#### 13 NOTICES OF MOTION

# 13.1 NOTICE OF MOTION - MULTI-CULTURAL PRESENTATION OR INTER-FAITH BLESSING

Common No.:

Attachments: Nil

I, Alderman Vim Sharma, give notice that at the next Ordinary Council Meeting on 7 December 2021, I will move the following motion:-

## **MOTION**

THAT the Chief Executive Officer or delegate provide a report to Council at the 2nd Ordinary Meeting in February detailing the process of implementing a multi-cultural presentation or interfaith blessing on a monthly basis at the beginning of the 2nd Ordinary Council Meeting for no longer than 15 minutes, this maybe scheduled or on request.

#### **REASON:**

City of Darwin's Strategic Plan – City of Colour, City for People was endorsed and adopted by the Council nearly two years ago, it celebrates the cultural diversity of our magnificent City and puts in place a strategic pathway to ensure the diversity of Darwin is at the centre of Council's focus. This motion builds on that document in this Council Chamber, it will educate, connect as well as celebrate our multi-cultural City and provide the community with an additional opportunity to take part in the business of Council on a monthly basis.

I ask for my fellow Aldermen's support on the request for the report and I look forward to a positive outcome in connecting our Council further with our community.

Signed by me at Darwin this 2 December 2021

**ALDERMAN VIM SHARMA**

3. Statement of Financial Position J.

4. Statement of Cash and Investments <a>J</a>

5. Cost of Services U

6. Statement of Capital Expenditure <u>U</u>

## **RECOMMENDATIONS**

- 1. THAT the report entitled 1st Budget Review 2021/2022 be received and noted.
- 2. THAT Council amend the 2021/2022 budget in accordance with Section 203 of the *Local Government Act 2019*, as detailed in report entitled 1st Budget Review 2021/2022 and associated attachments one to six.

## **PURPOSE**

The purpose of this report is to present the 1st Budget Review 2021/2022 and seek Council's endorsement of the recommended amendments to the 2021/2022 budget.

The Budget Review provides additional financial information to supplement statutory monthly financial reporting and cost of services.

## **KEY ISSUES**

- This budget review proposes several amendments to Council's adopted 2021/22 Budget.
- The Budget is balanced, as per legislative requirements.

### **DISCUSSION**

The 1st Budget Review is presented with no change in general funds and is compliant with Section 202 of the Local Government Act 2019, which prohibits budgeting for a deficit except in accordance with the regulations specified in Section 10 of the Local Government (General) Regulations 2021.

This report outlines a high-level summary of some of the significant movements and does not discuss in detail all the variations. The report should be read in conjunction with the detailed notes provided in the attachments for a comprehensive view of all variations.

## **Overall Impact**

- a. "Operating Result (Income Statement)", increase of \$566,000 (debit) leading to more "Funds from operations" (**Attachment 1 & 2**).
- b. "Purchases of Infrastructure", net decrease of \$14,064,000 (debit). (Attachment 6).
- c. "Funds from Financing" increase by \$15,560,000 (debit) (Attachment 2).
- d. "Transfers from specific Reserves" decrease of \$30,189,000 (credit) (Attachment 4).
- e. The sum of the above (a-d) variations to the existing adopted budget result in a nil effect to the General Funds of (**Attachment 2** Bottom Line).

## **Variations of Note**

### **Income Statement**

Overall, the Income Statement deficit decreases (improves) by \$566k due to the recognition of additional capital grant income of \$1.1M. Partially offsetting income increases are increases in operational expenses which are funded by transfers from capital expenditure programs, operational grant funds or from reserves.

Operational expense increases include:

- \$150k removal of obsolete bitumen footpaths, funded by transfer from the capital Footpaths capital program. This includes \$60k increase in Employee Expenses category as works will be completed by internal staff.
- \$150k graffiti control; funded from Infrastructure Works within the Municipality grant proceeds and discussed further below.
- \$130k Boulter Rd Upgrade funds for the current year are for design work and will not result in any immediate construction; funded by transfer from that projects capital budget (source the Developer Contributions Reserve).
- \$103k myDarwin initiative August 2021 round 8 & 9; funded from the Off & On Street Reserve (Council resolution SPE229/21).
- \$40k crack sealing works on various roads; funded by transfer from the capital Road Reseal & Rehabilitation program.
- \$9k additional sponsorship and Other Income for library projects

## **Grants & Contributions Capital net increase \$1.1M**

## Infrastructure Works within the Municipality \$650k

A \$1.73M grant was received by City of Darwin from the Department of Infrastructure, Planning and Logistics (DIPL) at the end of 2020/21 financial year (FY). This Budget Review recognises \$650k of this grant income to be expended as follows:

- \$380k COD contribution to NTG's construction of pedestrian signals Nightcliff Rd
- \$150k graffiti control (operational maintenance expenditure)
- \$120k installation of six electronic speed check signs in Larrakeyah, Wagaman and Wanguri

The balance of the grant funds of \$1.08M is retained in Current Liabilities until further projects

are scoped, these include the female changing rooms at Malak Oval and additional speed check signs across the Municipality.

## **Black Spot Projects**

Black Spot Program 2021-22 - Funding of \$250k has been approved by DIPL for road safety works on 20 school zone speed check signs in the Darwin Municipality with Council required to co-contribute \$250k; bringing the project total to \$500k. This has been recognised in the capital grant income budget. Council's contribution is funded by a transfer from the capital Local Area Traffic Management (LATM) capital budget.

Black Spot Program 2020-21 – \$300k grant funding for road safety improvement works on Alawa Crescent was approved in the previous FY with \$42k grant income and expenditure recognised in the 2020/21 Statements. The 1st Budget Review recognises the balance of the grant to be received and expended of \$258k.

## Civic Centre Redevelopment and Carpark Upgrade Project \$29.5M

The redevelopment of the Civic Centre and Carpark Upgrade (\$30M project) is still in the consultation phase and it is expected that only the design will be progressed this financial year. The 1st Budget Review 'unwinds' \$29.5M of the capital program with funds returned back to the identified reserves the project was being funded from. This will leave \$500k in the capital budget, funded from the Sale of Land Reserve, to cover the current years anticipated expenditure. The \$29.5M will be restated in the 2022/23 financial year as the project is progressed.

#### Loan Proceeds \$15.56M

## Waste SBWMF Leachate Treatment System \$10.56M

The total external loan funding for this project is \$13.2M with \$2.64M drawn down in the previous financial year and the balance to be drawn in the current financial year. The 1st Budget Review restates the proceeds balance of \$10.56M in the statements with \$9.58M allocated to the capital project and \$975k transferred to the Waste Management Reserve (repayment of temporary use of the reserve funds at the end of the 2020/21 FY for the project).

## Garramilla Boulevard Infrastructure \$5M

The 1st Budget Review restates the proceeds balance of \$5M in the statements and is allocated to the capital budget. Finalisation of the asset transfers is currently ongoing.

## Parklet Project \$210k

Funds for the build of parklets funded via internal loan from the Plant & Equipment Replacement Reserve (Council resolution ORD 366/21). Total Council endorsed project is for \$250k with \$210k required in 2021/22 and the balance of \$40k to be brought into the 2022/23 FY.

#### Notes on recommended variations:

- 1. -\$150k Footpath program removal of obsolete bitumen, transfer from capital to operational Civil Infrastructure Pathways maintenance as works operational in nature.
- 2. -\$670k variations:
  - -\$500k Lee Point Rd Upgrade revenue funds identified in the Road Reseal Capital Program to be transferred to Lee Point Upgrade project (consolidate program budget).
  - -\$130k Boulter Rd Upgrade to Urban Cross Section -transfer capital to operational for design work only, construction to commence within the next 18 months. Design components of the work cannot be capitalised.
  - -\$40k Crack sealing maintenance works transferred from capital to Roads operational for maintenance works on various roads.
- 3. +\$300k East Point Sewer Rising Main transfer from Stormwater Program to Building Services Capital to cover upfront costs of leasee contribution.
- 4. -\$29.5M Civic Centre Building Redevelopment reduce budget (transfer back to Reserves) to \$500k for consultation project costs (funding from Sale of Land Reserve). Project is still in consultation phase and it is likely that only the design will be progressed in this financial year. Balance of \$29.5M to be restated in 2022/23 FY.
- 5. +\$5M Garramilla Boulevard infrastructure to be transferred from NTG; loan drawn 21/22 FY.

# 14.2 YOUTH ADVISORY COMMITTEE MINUTES - 11 NOVEMBER 2021 AND AMENDMENT TO TERMS OF REFERENCE

Author: Youth Engagement Officer

Authoriser: General Manager Community

Attachments: 1. Minutes Youth Advisory Committee 11 November 2021 4

2. Current Terms of Reference Youth Advisory Committee 1

3. Amended Terms of Reference Youth Advisory Committee 1.

#### RECOMMENDATIONS

- 1. THAT the report entitled Youth Advisory Committee Minutes 11 November 2021 and Amendment to Terms of Reference be received and noted.
- 2. THAT Council adopt the amended Youth Advisory Committee Terms of Reference at Attachment 3.

## **PURPOSE**

The purpose of this report is to present the unconfirmed Minutes from the Youth Advisory Committee meeting on 11 November 2021 and amended of Terms of Reference.

### **KEY ISSUES**

- The Youth Advisory Committee Unconfirmed Minutes of 11 November 2021 are presented at **Attachment 1.**
- The Committee are seeking adoption of amended Terms of Reference from Council at **Attachment 3.**
- The Committee reviewed the final draft strategy and prepared for presentation to Council.

#### **DISCUSSION**

The Youth Advisory Committee (YAC) Unconfirmed Minutes of 11 November 2021 are presented at **Attachment 1** for Council's information.

YAC were consulted by Officers from City Planning to discuss whether two remaining projects from the 2015 Darwin City Centre Master Plan were still relevant to young people of Darwin. The committee unanimously agreed that the projects would still be relevant but request that Council include them in discussion through the next stages when they arise to ensure they reflect current trends and issues. YAC requested Council consider more consultations with the committee in all future discussions and developments of youth focussed projects.

The Coordinator Youth Programs, presented YAC with the final draft of the 2022-2026 Youth Strategy. Members provided valuable contributions towards the development of the fold out graphic and provided feedback on the final layout. The final Youth Strategy will be presented to Council 30 November by the YAC.

The Committee saw the retirement of Anitha Selvam, due to relocating for studies interstate. The Committee wished Anitha well on her future endeavours.

## Terms of Reference

The YAC considered amendments to the current Terms of Reference (Attachment 2) and recommend two changes:

- Section 5 Membership, 5.1 that the Terms of Reference include that YAC has a rotating Chair to allow for young members to develop skills in public speaking and leadership
- Section 6 Meetings, 6.1 that the Terms of Reference details that the frequency of meetings is no more than eight times annually to align with all other advisory committees.

The Amended Terms of Reference are at Attachment 3 for adoption by Council.

## PREVIOUS COUNCIL RESOLUTION

#### 5. GENERAL BUSINESS

## 5.1 Katy Moir - Darwin City Centre Master Plan Review

Katy Moir, from City Planning met with YAC to discuss whether two remaining projects from the Darwin City Centre Master Plan were still relevant to young people of Darwin, and appropriate to remain on the long-term plan. An arts, culture and youth precinct and a skate-able landscape were identified as concepts during stakeholder and community engagement in 2015, and YAC unanimously agreed that the projects would still be relevant but requested that Council include them in discussion through next stages when they arise to ensure they reflect current trends and issues.

| ACTION | YAC request that Council consider involving them in future discussions and development of youth focussed projects |

## 1 PURPOSE

The Youth Advisory Committee is an Advisory Committee. Its purpose is to give young people a say in voicing their concerns on matters and issues that are important to them and are related to Council. YAC also assists young people involved to develop leadership, communication, teamwork and public speaking skills.

#### 2 SCOPE

The Youth Advisory Committee (YAC) consists of a group of young people, the Council's Youth Services Team and an elected member of Council who meet to discuss and plan around issues affecting young people. YAC is an official advisory committee which keeps Council informed on issues that are significant and important to young people in the city of Darwin. YAC also assists Council in making sure that both the services and the way Council goes about its business are youth friendly so that all young residents of Darwin can be equally included and are able to participate in their community.

## 3 AUTHORITY / DELEGATION

The Youth Committee is an Advisory Committee to Council and does not have any delegation to make decisions. The Committee is able to put recommendations to Council for endorsement, and then may be responsible for completing the action determined by Council resolution.

#### 4 FUNCTIONS

The functions of the Youth Advisory Committee are to:

- a) To build the group's knowledge of issues that affect young people in Darwin so that advice can be given to Council on how to manage these issues.
- b) To work with Council to help find ways of making City of Darwin and its facilities youth friendly so that young people are comfortable in accessing them.
- c) To assist Council to action the objectives of the Youth Strategy.
- d) To provide an avenue for genuine communication between young people and Council.
- e) To gain an understanding of the responsibilities of City of Darwin and its many roles and to be actively involved in Council's decision-making processes when appropriate.
- f) To report the minutes and recommendations of each meeting to Council.

## **PURPOSE**

The purpose of this report is to put forward the nomination to the Animal Welfare Advisory Committee and extend the existing nominations to External Committees.

## **KEY ISSUES**

- Council must, be resolution, appoint people to be members of its committees. This includes
  people who are Council members, Council staff or any other members of the community
  who are not Council members.
- Council received correspondence from Local Government Association of the Northern Territory (LGANT) requesting nominations to represent the Animal Welfare Advisory Committee.
- Council resolved at the meeting on the 28 September 2021 to appoint Elected Members to the External Committees for a period of two months.

### **DISCUSSION**

Council appoints members to committees on an annual basis, unless otherwise specified in committee terms of reference.

That statutory committee structure for Council consists of Executive and Advisory Committees, established in accordance with the *Local Government Act 2019*.

From time to time, external organisations request Council representation to be appointed to their committees.

## **Animal Welfare Advisory Committee**

The Local Government Association of the Northern Territory (LGANT) has written to Council calling for nominations to represent Local Government on the Animal Welfare Advisory Committee. The positions are by Ministerial appointment and is open to Elected Members and Council officers.

Nominees will be endorsed at the LGANT Executive meeting in February 2022 and sent to the Minister for consideration.

The nomination form is attached at Attachment 1.

## PREVIOUS COUNCIL RESOLUTION

At the 28 September 2021 meeting Council resolved:

- 14. (a) THAT Council notes that Alderman Peter Pangquee is an Executive Committee Member appointed to the Local Government Association of the Northern Territory (LGANT) and that his appointment remains current until 6 November 2022
  - (b) THAT Council appoint Council members to External Committees for the period 28 September 2021 to 6 December 2021 as follows:

| External Committee                             | Member                                       | Alternate Member              |  |

#### 15 RECEIVE & NOTE REPORTS

## 15.1 2021 PRE-CYCLONE CLEAN UP

Author: Climate Change & Environment Support Officer

**Executive Manager Environment, Climate & Waste Services** 

Authoriser: General Manager Innovation

Attachments: Nil

## **RECOMMENDATIONS**

THAT the report entitled 2021 Pre-Cyclone Clean Up be received and noted.

#### **PURPOSE**

The purpose of this report is to inform Council of the outcomes of the 2021 Pre-Cyclone Clean Up.

## **KEY ISSUES**

- Utilisation of the Leanyer Depot was a positive change resulting in decreased issues including wait times for other users at the Shoal bay Waste Management Facility during the collection period.
- The percentage of materials diverted from landfill increased in 2021.
- Change in service delivery to Larrakeyah Defence base minimised costs at the detriment of material diversion from landfill.
- The Pre-Cyclone Clean Up (PCCU) in its current model impacts significantly on City of Darwin (CoD) staff, assets, and general day to day service levels.
- The PCCU is being used as a disposal mechanism opposed to other preferred CoD waste services available (kerbside bin and tip tag access).
- It has been determined that a holistic review of the delivery of this service to residents is required. Officers will investigate this further and provide a report back to Council in the new year.

### **DISCUSSION**

The Pre-Cyclone Clean Up (PCCU) is an annual service provided by the City of Darwin since 1997 that collects items from verges across the municipality that may be hazardous in the event of a cyclone. This year the PCCU ran between 6 September to 9 October.

## **Project Planning**

This year changes to the program were trialled to improve outcomes and provide efficiencies. These included:

- Targeted advertisements through various mediums that were aimed at decreasing resources required to collect cardboard which traditionally are not a major hazard during a cyclone event. This included promotions advising residents to "place cardboard in yellow bins" as opposed to on the verge as part of the PCCU.
- Convoy collection process was no longer used. This utilised contractors time and resources more efficiently.
- CoD collected steel and general waste, while contracted services collected cardboard, white goods and E-waste.
- Northern Territory Government main arterial roads, which had historically been undertaken on weekends, were prioritised at the start of collections to minimise visual impact and safety concerns.
- Helping People Achieve (HPA) and CoD worked collaboratively to collect items directly from verges for diversion to the Trash and Treasure Recycling Centre at the Shoal Bay Waste Management Facility.
- Team Leader positions were advertised to all Operations Centre staff. Selected staff were provided with higher duties payments to increase staff engagement and promote ownership of the collection process.
- Leanyer Depot was utilised as a temporary storage of collected items for increased waste diversion and decreased weighbridge wait times to other users.
- An alternative waste collection service was delivered to Larrakeyah Defence Precinct due to access issues.
- Upon request the CoD provided PCCU services to Northcrest on the 9 October.

## **Training**

Training was delivered by CoD to 55 CoD staff and 16 contracted staff. Two days were allocated for internal staff and one for contracted services team leaders. Each session ran for 2.5 hours and covered:

- Manual handling
- Legislation
- Hazard awareness
- Asbestos
- Heat stress
- Incident reporting
- Safe Work Method Statement (SWMS)
- Dangerous animals
- Sharps.

#### **Media and Communications**

Media and communications for the 2021 PCCU were delivered through TV, radio, and social media platforms. This continued the CoD's transition away from more traditional media formats such as newspaper and community banners. As in the previous year, PCCU flyers were omitted to increase sustainability and reduce costs.

To reach elderly members of the community who rely on more traditional media, collaboration with Council of the Ageing Northern Territory and the utilisation of the CoD Senior's Month events and the All-Abilities Expo allowed for increased engagement of this community sector. An increase in the Assisted Pick-Up service sign-ups indicates that this targeted engagement was successful.

## **Customer Service and Community Feedback**

The CoD Customer Service team were the first point of contact for all questions and queries generated by the PCCU. It is estimated that the team fielded an average of 60 PCCU related calls daily during the four-week collection period. This is estimated to equate to 30% of all calls taken.

Common issues and trends identified included:

- Assumption that items will be collected the day after being deposited on the verge
- Awareness that PCCU had begun in their area
- Items and verges being vandalised
- Confusion as to why some items had been removed and not others
- Assisted Pick-Up bookings is a highly valued service
- Residents illegally dumping items targeting vulnerable people's verges
- Safety concerns with waste being left on verges caused residents to not participate.

## **Budget**

The annual budget for PCCU is \$300,000 in contract and operational costs, and \$200,000 in staff wages. Costs associated with the 2021 PCCU as of 8 November 2021 is \$581,833. It is expected another \$70,000 will be put to the PCCU budget as invoices for advertising and contracted services have not been fully identified to date. The inability to accurately collect all associated internal costs is an ongoing issue for the program. A breakdown of costs as of 8 November is provided in Figure 1.

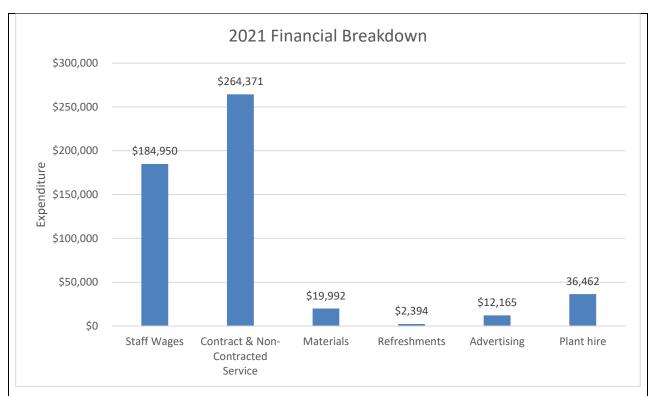

Figure 1. Financial breakdown.

## **Materials Collected**

In total, materials collected were less than previous years (see Table 2). During the 2021 collection, e-waste and cardboard were the only resource streams that increased in volume. Both were diverted from landfill. Specific tonnages for e-waste are yet to be confirmed by the collection company. Total tonnages can, however, be estimated from previous years data. The collection total for 2020 was 20 pallets of e-waste. The 2021 PCCU has collected 41 pallets, doubling that amount. Figures 2 and 3 provide materials collected and resources diverted from landfill respectively.

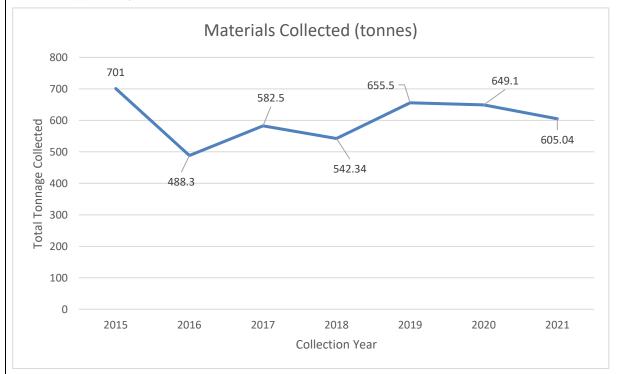

Figure 2. Total waste tonnages collected between 2015 – 2021.

| General Waste | 419.37 | 382.67                | - 36.7     |

Table 1. Tonnes of materials diverted from landfill.

Across all material types, diversion from landfill increased from 35% in 2020 to 37% in 2021 (see Figure 3 below).

CoD will receive an estimated return of \$24,000 from steel salvaged from the PCCU collection.

Due to a change in collection processes, Helping People Achieve (HPA) increased the number of goods collected for the Trash and Treasure Recycle Centre for resale and repurposing. This decreased some of the onus on the CoD.

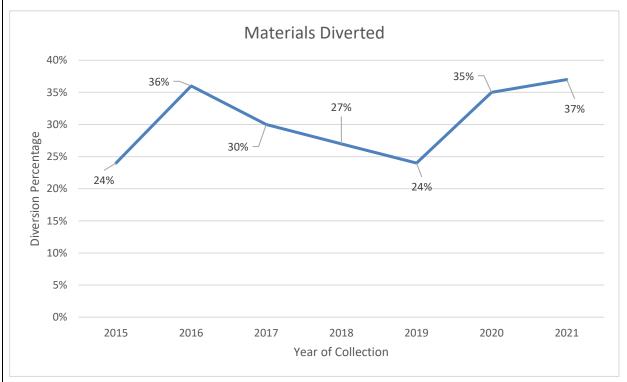

Figure 3. Percent total waste diverted from landfill between 2015 – 2021.

#### **Reactive Collections**

Throughout the PCCU period, the CoD received correspondence from residents regarding items that were not collected. Reactive collections were identified through both internal and community complaints received. With the change to the split CoD and contractor collection method, the identification of what shouldn't be collected became indistinct and resulted in significantly more reactive contractor collections required.

Commonly non-collected items occur due to:

Late disposal of waste on verge

- Illegal dumping
- Missed collection
- Prohibited items

Contractors were engaged for a total of 31 additional days and responded to 106 collections.

## **Prohibited Items and Regulation of Waste**

The CoD maintains a list of prohibited items that will not be accepted as they cannot be collected and transported safely. This is communicated to residents as part of the program. If detected on the verge, residents are made aware of the prohibited items by receiving a notice outlining the presence of the prohibited item and they are asked to remove it from the verge to dispose of appropriately. This year a total of 789 prohibited item notices were issued. This is an increase of 49% from the previous year (see Figure 4).

When asbestos was detected by collection crews, an external contracted service was engaged to test and remove the item on short notice to minimise associated risk to staff and the community. The total cost of removal and disposal of asbestos this year was \$4,922.50.

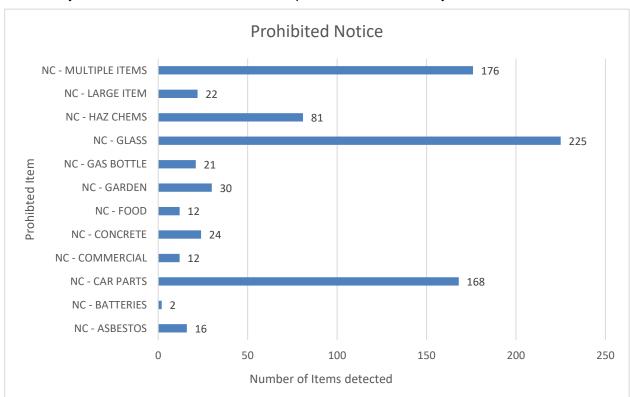

Figure 4. Prohibited items notices delivered to residents 2021 PCCU.

## **Leanyer Depot**

To mitigate the impacts of wait times/traffic flow at the Shoal Bay Waste Management Facility, the Leanyer Depot was utilised for temporarily storing cardboard, e-waste, and whitegoods prior to collection for recycling. Cardboard was placed into large hook bins and emptied daily. White goods were degassed and then transported for recycling.

E-waste was placed on pallets and collected by Ecycle Solutions for transportation and delivery under the National Television and Computer Recycling Scheme. This process succeeded in lowering weighbridge movements by 20% and aided in streamlining the operational disposal processes.

#### Collaboration

The CoD continued its partnership with HPA repurposing items of value placed on verges. HPA's operational involvement was increased with the HPA Breaking Ground Team collecting goods directly from verges with the support of CoD's Assisted Pick-Up team. Common items collected and repurposed included:

- Bikes
- BBQ's
- Gym equipment
- Lawnmowers
- Office chairs.

## **Assisted Pick-Up**

The Assisted Pick-Up service continued to be provided to community members who were unable to take part in the regular service due to age or impairment. The service was delivered in the weeks following the completion of the PCCU. This allowed for those eligible for the service an extended period to become aware that it was available. Over the past seven years, CoD has assisted 284 residents through the program (Table 2).

| Year                 | 2015   | 2016 | 2017 | 2018 | 2019 | 2020 | 2021 |

| Table 2 Assisted Pic | ck-Ups |      |      |      |      |      |      |

## **Larrakeyah Defence Precinct**

Historically, the Larrakeyah Defence Precinct (LDP) service is delivered in a blanket convoy collection system. Due to extensive construction work impacting the area and general access limitations, an alternative service was required for LDP. The CoD engaged contractors to deliver large bins to be filled by residents on the base. These were monitored by base management over the duration of nine days (two weekends). Each bin delivered was designated and clearly marked to a particular material type for diversion purposes. Over the collection period 5.14 tonnes of materials were collected from within the Larrakeyah Defence Base. Unfortunately, due to high contamination rates, there was no diversion of materials from landfill. This service was delivered to 146 properties and came to a cost of \$3,057.21.

#### **Northcrest**

A collection service within the suburb of Northcrest was introduced as an additional requirement during collection of Zone 2. To minimise impact to the service already scheduled, Northcrest collection took place on 9 October 2021. Marketing communications for residents were designed by the CoD Marketing and Communications team. This was then distributed by the developers to inform residents and encourage use of service. The PCCU service was delivered by internal operations staff at an estimated cost of approximately \$4,000. The service was underutilised in this suburb with less than 1.5 tonnes of waste collected.

## **Risk & Safety Reports**

During the 2021 collection there was a total of nine instances of injury, plant damage and near misses reported by CoD staff. These included:

Injury to staff: ThreeDog attack: One

Verbal abuse: One

Damage to plant: Two

Vehicle damage: One

Vehicle near miss: One.

This increase in reports made during the 2021 PCCU can be correlated with a change in process to actively report incidents. The training provided also highlighted the importance of reporting incidents accurately.

## Learnings

- Staff applying for Team Leader positions and being remunerated with higher duties proved successful for staff engagement.
- Changes to collection processes in 2021 minimised overtime required and saved outdoor staff approximately 1,595 hours of normal service duties.
- Reliance on contractor services made regulation of materials on verges less effective and increased the number of reactive collections required, negating savings made.
- Reactive collections increased as the vehicle convoy process was removed and as such is unlikely to be repeated in future years.
- The PCCU is less suitable for multi-unit dwellings. Residents of these properties cannot
  always safely utilise the service as multiple households are depositing items on one
  small verge. This can become hazardous and a nuisance to surrounding services such
  as appropriate access to footpaths by other members of the community.
- Meeting community expectations is limited to some degree due to limitations on communicating and educating residents on how to affectively separate materials for diversion from landfill.
- Utilising Leanyer Depot for temporary storage of collected items proved successful in terms of diverting waste and reducing access impacts on Shoal Bay Waste Management Facility.

Considering these learnings, CoD staff will continue their investigation into a holistic change to the PCCU service with the intent of implementation prior to the 2022 cyclone season. A further report will be brought to Council in 2022 on recommended changes.

## 15.2 GENERAL RATES REVENUE BY WARD

Author: Team Leader Revenue

## **RECOMMENDATIONS**

THAT the report entitled General Rates Revenue by Ward be received and noted.

## **PURPOSE**

The purpose of this report is to provide a summary of the General Rate levied by Ward for the financial years of 2020/21 and 2021/22.

## **KEY ISSUES**

The breakdown of General Rates revenue levied per Ward across two years is as follows:

| Ward       | FY2021 General Rates | FY2022 General Rates | Rates Revenue<br>Increase |
|------------|----------------------|----------------------|---------------------------|
| CHAN       | \$ 14,024,534        | \$ 14,498,441        | 3.38%                     |
| LYONS      | \$ 26,229,398        | \$ 26,930,544        | 2.67%                     |
| RICHARDSON | \$ 11,504,808        | \$ 11,732,971        | 1.98%                     |
| WATERS     | \$ 13,702,914        | \$ 14,163,664        | 3.36%                     |
| TOTAL:     | \$ 65,461,655        | \$ 67,325,619        | 2.85%                     |

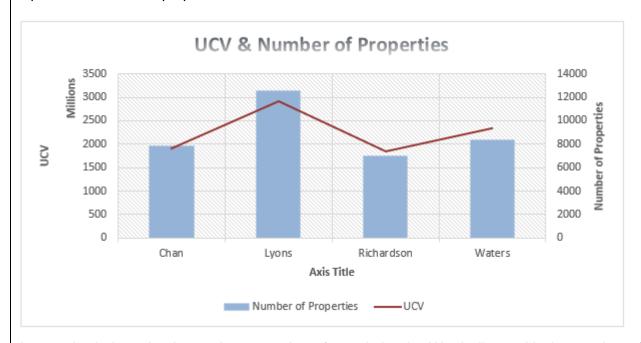

In addition to the 2.5% Rates revenue increase, a key factor for the differing increase percentages was the triennial property revaluation. The property revaluation was completed in 2020 and impacts the incidence of the 2021/22 Rates levied.

### **DISCUSSION**

The total General Rates revenue for rateable properties within the Municipality has been increased from \$65,461,655 in financial year 2020/2021 to \$67,325,619 in financial year 2021/2022.

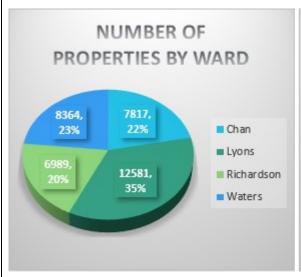

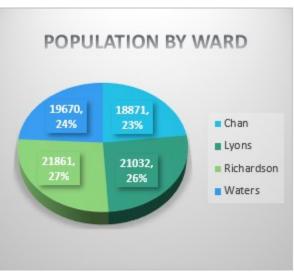

Lyons Ward generates the highest General Rate revenue, i.e. \$26,930,544 in the 2021/2022 financial year. This is driven by a higher number of properties and unimproved capital value compared to other Wards. The General Rates levied for Chan Ward and Waters Ward are relatively even. Richardson Ward levies the lowest general rate revenue, due to the lowest number of properties and the level of Unimproved Capital Value, (UCV). The chart below reports the number of properties and the UCV between Wards.

As per the below pie charts, the proportion of population by Ward aligns with the number of properties by Ward, except for Lyons Ward. This is mainly due to the density of commercial

properties in Lyons Ward.

<sup>\*</sup>The population data used in the above chart is extracted from 2016 Census QuickStats from Australia Bureau of Statistics Website.

#### RECOMMENDATIONS

THAT the report entitled Communications and Engagement Strategy 2021-2023 be received and noted.

## **PURPOSE**

The purpose of this report is to present the Communications and Engagement Strategy 2021-2023 to be received and noted by Council

## **KEY ISSUES**

- This Communications and Engagement Strategy 2021-2023 has been developed to support the delivery of effective, prioritised and high-level communications and engagement activities.
- Currently City of Darwin does not have an overarching Communications and Engagement Strategy.
- This Strategy is based on the premise that keeping our Darwin community informed, and engaging them in decision making will help make Darwin a better place to live.
- The Strategy supports two-way communication to strengthen the relationship between Council and the community and ensure that the delivery of Council's services is based on our community's needs.
- The Strategy supports City of Darwin staff to prioritise and deliver communications and engagement activities in line with the Darwin 2030. City for People. City of Colour. Strategic Plan
- The Communications and Engagement Strategy 2021-2023 is provided at Attachment 1

### **DISCUSSION**

The Communications and Engagement Strategy 2021-2023 is provided at Attachment 1

The Strategy outlines how City of Darwin will keep the community informed and engage them in decision making.

Darwin is a young, multicultural city and our population is diverse. There is no one communication or engagement approach that will work for everyone in all situations. This Strategy outlines our commitment to finding ways to connect with, inform and engage our diverse community through a range of approaches and communications channels.

This Strategy encompasses all City of Darwin stakeholders: including internal stakeholders as well as our many external stakeholders.

There are key principles that underpin how we deliver our communications and engagement goals.

The promise to the community and other stakeholders is for our communications to be:

- open and transparent,
- · timely and responsive,
- simple and accessible,
- · innovative and creative, and
- effective and responsible.

## The goals outlined in the Strategy are:

Goal 1. Let's Communicate: External Communications.

We will deliver communications that are customer focused and informative about Council decisions, services, programs and initiatives that impact our community.

Goal 2. Let's Celebrate: Marketing and Public Relations

We will build City of Darwin's brand and reputation to help ensure we are recognised by our community and stakeholders as trustworthy, authentic and valued. We will promote our achievements with our community and stakeholders.

Goal 3. Let's Chat: Community Engagement.

We will continue to develop an open, transparent and responsive engagement approach that reflects the diversity of our population.

Goal 4. Let's team Up: Internal Communications.

We will improve internal communications across the organisation. We will build the capacity of Council Members and Council staff to communicate, engage and champion Council's strategic directions, services, programs and projects.

The Strategy includes an action plan for each goal. The action plans include a combination of ongoing activities and one-off projects that will be delivered across up to 2023.

Note: This Strategy was put on hold pending the inauguration of the new Council and the organisational restructure. Therefore several of the 2021 tasks and projects are either underway or completed.

This strategy was developed through:

City of Darwin Communications and Engagement Strategy 2021-2023

# LORD MAYOR'S MESSAGE

I believe that keeping our community informed and engaging them in decision making will help make Darwin a better place to live, work and visit. This is the aim of City of Darwin's Communications & Engagement Strategy 2021-2023.

Two-way communication is essential to strengthen the relationship between Council and the community and to ensure that the delivery of Council's services is based on our community's needs.

Darwin is a young, multicultural city and our population is diverse. There is no one communication approach that will work for everyone in all situations. We commit to finding ways to connect with, inform and engage our diverse community through a range of approaches and communications channels.

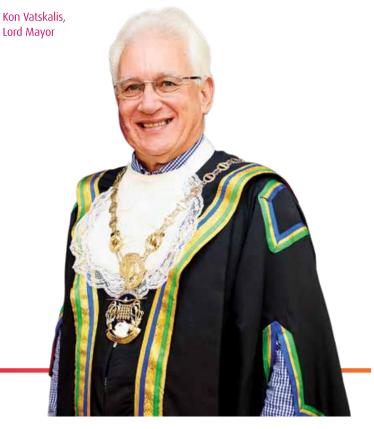

The promise to our community is for our communications to be open and transparent, timely and responsive, simple and accessible, innovative and creative, and effective and responsible.

We will deliver communications that are customer focused and informative about Council decisions, services, programs and initiatives that impact our community. This will help to build our brand and reputation.

We will also deliver community engagement that gives the people of Darwin a say in Council decisions and ensures Council is aware of the community's views, values and priorities.

This Strategy has been prepared as a framework to support Council's Darwin 2030: City for People. City of Colour Strategic Plan. The focus areas for Council's communication and engagement activities reflect Council's major initiatives including greening and beautifying Darwin, transforming Darwin with major capital works projects, environmental sustainability, digital transformation and meaningful reconciliation.

Good communication and engagement is not 'set-and-forget'. We need to be flexible, adapt to change and evaluate our practices. I encourage you to engage with Council and let us know what you think and on our part we commit to listening and keeping you informed about Council decisions and actions that impact you.

City of Darwin Communications and Engagement Strategy 2021-2023

# **OUR PRINCIPLES AND PROMISE**

We will apply the following principles and promise statements to delivering this strategy:

1 OPEN AND TRANSPARENT

TIMELY AND RESPONSIVE

3 SIMPLE AND ACCESSIBLE

City of Darwin is committed to open and transparent communications that maximise our community's understanding and knowledge of our decisions, services, programs and initiatives.

Our Promise: We respond openly and transparently.

We will communicate with you promptly whether you are a member of the community, a customer or representing media.

Our Promise: We are proactive, while maintaining responsiveness.

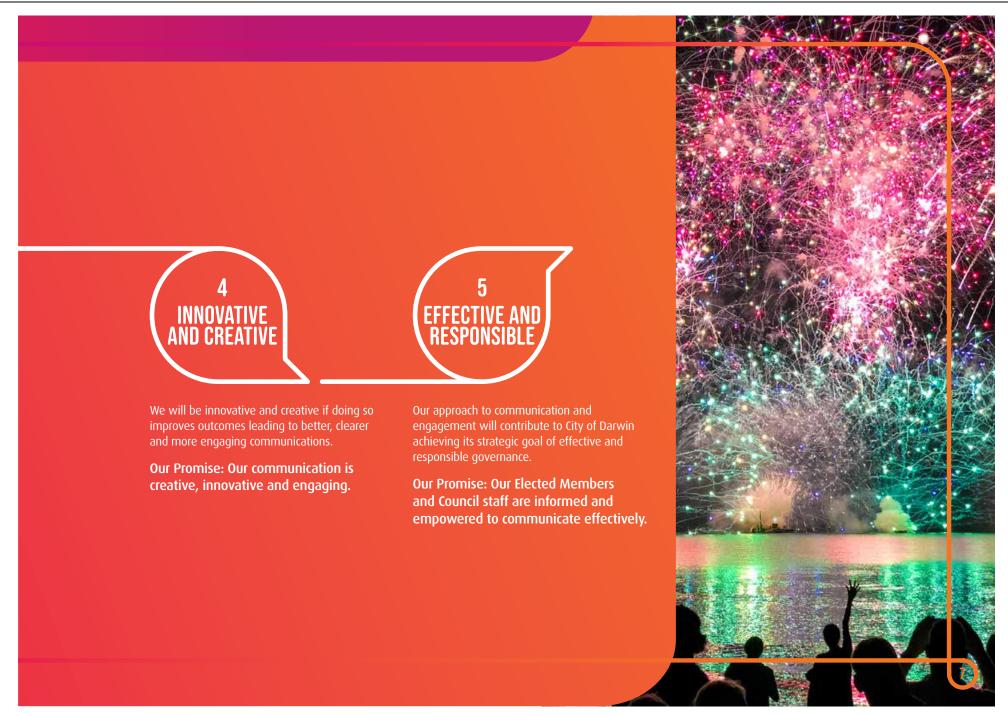

We will communicate with you in plain language.

We will use tools and methods that give you the information that you need to be informed and engaged.

Our communications will be accessible to as many impacted and interested people as possible.

Our Promise: We promote community access to Council Members and Council staff.

City of Darwin Communications and Engagement Strategy 2021-2023

## STRATEGIC PLANNING FRAMEWORK AND CONTEXT

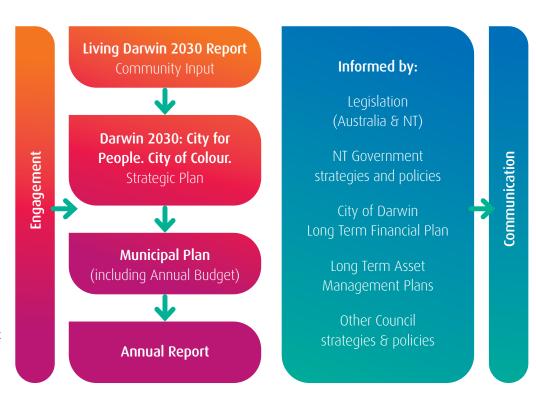

City of Darwin's Strategic Planning Framework is founded on community engagement and underpinned by a robust governance framework.

City of Darwin's 2030 vision, *City for People. City of Colour.* quides all that we do.

The integrated framework outlined here demonstrates the relationship between engagement and communications within the broader context of the City of Darwin Strategic Planning Framework.

The Framework is implemented via the deliverables outlined in the annual Municipal Plan which connects actions to budgets and operationalise these plans through internal department business plans.

The Action Plan outlined from page 26 will inform future Department business plans. Reporting against the business plans will ensure that we are able to periodically update Council, the community and our stakeholders on the progress and achievements in delivering this strategy.

8

City of Darwin's vision is delivered through five strategic directions.

### **OUR GOALS**

These are our communication and engagement goals. They guide our action plan.

Target: To deliver an ongoing communications program that is customer focused. This will be achieved by:

- Informing and engaging the community about the Council decisions, services, programs and initiatives that impact them
- Delivering timely, relevant and accessible communications through a variety of communications channels
- Creating a culture of customer focused communications practices framed on best practice approaches, robust frameworks and strategic alignment.

Target: To build City of Darwin's brand and reputation. This will be achieved by:

- Being recognized by our community and stakeholders as trustworthy, authentic and valued
- Promoting our achievements proactively with the community and our stakeholders.

16

Target: To develop an open, transparent and responsive engagement approach that reflects the diversity of our population and the unique Darwin lifestyle and values. This will be achieved by:

- Ensuring the community has a say in Council decisions that impact them
- Ensuring Council understands the community's views, values and priorities
- Increasing the community's awareness of how to engage with Council
- Providing opportunities for the community to input into decisions regarding controversial issues.

Target: To improve internal communications across the organisation. This will be achieved by:

- Building the capacity of Council Members and Council staff to communicate, engage and champion Council's strategic directions, services, programs and projects.
- Developing a culture of proactive communications.
- Promoting and encouraging CARES values to Council staff. City of Darwin's CARES values are customer service, accountability, respect, excellence and solidarity.

City of Darwin Communications and Engagement Strategy 2021-2023

# LET'S COMMUNITY ENGAGEMENT

Ensure the community has a say in Council decisions that impact them and that the delivery of services and programs is informed by the needs and expectations of our communities

Create meaningful and inclusive engagement opportunities that result in an informed, active and connected community.

36

Provide stakeholders and the community with genuine opportunities to inform Council decision making.

Continue to strengthen relationships with the community so that engagement activities are ongoing conversations rather than isolated events.

# SERVICE DELIVERY [what we do]

Manage Council's community engagement program to ensure community and stakeholder participation in Council decision making

Provide our stakeholders with the information they need to participate City of Darwin's decisions, services, programs and initiatives.

 Address the requirements for community consultation and engagement set out in the Local Government Act and City of Darwin's Policy No 025 Community Engagement

Support City of Darwin teams to engage in meaningful conversations, create engagement opportunities, and analyse the feedback received, and ensure that the findings of engagement processes inform decision making.

Ensure that the community is advised as to how their feedback informed the decision

Advocate for the community's views with internal decision makers

Dear Mr Waters

#### COMMUNITY JUSTICE CENTRE 2021 REVIEW

I write to seek your input into a review of Community Justice Centre functions that my Department will be undertaking over the coming month.

The Community Justice Centre provides a range of dispute resolution services across the Northern Territory; however, earlier this year there was a decision to reduce the Centre's functions to only mediating referrals under section 14 of the *Personal Violence Restraining Orders Act 2016*. The reduced service scope would result in the closure of the centre in Casuarina, with personal violence matters instead operating out of the Darwin Local Court. In response to concerns raised by our key stakeholders, we have delayed the change management process to allow for further consultation and consideration of this decision.

Your views are important to us. The primary questions guiding the review are:

- What would be the impact of reducing Community Justice Centre functions? and
- What opportunities may be lost with this proposal?

By undertaking this review, we seek to better understand the current need for Community Justice Centre services, and establish whether the proposal to reduce the Centre's service functions is appropriate. To contribute, please respond to the short survey that is available on the Northern Territory *Have Your Say* website at: <a href="https://haveyoursay.nt.gov.au/cjc-review">https://haveyoursay.nt.gov.au/cjc-review</a>. Alternatively, you may wish to make a submission by emailing the CJC directly – <a href="mailto:cjc@nt.gov.au">cjc@nt.gov.au</a>.

Submissions close Friday 10 December 2021. For further information about the review, or to enquire about current services, please contact Melinda Tew, Acting Director on 08 8985 8685 or by email – <a href="mailto:melinda.tew@nt.gov.au">melinda.tew@nt.gov.au</a>.

Dear Ms Lake

I wrote to you on 10 August 2021 outlining our concerns regarding proposed changes to the Community Justice Centre (CJC). This letter responds to your correspondence of 18 November 2021 outlining proposed further limitations including the closure of the CJC in Casuarina.

Our concerns remain and we anticipate negative impacts to community amenity and safety. City of Darwin is opposed to the removal of the Community Justice Centre in Casuarina and to the continuing cuts to services for our community. We appreciate the critical services that CJC have provided this community through its 18 years of operation and acknowledge that 2020 and 2021 have seen strong service delivery despite considerable challenges.

CJC's mediation services have provided critical support to City of Darwin's Regulatory Services. The CJC has, in the past, supported members of our community to resolve disputes between neighbours alleviating the need for further actions. Matters CJC have supported have ranged from use of land, boundary disputes, fencing issues, tree issues, noise complaints and animal management. In addition, CJC has mediated between community groups.

I note the Annual Report for CJC for 2020-21 highlights that, despite no service promotion, a number of changes of leadership and staffing shortages, the demand for services remained strong and the Centre continued to provide much needed mediation and support. During the period of the annual report a 69% agreement rate was reached for those who undertook mediation, increasing by 48% on the previous year. Although not directly related to our municipality I also note the partnership in the Gove Peninsula to establish culturally appropriate peacemaking and mediation processes.

I understand that proposed changes would see work by CJC limited to only some aspects of personal violence rather than the broad scope of critical services they currently provide. I urge those reducing the scope to consider the impact of their

darwin.nt.gov.au

decisions on those unable to afford legal counsel or incapable of the long term investment required by the court system in the NT. Such cuts will see more Territorians without appropriate avenues or recourse.

Access to a free community service that provides opportunities to prevent escalation and to keep matters out of the Northern Territory Court system is critical for our residents and removing this capacity would see Territorians at a distinct disadvantage.

City of Darwin believes that CJC provides critical services and that any reduction to these services is ill advised and detrimental to our community.

SCOTT WATERS

Yours sincerely

### 19 DATE, TIME AND PLACE OF NEXT ORDINARY COUNCIL MEETING

THAT the next Ordinary Meeting of Council be held on Tuesday, 25 December 2021, at UNSCHEDULED (Open Section followed by the Confidential Section), Council Chambers, Level 1, Civic Centre, Harry Chan Avenue, Darwin.

#### 20 CLOSURE OF MEETING TO THE PUBLIC

THAT pursuant to Section 65 (2) of the Local Government Act and Regulation 8 of the Local Government (Administration) Regulations the meeting be closed to the public to consider the Confidential Items of the Agenda.

#### RECOMMENDATIONS

That Council considers the confidential report(s) listed below in a meeting closed to the public in accordance with Section 65(2) of the Local Government Act:

#### 25.1 Notice of Motion - Governance Health Check

This matter is considered to be confidential under Section 99(2) - 51(c)(i) of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with information that would, if publicly disclosed, be likely to cause commercial prejudice to, or confer an unfair commercial advantage on, any person.

#### 26.1 Civic Centre Redevelopment

This matter is considered to be confidential under Section 99(2) - 51(c)(i) and 51(c)(iii) of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with information that would, if publicly disclosed, be likely to cause commercial prejudice to, or confer an unfair commercial advantage on, any person and information that would, if publicly disclosed, be likely to prejudice the security of the council, its members or staff.

#### 26.2 Dragonfly Carpark Project Completion

This matter is considered to be confidential under Section 99(2) - 51(a) of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with information about the employment of a particular individual as a member of the staff or possible member of the staff of the council that could, if publicly disclosed, cause prejudice to the individual.

#### 26.3 Parklet Program Update

This matter is considered to be confidential under Section 99(2) - 51(c)(i) of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with information that would, if publicly disclosed, be likely to cause commercial prejudice to, or confer an unfair commercial advantage on, any person.

#### 27.1 Review of Mindil Beach Alcohol Restrictions

This matter is considered to be confidential under Section 99(2) - 51(e) of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with subject to subregulation 51(3) – information provided to the council on condition that it be kept confidential and would, if publicly disclosed, be likely to be contrary to the public interest.

#### 1 Acknowledgement of Country

We the members of City of Darwin acknowledge that we are meeting on Larrakia Country.

We recognise and pay our respects to all Larrakia people, Traditional Owners and Custodian Elders of the past and present.

We support emerging Larrakia leaders now and into the future.

We are committed to working together with all Larrakia to care for this land and sea for our shared future.

#### 2 THE LORD'S PRAYER

Our Father, who art in heaven, hallowed be thy name; thy kingdom come; thy will be done; on earth as it is in heaven.

Give us this day our daily bread. And forgive us our trespassess, as we forgive those who trespass against us. And lead us not into temptation; but deliver us from evil.

For thine is the kingdom, the power, and the glory for ever and ever.

Amen.

#### 18.3 SAFETY ASSESSMENT

#### **RESOLUTION ORD475/21**

Moved: Alderman Ed Smelt Seconded: Alderman Morgan Rickard

THAT the Chief Executive Officer provide a report to Council with a safety assessment of the informal pedestrian crossing on the eastern leg of the roundabout at Progress Drive and Dick Ward Drive in Nightcliff and the current speed limits on Progress Drive between Dick Ward Drive and Nightcliff Road.

During the works for the new police station in Nightcliff, a temporary pedestrian refuge has been staked out with bollards. This has improved pedestrian safety for Coconut Grove residents crossing Progress Drive to access schools and shops in Nightcliff and Rapid Creek, however, will be removed with the conclusion of the works. Currently the eastbound section of Progress Drive between Dick Ward Drive and Nightcliff Road is 50 km/hr while the westbound section is 60 km/hr. This difference in speed limits on opposite sides of the same road can be confusing and send mixed messages to drivers in this highly pedestrianised area.

The report is to include a safety assessment, potential upgrade options for increasing safety at the informal pedestrian crossing and review of speed limits, with respective cost estimates, for presentation at the 1st Ordinary Council Meeting in March 2022.
