1735503

(Glover/Pangquee)

THAT the following Reports of Representatives be received and noted.

DECISION NO.22\1262 (11/12/18) Carried

16.1 **Tour of Shoal Bay**

Member R M Knox reported on her attendance at the Waste Management Tour of Shoal Bay and thanked Council for offering this to the public. It was well attended and the public were interested.

16.2 **Rapid Creek Water Advisory Committee**

Member R M Knox reported on her attendance at the Rapid Creek Water Advisory Committee meeting. The committee had a presentation on PFAS, which can be circulated to Council. There was also an update on the Rapid Creek water retention basin, including the discovery of asbestos in the soil.

The Acting Lord Mayor asked about timeframes for the project?

Member Knox responded that the PFAS and asbestos have created delays in the project, which will now not be completed in 2018. Measures are being put in place to prevent erosion and silt drainage throughout the wet season.

16.3 **NT Water Safety Advisory Council**

Member R M Knox reported on her attendance at the NT Water Safety Advisory Council Meeting. She noted that the remote education program has been going well and that funding for the River Safe Program has been extended into next year. The pool fencing review is still with the Minister.
17. QUESTIONS BY MEMBERS

(Young/Niblock)

THAT the following Questions by Members be received and noted.

DECISION NO.221263 (11/12/18) Carried

17.1  **Goyder Day 150th Anniversary Commemoration**

Common No. 3819081

Member S J Niblock noted that 2019 is the 150th anniversary of the founding of Darwin. What is Council doing to commemorate the occasion?

_The General Manager Government Relations responded and advised that City of Darwin is working with the Heritage Council to develop a program and initiatives. This does rely on a Community Benefit Fund application for funding to inform the program._

17.2  **Listing of Cheques Report**

Common No. 339125

Member S J Niblock noted that the listing of cheques report used to be presented to the Council. Since the committees have been put on hold, this report has not come to council. Can it please be returned to the agenda, including retrospective information back to July 2018.

_The Chief Operating Officer responded and advised that this can be reviewed._

**ACTION: CHIEF OPERATING OFFICER**

17.3  **Christmas Tree in The Mall**

Common No. 3681960

Member R M Knox noted that Council had resolved to plant a live Christmas Tree in The Mall. What has happened with this tree and when will it be planted?

_The General Manager Engineering responded and advised that staff are intending to plant the live tree, but there have been some delays in removal of materials in the tree planting pit that will host it. Some additional maintenance must also be undertaken and so the planting may not be undertaken before Christmas._
17.4 Customer Strategy

Member S Cullen requested an updated progress of the customer service approach and strategy that was presented to Council early in March 2018.

The Chief Executive Officer responded and advised that work has been ongoing, with new strategies to be delivered in this area.

The Chief Operating Officer advised that the new Executive Manager Corporate Services will be undertaking this work, including developing systems to support the processes. There will be a report back to Council in the next 6 months.

17.5 Tree Planting

Member R M Knox thanked City of Darwin staff for the Chan Ward tree planting day. She noted that a series of small trees have been planted, but that it does not appear that extra funds have been set aside to replenish the tree stock since Tropical Cyclone Marcus. How can Council transfer funds into the program to plant trees now?

The Chief Executive Officer advised that Council has put forward a claim to their insurers for tree replacement, with the application yet to be determined. Funds have already been expended on spray grass to mitigate some effects post-cyclone. Future funding can be looked at through the next budget variation.

The General Manager Engineering also advised that officers are investigating potential operational savings that could be used to supplement the tree planting program.

17.6 Smith Street Greening

Member S J Niblock noted that Council wanted to look at the design drawings for the redevelopment of Smith Street prior to tender.

The General Manager Government Relations advised that officers are meeting with the Department of Infrastructure, Planning and Logistics next week to review the design. Information can be presented to Council following this.

Member R M Knox asked whether the designs be circulated to Council prior to them going to tender?

The General Manager Government Relations advised that responses to the design and construct tender will come back to Council.

Member Knox asked whether they will be signed off before they come back to Council, noting that there should be the possibility to accept or not accept proposals as it will be on Council land. The Chief Executive Officer advised that he will raise it with the Chief Executive Officer of the Department of Infrastructure, Planning and Logistics prior to tender being awarded.
17.7 Footpath for Stoddart Drive, Bayview

Common No.

Member R Want de Rowe noted that there is no footpath or bike path on one side of Stoddart Drive, Bayview. What paths there are move from one side to the other and do not meet. Can council investigate installation of a path or cycle/walking lane on the road for public use?

_The General Manager Engineering took the question on notice._

**ACTION:** GENERAL MANAGER ENGINEERING

18. GENERAL BUSINESS

18.1 Karama Family Fun Fair

(Glover/Haslett)

THAT Council express its appreciation to the council officers, businesses, schools and the local MLA involved in the great success of the Karama Family Fun Fair.

DECISION NO.22\1264 (11/12/18) Carried unanimously

19. DATE, TIME AND PLACE OF NEXT ORDINARY COUNCIL MEETING

Common No. 2695130

(Haslett/Glover)

THAT the next Ordinary Meeting of Council be held on Tuesday, 29 January 2019, at 5:30pm (Open Section followed by the Confidential Section), Council Chambers, 1st Floor, Civic Centre, Harry Chan Avenue, Darwin.

DECISION NO.22\1265 (11/12/18) Carried

20. CLOSURE OF MEETING TO THE PUBLIC

Common No. 2695131

(Acting Lord Mayor/Pangquee)

THAT pursuant to Section 65 (2) of the Local Government Act and Regulation 8 of the Local Government (Administration) Regulations the meeting be closed to the public to consider the Confidential Items of the Agenda.

DECISION NO.22\1266 (11/12/18) Carried
21. ADJOURNMENT OF MEETING AND MEDIA LIAISON

Common No. 2695132

(Acting Lord Mayor/Pangquee)

THAT the meeting be adjourned at 7.23pm for 5 minutes.

DECISION NO.22\1267 (11/12/18) Carried

The meeting moved to the Confidential Section at 7.30pm.
Orange Area:
Open dryland area potentially suitable as laydown/stockpile area. Area is adjacent to mangroves/Rapid Creek; appropriate controls required if storage of materials would be mandatory for use of this location.

Stage One - Accessible by Southbound Traffic Only (i.e. Traffic traveling towards Trower Road)

Blue Area:
Area closest to road. Trees must not be damaged, exclusion zones for trees to be established. Area is visible from the road; a secure compound could be established. We will need to look into a car parking "compound" option for period of time that works are limiting driveway access. Stage "1B"
ATTACHMENT 2

ESCP OF STAGE 1- STOCKPILE SITE

STOCKPILE SITE

Fence to Stockpile Area

Sediment fence capturing runoff at stockpile low point

SITE OFFICE COMPOUND

Historical aerial photo showing tree, Tree no longer existing at project commencement

Site Office
APPLICATION FORM FOR SOIL AND CLEAN FILL DISPOSAL
2018-2019

Soil will only be accepted at the Shoal Bay Waste Management Facility if the consignment has been authorized in writing by the City of Darwin's Waste and Recycling Team. Clean fill will be accepted from any location. All other soil will only be accepted from within the Greater Darwin Region.

Please allow two business days for approval.

Please email completed applications to: waste@darwin.nt.gov.au

SECTION 1: WASTE GENERATOR AND DECLARATION
