Subject: New Diving Blocks for Casuarina Pool

Dear Mr Dowd

I was delighted to read the "Draft 2014/15 City of Darwin Municipal Plan" currently on the City of Darwin website and would like to provide some positive feedback on the commitment to improve the Casuarina Swimming Pool.

I noted on Page 30 of the extensive 107 page plan that capital investment in the facility of \$40,000 has been allocated for "Casuarina Pool Starter Block Replacement"

This is a most welcome improvement to the facility and I am sure those in the swimming and wider community will be in full support of this capital investment. In addition to being of great benefit to our increasing membership we also hope it will assist Council in achieving goals within the Strategic Plan, specifically in areas such as community and lifestyle.

We are also sure this will assist our National level swimmers to now practise race start dives, like all other State swimmers currently can.

On behalf of our son, we commend Darwin City Council on this decision and look forward to the works commencing as soon as practicable.

We wish to extend our personal thanks to Council staff, Aldermen and the Lord Mayor for their ongoing support of swimming in Darwin.

Kind Regards

Geoff Selvey and Rosie Hatton
