

Questions on Notice

Ordinary Council Meeting

Tuesday, 29 September 2026

Question By Members

In accordance with Meetings Policy, Elected Members can ask questions of each other and Council Officers. No debate is allowed on questions and Council Officers may take the question on notice.

The below table provides a response to questions taken on notice.

Questions Taken on Notice | Ordinary Council Meeting 29 September 2026

Item Number	Resolution	Question
18.3	ORD380/26	RAPID CREEK POLLUTION Question Councillor Julie Fraser inquired which agency or governing body is responsible for managing and responding to pollution issues in Rapid Creek. Response Executive Manager Environment and Waste Services Nick Fewster advised that Rapid Creek is managed by the Northern Territory Government. All landholders and managers within the Rapid Creek catchment area are responsible for preventing pollution from flowing from their land catchment area into Rapid Creek. The Northern Territory Environmental Protection Authority (NTEPA) are the regulator that enforce the Environmental Protection Act and the Waste Management and Pollution control Act across the Rapid Creek Catchment. The NTEPA monitor and follow up on activities that have the potential to impact or pollute Rapid Creek.
