MINUTES OF CITY OF DARWIN
ORDINARY COUNCIL MEETING
HELD AT THE COUNCIL CHAMBERS, LEVEL 1, CIVIC CENTRE, HARRY CHAN AVENUE, DARWIN
ON TUESDAY, 30 JULY 2019 AT 5:30PM

PRESENT: Lord Mayor Kon Vatskalis, Alderman Andrew Arthur, Alderman Justine Glover, Alderman Gary Haslett, Alderman Robin Knox, Alderman Simon Niblock, Alderman Mick Palmer, Alderman Peter Pangquee, Alderman Rebecca Want de Rowe, Alderman Emma Young

OFFICERS: Scott Waters (Chief Executive Officer), Joshua Sattler (General Manager Innovation Growth & Development Services), Matt Grassmayr (Acting General Manager Community & Regulatory Services), Chris Potter (General Manager Corporate and Procurement Services), Melissa Reiter (General Manager Government Relations & External Affairs), Ron Grinsell (General Manager Engineering & City Services), Shenagh Gamble (Executive Manager Environment and Community), Russell Holden (Executive Manager Finance), Cindy Robson (Manager City Planning), Liam Carroll (Manager Economic Development Tourism and International Relations), Jane de Gault (Media and Communications Advisor), Megan Corfield (Planning Administration Officer) Caitlyn Moulds (Acting Coordinator Governance)

APOLOGY: Alderman George Lambrinidis, Alderman Jimmy Bouhoris

GUESTS: Representatives from the Walk and Wheel Steering Group were in attendance from 6.13pm to present to Council on the Walk and Wheel Project

MEDIA NT News, Mr Will Zwar
Order Of Business

ACKNOWLEDGEMENT OF COUNTRY

THE LORD’S PRAYER

MEETING DECLARED OPEN

The Chair declared the meeting open at 5.37 pm.

APOLOGIES AND LEAVE OF ABSENCE

4.1 Leave of Absence Requested

Nil

4.2 LEAVE OF ABSENCE GRANTED

RESOLUTION ORD273/19

Moved: Alderman Peter Pangquee
Seconded: Alderman Robin Knox

A. THAT it be noted Alderman Jimmy Bouhoris is an apology due to a Leave of Absence previously for the period 26 June to 11 August 2019.

B. THAT it be noted Alderman George Lambrindis is an apology due to a Leave of Absence previously granted for the period 27 July to 11 October 2019.

CARRIED 11/0

4.3 Leave of Absence Requested

Nil

7 CONFIRMATION OF PREVIOUS MINUTES

RESOLUTION ORD275/19
Moved: Alderman Emma Young
Seconded: Alderman Justine Glover

That the minutes of the Ordinary Council Meeting held on 16 July 2019 be confirmed.

CARRIED 11/0
8 LORD MAYORAL MINUTE

8.1 CLIMATE CHANGE EMERGENCY

RESOLUTION ORD276/19
Moved: Alderman Gary Haslett
Seconded: Alderman Andrew Arthur

1. THAT council declares that we are in a state of climate emergency that requires immediate action by all levels of government;

2. THAT council calls upon the Northern Territory and Commonwealth Governments to join us in declaring a climate emergency;

3. THAT council declares its commitment to action on the devastating effects of climate change and by doing so joins nearly 600 jurisdictions worldwide, including 28 Australian councils, in recognising that human induced climate change represents a substantial threat to our community and the local environment we cherish;

4. THAT council acknowledges that our obligation to drastically reduce greenhouse gas emissions through policies such as zero net emissions by 2030 is just one action that we must implement and that we need to identify other opportunities across all of Council’s service areas and encourage the Darwin community more broadly to reduce our contribution to climate change;

5. THAT council recognises and responds to the state of climate emergency that we are in to prepare, respond and adapt to climate change across all areas of Council

6. THAT council acknowledge the action of local community members and invite stakeholders from across the Darwin community to participate in a Lord Mayor hosted Climate Emergency Round Table

7. THAT council calls for a report to be prepared by the 2nd Ordinary Council meeting in September, outlining a plan and timeframe to prioritise the development of a whole of Council approach, inclusive of asset management, to mitigating and responding to Climate Change, based on the criteria of preparation, response, adaptation and resilience

CARRIED 11/0

9 PUBLIC QUESTION TIME

9.1 PUBLIC QUESTION

RESOLUTION ORD277/19
Moved: Alderman Robin Knox
Seconded: Alderman Justine Glover

THAT the following Public Questions and responses as tabled from Ms Cynthia Last from Friends of Bagot Park regarding the proposed cycling precinct be received and noted.
Question 1 – Long Term Planning
Besides the upgrade of the velodrome, lighting to the soccer fields and construction of a bike skills area, pump track and criterium track, what additional infrastructure is planned for the

1.1. soccer fields  
1.2. velodrome  
1.3. bike skills area,  
1.4. pump track, and  
1.5. criterium track?

Response:
There is no additional infrastructure planned at this time. Council is aware that FFNT and affiliated soccer clubs are discussing the requirement for upgraded change rooms. However, at this time Council has not received any plans or documents for consideration.

Question 2 – Safety
What planning has been undertaken to alleviate traffic congestion?

Response:
Council is currently undertaking a traffic assessment study to assess the impact on the existing road network of the proposed developments. Once finalised, results will be reported to Council.

Question 3 – Safety
What planning has been undertaken to interface with the arterial I roads?

Response:
Council has been advised by NTG that an interface with McMillan’s Road is not possible. The Traffic Study will determine what, if any, changes are required at the Bagot Road intersection.

Question 4 – Safety
What traffic design plans will be actioned to ensure the safe passage of a mix of vehicles and bicycles on surrounding narrow roads and shared footpaths?

Response:
The traffic study will determine what, if any, changes to the road network are required to address these issues.

Question 5 – Parking
What studies were undertaken to ensure that the parking capacity at Bagot Park will meet users’ needs? What did the studies reveal?

Response:
The traffic assessment study will determine the ultimate parking demand that would be generated by the proposed developments. A manual count to measure the current use of the informal parking area will be undertaken. The difference between the future generated traffic and the capacity of the ovals parking area will provide an estimate of any parking impact on the surrounding road network.

Question 6 – Parking
After the Stage 1 Car Park upgrade, how many vehicle spaces will the car park accommodate?

Response:
The formalised Car park Stage 1 design is still being developed. The concept design will be presented to Council as part of the traffic assessment study. It is estimated that 160 to 170 car
parking spaces will be possible in Stage 1

**Question 7 – Parking**
Will another car park be constructed on the other side of the velodrome to accommodate the users of the Bike Skills area, the Pump Track and the Criterium Track?

**Response:**
There are no plans for an additional car park for the Bike Skills area, Pump Track and Criterium track as these proposed elements are yet to be considered by Council. It is unknown at this time whether any of these elements will be constructed.

**Question 8 – Evening Use of Facilities**
What time and what nights will Cycling NT, Football Federation NT and Mindil Aces use the facilities for regular use? What other nights will the facilities be used?

**Response:**

**Current usage:**
- Mindil Aces Soccer Club: training Mon – Friday evenings 4.30pm – 7.00pm
- Football Federation NT: Junior matches Sunday 8.00am – 5.00pm
- Darwin Cycling Club: training Tues evening 5.30-7.00pm
- Triathlon Mov3: Saturday afternoons with the occasional session on a Sunday.

**Future use:**
Darwin Cycling Club has advised it is likely they will increase usage of the Velodrome once upgraded. Currently only juniors train on the track. With an upgraded velodrome, it is likely that seniors would also use the track, as well as potentially another junior training night. There may also be club events periodically. The exact usage has not been mapped out by the Club at this early stage.

**Question 9 – Evening Use of Facilities**
How will the City of Darwin mitigate the intrusion of lights shining directly into residential properties at night as vehicles exit the parking lot?

**Response:**
This would be considered as part of the car park design.

**Question 10 – Evening Use of Facilities**
How will the City of Darwin ensure that there is no noise pollution?

**Response:**
Bagot Park is a recreation facility. Sporting competitions and events involve PA systems, starting guns, whistles and hopefully lots of cheering for junior athletes. It is anticipated that noise levels will be consistent with those experienced at other community level sporting events held in Darwin, such as the recent Arafura Games Swimming at Parap Pool.

**Question 11 – Management of the Velodrome Precinct – Maintenance**
Who will maintain and pay the ongoing upkeep costs for the proposed development?

**Response:**
City of Darwin

**Question 12 – Management of the Velodrome Precinct – Maintenance**
What is the projected annual maintenance cost for the development?

**Response:**
Unknown as scope of works has not been defined for the tender.

**Question 13 – Management of the Velodrome Precinct – Maintenance**
Is the development owned by the City of Darwin or is it a peppercorn lease to Cycling NT and Triathlon NT?

**Response:**
Owned by City of Darwin.

**Question 14 – Management of the Velodrome Precinct – Maintenance**
Will the criterium track be used for racing events? If so, how often will they be held?

**Response:**
Council is yet to consider if a criterium track will be constructed.

**Question 15 – Management of the Velodrome Precinct – Maintenance**
What rules are planned to ensure the safety of pedestrians, cyclists and other park users during race meetings?

**Response:**
Should the Criterium track be designed for either training or racing on, then it would need to comply with regulations that ensure both rider and spectator safety. The running of any events on a criterium track are governed by rules and regulations that Cycling Commissioners (officials) are both trained in and required to adhere to.

Cycling NT would be looking to discuss this part of the project further with Council to ensure it meets the needs and scope, once/if this part of the project is approved and funded.

**Question 16 – Management of the Velodrome Precinct – Maintenance**
Who will manage the criterium track to ensure the safety of other park users?

**Response:**
If a criterium track was built and utilised for racing the stakeholders would manage safety, as is currently the case for events such as Triathlons at East Point.

**Question 17 – Management of the Velodrome Precinct – Maintenance**
Will the boundaries of the track be fenced?

**Response:**
No

**Question 18 – Management of the Velodrome Precinct – Maintenance**
Explain why Hidden Valley Motor Sports Complex was not chosen as a potential venue for a criterium track?

**Response:**
The majority of the Cycling Club adult participants ride in the DCC criterium events on Thursday evening at the Hidden Valley Race Track. This off road venue is out of town and not optimal for maximising participation opportunities for cycling. The Criterium track at Bagot Park was proposed by the stakeholders (Triathlon NT and Cycling NT) to activate Bagot Park.

Triathlon NT have advised the rationale for the proposed criterium track was associated with creating an area that promoted cycling as an activity for all in the community.

A pump track engages predominantly children and youth using skate boards, bikes, scooters, and roller skates. The activity is generally unstructured play and not associated with organised sport. (This is 98% of the youth that ride bikes). Appeal to the masses.
The Skills Track caters for a similar market segment but brings in exposure to organised activities and programs like the Mov3 Community Bike Skills program and the new MTB 101 Program.

A criterium track allows the cycling club to maximise exposure of its participation engagement flagship, the Thursday Evening Criterium.

Extending from this, the circuit gives TNT and CNT the ability offer to the community adult novice skills programs in an off road environment. This would be inclusive of learning how to ride with a friend or in a group. The last time we did this I had to use the bike paths around East Point. Before that it was on Abala Road around the Marrara sporting complex. Again, fantastic assets but not good for managing a group of very novice riders.

The greater exposure to cycling activities creates the opportunity to move participants into organised participation and then to specialist disciplines like track cycling.

Stromlo Forest Park in Canberra, Centennial Park in Sydney, Parramatta Park also in Sydney, Nerang Velodrome area on the Gold Coast, and Murarrie Recreation Reserve on Wynam Road in Brisbane are all examples of tracks that are used for the general public to walk or ride bikes, scooters or roller skate but at gazetted times they are used for cycle criterium racing.

Cycling NT have advised that the use of the criterium track would require further discussion among the Cycling Club, should this amenity become part of the project. Currently the club uses Hidden Valley Race Track and other road circuits to conduct its Criterium training and events.

**Question 19 – Management of the Velodrome Precinct – Maintenance**

What is the size of the bike skills area?

**Response:**

Triathlon NT proposed the re-location of the bike skills area and has advised the area of the proposed track would be no greater than 10% bigger than the existing track. The existing bike skills area in the interior of the Velodrome is approx. 1.4 acres.

The open space from the Velodrome to Sabine Road is approximately 5 acres.

**Question 20 – Management of the Velodrome Precinct – Maintenance**

What percentage of the parkland area between the existing velodrome and Sabine Road will the bike skills area absorb?

**Response:**

Approximately 28%

**Question 21 – Management of the Velodrome Precinct – Maintenance**

How does the City of Darwin plan to minimize dust pollution from the 8-metre dirt tracks during the dry season?

**Response:**

Treatment of this area is dependent on the final design outcomes and as such cannot be commented on at this time.

**Question 22 – Management of the Velodrome Precinct – Maintenance**

How often will the bike skills area be maintained and what is the proposed maintenance schedule?

**Response:**

The maintenance requirements for the area will be dependent on the final design and be driven by usage of the area. As both of these are currently unknown they cannot be assessed.

**Question 23 – Management of the Velodrome Precinct – Maintenance**

Who will manage the bike skills area?
Response:
Triathlon NT would continue to run existing programs at the Bike Skills Area. When stakeholder programs are not being held the facility is open for public use.

**Question 24 – Management of the Velodrome Precinct – Maintenance**
Will the public have access to the bike skills area when not in use?

**Response:**
Yes.

**Question 25 – Management of the Velodrome Precinct – Maintenance**
Will the Pump Track be constructed on the park area zoned “Public Open Space”?

**Response:**
The Pump Track element has not been designed. It is yet to be considered by Council. The proposal for a pump track from the stakeholder formed part of the consultation with the community to seek their views on developing a cycling precinct.

**Question 26 – Management of the Velodrome Precinct – Maintenance**
If so, will the zoning amendment be open to public consultation?

**Response:**
No, there are no plans to re-zone any of the park land.

**Question 27 – Management of the Velodrome Precinct – Maintenance**
If the Pump Track will not be built on the area zoned “Public Open Space” where will the Pump Track be built?

**Response:**
The Pump Track element has not been designed.

**Question 28 – Management of the Velodrome Precinct – Maintenance**
What size is the total area allocated to the development of the Pump Track?

**Response:**
The track size would be limited to the available space, depending on which of the proposed precinct elements, if any, are adopted and planned to be constructed.

**Question 29 – Management of the Velodrome Precinct – Maintenance**
How often will the Pump Track be maintained?

**Response:**
As required depending on design.

**Question 30 – Management of the Velodrome Precinct – Maintenance**
Who will manage the use of the Pump Track?

**Response:**
The pump track would be an open public facility.
Question 31 – Management of the Velodrome Precinct – Maintenance
Will other cyclists and the public have access to the Pump track when not in use?

Response:
Yes.

Question 32 – Landscaping and Irrigation
How does the City of Darwin envision the beautification, landscaping and ongoing upkeep of the Bicycle Precinct?

Response:
Currently there are no plans to alter the service level; the surrounding parkland would be maintained in line with existing service levels.

Question 33 – Landscaping and Irrigation
What plans are there to enhance the visual amenity of adjoining streetscapes?

Response:
City of Darwin is undertaking a municipal program to enhance streetscapes. Old McMillans Road would be considered as part of this program.

Question 34 – Landscaping and Irrigation
On completion of construction will any remaining grassed area be reticulated to soften the visual impact of asphalt and dirt?

Response:
Currently there are no plans to alter the service level; the surrounding parkland would be maintained in line with existing service levels.

Question 35 – Bicycle Precinct Site
What alternative sites were considered? Why was Bagot Park deemed the most appropriate option?

Response:
No alternative sites were considered. The funding provided by NT Government was to upgrade the existing Velodrome facility. The additional precinct elements were proposed by the stakeholders for consideration.

Question 36 – Bicycle Precinct Site
When considering the development of a bicycle precinct, did the City of Darwin research other Australian local government-developed bicycle precincts? What did the research reveal?

Response:
The cycling precinct was proposed by the stakeholders for consideration by Council. The stakeholders based their proposal on designs from across Australia.

Question 37 – Bicycle Precinct Site
When costing the proposed bicycle precinct, what was the comparative cost of rebuilding or upgrading the velodrome at Bagot Park and relocating the velodrome to a more suitable site?

Response:
NTG funding was provided to upgrade the existing site. There are no plans for relocation of the Velodrome.

Question 38 – Bicycle Precinct Site
Did the City of Darwin consider contributing to the NAC Bike Skills area at Sanderson High School and develop it to the same requirements as planned at Bagot Park?

Response:
No, the bike skills area next to Sanderson School is not located on Council land.

Question 39 – Bicycle Precinct Site
What was the reason that this site was not considered?

Response:
It is not Council land and it was not proposed by the stakeholders.

Question 40 – Bicycle Precinct Site
If it was considered, what was the comparative cost of upgrading the site and constructing an entirely new site at Bagot Park?

Response:
It was not considered.

Question 41 – Bicycle Precinct Site
Has the City of Darwin considered contributing to the upgrade of the Pump Track at Charles Darwin National Park as an alternative option to Bagot Park? If so, what was the comparative cost?

Response:
No, the Pump Track in Charles Darwin NP is not on Council land. It is maintained by Parks and Wildlife NT and Darwin Off Road Cyclist.

Question 42 – Bicycle Precinct Site
As the NAC Bike Skills area at Sanderson is already established, what cost would be involved in constructing a Pump Track at that facility? Did the City of Darwin assess what cost would be involved in constructing a Pump Track at this facility?

Response:
There has been no consideration to locating a Pump track at the NAC bike skills area. The location would not alter the cost of constructing a Pump Track, the costs would be similar whether
or not there was an existing bike skills area in the location chosen.

**Question 43 – Sporting Precinct**

How many people are active cyclists in the Northern Suburbs of Milner, Jingili and Nightcliff?

**Response:**

Total Cycling NT participants is approx. 160 per week, projected total is approx. 350 per week.

Triathlon NT’s Super Saturday program is the bike skills part of the Mov3 program. The number of Mov3 participants that participate in the activities at the Velodrome is estimated at:

2018-2019 – approx. 400 children registered in the bike skills program. Of this number registered, 115-120 participants would be representative of the largest number of participants in a Velodrome session to date. The average for the 2018-2019 season is 85-100.

2019-2020 - estimate increase to approx. 490 children registered in the bike skills program. Cycling NT and Triathlon NT have not provided a breakdown per suburb.

**Question 44 – Sporting Precinct**

Has the negative impact of establishing a sporting precinct next to a residential suburb been considered? For example, loss of community space, congested traffic and parking, impact of future infrastructure and reduction in property values.

**Response:**

Yes, there are other community sporting precincts next to residential areas, such as Nightcliff Oval and Sports Club and Gardens Oval precinct. The planning process for any community infrastructure ensures the potential impacts on neighbouring residences are considered.

Council has undertaken community consultation on the proposed cycling precinct elements and the consultation outcomes will be presented to Council on completion of traffic management studies for Bagot Park.

**Question 45 – Sporting Precinct**

Will the wider community be guaranteed access to the park at all times?

**Response:**

Yes.

**Question 46 – Sporting Precinct**

If not, what arrangements will be put in place to ensure that residents and other users have access to the park?

**Response:**

The proposed upgrade to the Velodrome and cycling precinct elements have been designed to ensure that Bagot Park remains an open facility to the community.

**Question 47 – Traffic Management and Interface with the Suburb**

What are the key points of the traffic report?
Response:
To assess traffic impacts on the surrounding road network and car parking at Bagot Park.

Question 48 – Traffic Management and Interface with the Suburb
What were the recommendations of the report?

Response:
The report is yet to be finalised.

Question 49 – Traffic Management and Interface with the Suburb
What action is planned to reduce the traffic congestion on Old McMillans Road as vehicles exit Bagot Park?

Response:
The report is yet to be finalised.

Question 50 – Traffic Management and Interface with the Suburb
What action is recommended to alleviate traffic risks at the corner of Chin Street and Old McMillans Road, and the corner of Harris Street just before Bagot Road?

Response:
The report is yet to be finalised.

Question 51 – Traffic Management and Interface with the Suburb
Explain the purpose of current surveyor action along Old McMillans Road and the corner of Old McMillans Road and Chin Street.

Response:
Survey activities are in relation to picking up landform detail for proposed landscape works.

14.3 MINUTES OF THE BOMBING OF DARWIN AND MILITARY HISTORY COMMITTEE MEETING OF 12 JUNE 2019

SUMMARY
The purpose of this report is to present for information the Minutes of the Bombing of Darwin and Military History Advisory Committee of 12 June 2019.

RESOLUTION ORD282/19
Moved: Alderman Emma Young
Seconded: Alderman Robin Knox
THAT the minutes of the Bombing of Darwin and Military Advisory Committee meeting held on 12 June 2019, at Attachment 1, be received and noted.

CARRIED 11/0

14.4 NORTHERN TERRITORY GOVERNMENT GRANT FUNDING

RESOLUTION ORD283/19
Moved: Alderman Gary Haslett
Seconded: Alderman Peter Pangquee

With the consent of the Council, the Decisions arising from this item were moved from the Confidential Section into the Open Section of the Minutes.

1. THAT the report be received and noted.

2. THAT Council partner the Northern Territory Government to deliver the project, with City of Darwin being the delivery agency for the design and construction of the Municipal
Enhancement Projects of $1,000,000;

3. THAT Council partner the Northern Territory Government to deliver the project, with Department of Infrastructure, Planning and Logistics being the delivery agency and THAT Council return to the Northern Territory Government the associated grant funding for design and construction of the Velodrome Project of $8,000,000. That the extensive consultation and Traffic Study undertaken by City of Darwin be provided to DIPL and taken into account in the development of the Velodrome and future consideration be given to parking requirements to support velodrome patronage and full landscaping of the area prior to hand over. City of Darwin to have a representative on the PCG and Council opportunity to endorse plans and designs and resolve the whole of life costs prior to handover and operation of the upgraded facility.

4. THAT a further report be presented to Council on the original project and grant funding for the Velodrome Upgrade recommending that that funding, estimated to be $2,200,000, be returned to DIPL, less expenditure on works and administration carried out to date by City of Darwin, subject to a formal acquittal process. City of Darwin will have a representative on the PCG and Council will endorse plans and designs and must resolve the whole of life costs prior to handover and operation of the upgraded facility.

5. THAT Council partner the Northern Territory Government to deliver the project, with Department of Infrastructure, Planning and Logistics being the delivery agency and THAT Council return to the Northern Territory Government the associated grant funding for design and construction of the Electronic Speed and Traffic Calming Infrastructure Project of $1,000,000. City of Darwin will have a representative on the PCG and Council have opportunity to endorse plans and designs and resolve the whole of life costs prior to handover and operation of the upgraded facility.

6. THAT Council partner the Northern Territory Government to deliver the project, with Department of Infrastructure, Planning and Logistics being the delivery agency and THAT Council return to the Northern Territory Government the associated grant funding for design and construction of the Cycle Path from Muirhead to Lee Point Project of $1,500,000. City of Darwin will have a representative on the PCG and Council have opportunity to endorse plans and designs and must resolve the whole of life costs prior to handover and operation of the upgraded facility.

7. THAT Council partner the Northern Territory Government to deliver the project, with Department of Infrastructure, Planning and Logistics being the delivery agency and THAT Council return to the Northern Territory Government the associated grant funding for design and construction of the Austin Lane & Knuckey Street Streetscape Project of $3,000,000. City of Darwin will have a representative on the PCG and Council have opportunity to endorse plans and designs and must resolve the whole of life costs prior to handover and operation of the upgraded facility.

8. THAT Council, pursuant to Section 32(2) of the Local Government Act delegates the Chief Executive Officer the power to finalise the Funding and Project Management Agreement, in accordance with the conditions resolved by Council for each project and write to the Department of Infrastructure, Planning and Logistics, outlining Council's conditions for the projects.

9. THAT this decision be moved into open following the execution of associated Funding Agreements by the parties.

CARRIED 11/0
14.5 REVIEW OF CONFIDENTIAL DECISIONS - NOVEMBER 2017 TO JUNE 2019

**RESOLUTION ORD284/19**

Moved: Alderman Rebecca Want de Rowe  
Seconded: Alderman Peter Panguee

With the consent of the Council, the Decisions arising from this item were moved from the Confidential Section into the Open Section of the Minutes.

**Outstanding Audit Issue 149 - User Security Awareness and Training**

Report No. 17CP0027 R:j:e (23/03/18) Common No. 1437519  
THAT the Committee resolve under delegated authority:-  
A. THAT Report Number 17CP0027 R:j:e entitled Outstanding Audit Issue 149 - User Security Awareness and Training, be received and noted.  
B. THAT Outstanding Audit Issue 149 - User Security Awareness and Training completion date be amended to December 2018,

**DECISION NO.210553 (23/03/18)**

**Outstanding Audit Issue 149 - Remote Access Management**

Report No. 17CP0041 MB:j:e (23/03/18) Common No. 1437519  
THAT the Committee resolve under delegated authority:-

THAT the following Questions by Members be received and noted.
Alderman Andrew Arthur asked when the lighting will be installed at Bagot Oval.
General Manager Community and Regulatory Services responded that the tender is being released shortly and will close in October. The construction phase is expected to be 18 weeks making the project due for completion in February 2020.
Alderman Andrew Arthur queried the commitment for the Northern Territory Government regarding the lighting for Marrara Cricket grounds.
General Manager Community Regulatory Services advised that the proposal is from NT Cricket and it is for their own land and it is only for the junior games and not the seniors. The junior games have less wattage then the senior night games.

THAT pursuant to Section 65 (2) of the Local Government Act and Regulation 8 of the Local Government (Administration) Regulations the meeting be closed to the public to consider the Confidential Items of the Agenda. 7.09

CARRIED 11/0
RECOMMENDATIONS

That Council considers the confidential report(s) listed below in a meeting closed to the public in accordance with Section 65(2) of the Local Government Act:

24.1 PAYMENT LISTING REPORT - JUNE 2019

This matter is considered to be confidential under Section 65(2) - 8(a), 8(b) and 8(c)(i) of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with information about the employment of a particular individual as a member of the staff or possible member of the staff of the council that could, if publicly disclosed, cause prejudice to the individual, information about the personal circumstances of a resident or ratepayer and information that would, if publicly disclosed, be likely to cause commercial prejudice to, or confer an unfair commercial advantage on any person.

24.2 Review of Confidential Decisions - November 2017 to June 2019

This matter is considered to be confidential under Section 65(2) - 8(c)(iv) of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with information that would, if publicly disclosed, be likely to prejudice the interests of council or some other person.

24.3 Smart City Data Commissioning Framework Development

This matter is considered to be confidential under Section 65(2) - 8(c)(iii) of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with information that would, if publicly disclosed, be likely to prejudice the security of the council, its members or staff.

24.4 Northern Territory Government Grant Funding

This matter is considered to be confidential under Section 65(2) - 8(c)(i) of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with information that would, if publicly disclosed, be likely to cause commercial prejudice to, or confer an unfair commercial advantage on any person.
ADJOURNMENT OF MEETING AND MEDIA LIAISON

ADJOURNMENT OF MEETING

RESOLUTION ORD297/19
Moved: Alderman Gary Haslett
Seconded: Alderman Andrew Arthur
That in accordance with By-Law 163(d), the meeting be adjourned at 7.09 am for 10 minutes to enable the Council to have a break.

CARRIED 11/0

The minutes of this meeting were confirmed at the Ordinary Council Meeting held on 13 August 2019.
