ASSET MANAGEMENT POLICY & PROCEDURE REVIEW - FINANCE			
REPORT No.:	16A0096 MC:je	COMMON No.:	2078949
		DATE:	26/08/2016

Presenter: Finance Manager, Miles Craighead

Approved: General Manager Corporate Services, Diana Leeder

PURPOSE

The purpose of this report is to update the Committee in respect of a review of Asset Management Policy and Procedure in so far as responsibilities allocated to Finance.

LINK TO STRATEGIC PLAN

The issues addressed in this Report are in accordance with the following Goals/Strategies of the City of Darwin 2012 – 2016 as outlined in the 'Evolving Darwin Towards 2020 Strategic Plan':-

Goal

5 Effective and Responsible Governance

Outcome

5.5 Responsible financial and asset management

Key Strategies

5.5.1 Manage Council's business based on a sustainable financial and asset management strategy

KEY ISSUES

- Report 16TS0081 was presented to the last committee meeting and attachment B to that report provided a list of policies and procedures for review with some proposed dates.
- This report presents a new policy and procedure review proposal in relation to those that were assigned to Finance responsibility and provides for at least one review per month and combines reviews of policies and procedures that overlap or support each other to the same month.

PAGE: 2
 REPORT NUMBER: 16A0096 MC:je
 SUBJECT: ASSET MANAGEMENT POLICY & PROCEDURE REVIEW - FINANCE

RECOMMENDATIONS

THAT the Committee resolve under delegated authority:-

- A. THAT Report Number 16A0096 MC:je entitled Asset Management Policy & Procedure Review - Finance, be received and noted.
- B. THAT the Outstanding Risk Register be updated to reflect amended dates for completion of review of financial policies and procedures relating to asset management.

BACKGROUND

Report 16TS0081 entitled "Asset Management Audit – Update on Outstanding Audit Issue No. 145" was presented to the Committee at its meeting held on 27 May 2016. Attachment B to report 16TS0081 was a listing of asset policies and procedures for review with responsibilities and proposed dates for review assigned.

DISCUSSION

The review of policies and procedure proposed dates require amendment. The intention at this stage is to aim for one policy or procedure review each month until complete. This approach should be sustainable.

Attachment A to this report is the revised dates stated as the month and year for completion.

CONSULTATION PROCESS

This report was considered by the Executive Leadership Team on 22 August 2016 and is now referred to Risk Management and Audit Committee for consideration.

In preparing this report, the following City of Darwin officers were consulted:

- Manager of Assets
- Management Accountant
- Assets Accountant

POLICY IMPLICATIONS

The reviews of asset policies and procedures relevant to Finance could result in new, amended or removed policies. Accounting policies for assets are already reviewed by Council annually in conjunction with the preparation and audit of its annual financial statements. Therefore this review will not be focussing on accounting policies that are contained within and adopted as part of the annual financial statements except where additional detail or guidance is necessary.

PAGE: 3
REPORT NUMBER: 16A0096 MC:je
SUBJECT: ASSET MANAGEMENT POLICY & PROCEDURE REVIEW - FINANCE

BUDGET AND RESOURCE IMPLICATIONS

This report does not request any additional resources or budgets.

RISK/LEGAL/LEGISLATIVE IMPLICATIONS

Policies and procedures will be reviewed on a risks cost and benefits basis.

ENVIRONMENTAL IMPLICATIONS

Environmental issues (if any) relevant to a particular policy or procedure will be addressed as part of reviewing that procedure.

COUNCIL OFFICER CONFLICT OF INTEREST DECLARATION

We the Author and Approving Officers declare that we do not have a Conflict of Interest in relation to this matter.

AGENDA ITEM: 10.2

INTERIM AUDIT AND AUDIT PLAN FOR THE YEAR ENDED 30 JUNE 2016

REPORT No.: 16A0098 MC:je

COMMON No.: 2251082

DATE: 26/08/2016

Presenter: Finance Manager, Miles Craighead

Approved: General Manager Corporate Services, Diana Leeder

PURPOSE

The purpose of this report is to advise the Committee on the Interim Audit and Audit Plan for the year ended 30 June 2016.

LINK TO STRATEGIC PLAN

The issues addressed in this Report are in accordance with the following Goals/Strategies of the City of Darwin 2012 – 2016 as outlined in the 'Evolving Darwin Towards 2020 Strategic Plan':-

Goal

5 Effective and Responsible Governance

Outcome

5.5 Responsible financial and asset management

Key Strategies

5.5.1 Manage Council's business based on a sustainable financial and asset management strategy

KEY ISSUES

- There have been various discussions between Council and Merit representatives leading to an Audit Plan from Council.
- Interim auditing has taken place on site with no significant matters identified.

RECOMMENDATIONS

THAT the Committee resolve under delegated authority:-

THAT Report Number 16A0098 MC:je entitled Interim Audit and Audit Plan For The Year Ended 30 June 2016, be received and noted.

BACKGROUND

There are no preceding reports relating to the interim audit or audit plan for the year ended 30 June 2016.

City of Darwin

Audit plan for the year ended

30 June 2016

Including findings from the Interim Audit

12 August 2016

The Council - Risk Management and Audit Committee
City of Darwin
GPO Box 84
DARWIN NT 0801

Private and confidential

Dear Council/Committee Members,

We are pleased to present our Audit Plan ("the Plan") including findings from the interim audit, for the year-end audit of City of Darwin for the year ended 30 June 2016. This Plan outlines the scope of our services and presents our understanding of some key considerations that will affect the 2016 audit.

Our audit is designed to express an opinion on the 2016 full year financial statements. Our current year Plan has been prepared based on our understanding of the Council's business and the industry it operates in. We have considered and will continue to consider Council's current and emerging business risks, assessing those that could materially affect the financial statements and align our procedures accordingly. The Plan will be responsive to your needs and will maximise audit effectiveness so we can deliver the high quality audit you expect.

If you have any questions or comments, please contact Candice Thomson, Senior Manager or myself on 89 821 444.

Yours faithfully

1. Executive Summary

1.1 Introduction

As part of our engagement as the External Auditors of The City of Darwin (“the Council”), we have performed the interim audit for the year ended 30 June 2016. Our audit process focused on those risks with the potential for a significant financial statement impact.

1.2 Our Audit

Our audit procedures are designed to assist us to form an opinion at year end as to whether the financial report as a whole, will be presented in accordance with the applicable accounting standards. The controls tested during our interim audit were selected on the basis of relevance to the financial statements.

An audit is not designed to detect all weaknesses in control procedures as it is not performed continuously throughout the period and the tests are performed on a sample basis.

Accordingly, the following comments do not include all possible weaknesses and improvements in internal controls. It also does not include our observations of the strengths of the system of internal control observed, of which there are many. We have not found any significant weaknesses in the key controls or procedures at the Council at the end of our interim audit.

Our report in respect of the audit findings has been prepared solely for the use of the Council and should not be copied, shown to, referred to or quoted to any other party in whole or in part, without our prior consent in writing.

2. Audit Plan Highlights

Effective Audit Approach	<ul style="list-style-type: none"> ▶ Our proposed audit approach including materiality and key deliverables to the Council. Refer to Sections 3 and 4 of this report.
Key Financial Processes	<ul style="list-style-type: none"> ▶ Our proposed audit approach to key financial processes and internal controls supporting the financial statements. <p>During our interim audit, we have documented the Council's key processes and tested the key controls relating to the following processes:</p> <ul style="list-style-type: none"> • Revenue and receipts • Procurement and payments • Payroll and payments • Bank reconciliations • Financial Statement Close Process <p>Refer also to Section 3.4 for the audit approach and Section 7 for the interim audit results.</p>
Current Business Risks with Financial Implications	<ul style="list-style-type: none"> ▶ Current business risks with potential financial statement implications identified through our planning process and our plan to address these during the audit. Refer to sections 3.4 and 4.2 for our audit approach.
Financial Reporting Risks and Accounting Issues	<ul style="list-style-type: none"> ▶ Our assessment of the key financial reporting risks and audit and accounting issues facing the Council in 2015/2016 and our plan to address these during our audit. Refer to Section 4 of this report.
Audit team	<ul style="list-style-type: none"> ▶ We have outlined our core audit team who will be involved in delivering our high quality audit service. Refer to Section 5 of this report.
Independence	<ul style="list-style-type: none"> ▶ We acknowledge its importance and confirm our independence. Refer to Section 6 of this report.

3. An Effective Audit Approach

Our audit is primarily designed to enable us to express an opinion that the general purpose financial report presents fairly, in all material respects, the City of Darwin's financial position and financial performance in accordance with the accounting policies to the financial statements.

Our audit is primarily designed to enable us to express an opinion that the financial report is prepared, in all material respects, in accordance with the Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Local Government Act 2008* and *Local Government (Accounting) Regulations*.

3.1 Materiality

Materiality is used to determine the nature and extent of our audit procedures. It serves as a threshold for considering the individual and cumulative effect of potential adjustments and accounting issues.

Materiality levels are established by reference to income, as well as other quantitative and qualitative considerations. We consider 1% of income as an appropriate materiality level for the Council. We propose to establish planning materiality at \$1.2 million based on annualised Gross Revenue of \$119 million for the period ended 30 April 2016.

We will regularly review the level of materiality throughout the engagement and where a change is necessary we will advise the Risk Management and Audit Committee (RMAC) accordingly.

We will report to you all audit differences greater than \$59,500 to Council's result whether they are adjusted or unadjusted.

3.2 Opinions to be issued

Audit of the full year financial statements

Our audit will be conducted to provide reasonable assurance as to whether the financial report for the year ended 30 June 2016 is free of material misstatement. We conduct our audit in accordance with Australian Auditing Standards and the financial reporting requirements of the *Local Government Act 2008* and *Local Government (Accounting) Regulations*.

Other audit opinions

We will also audit the special purpose financial report of the Council's various grant programs in accordance with each grant program terms and conditions and the reporting requirements of each funding body.

3.3 The risk of fraud and error

The primary responsibility for the prevention and detection of fraud and error rests with those charged with the governance and management of the Council.

Our responsibility as the external auditor is to consider the risk of fraud and the factors that are associated with it so as to ensure that the financial statements are free from material misstatement resulting from fraud. However, it is important to note that while our external audit work is not primarily directed towards the detection of fraud or other irregularities, we will report any matters identified during the course of our work.

3.4 Audit Approach

Activity	Planning / Risk Assessment	Testing	Completion
Objectives	<ul style="list-style-type: none"> ▲ Perform risk assessment ▲ Determine critical accounting matters ▲ Plan audit procedures ▲ Evaluate fraud risk in financial reporting ▲ Understand accounting and reporting activities 	<ul style="list-style-type: none"> ▲ Test operating effectiveness of key controls with sample sizes based on frequency and nature of controls ▲ Assess control risk and the risk of significant misstatement ▲ Perform substantive audit procedures ▲ Audit non-routine transactions and re-assess the risk of misstatement ▲ Consider if audit evidence is sufficient and appropriate 	<ul style="list-style-type: none"> ▲ Evaluate and report audit findings ▲ Form and issue audit opinion
Activities	<ul style="list-style-type: none"> ▲ Update our understanding of the Council's business via discussions with executive management ▲ Assess risks and identify general ledger accounts requiring audit focus ▲ Assess materiality having regard to business forecasts/budget ▲ Undertake analytical reviews and assess key accounting issues ▲ Discuss key processes and controls relevant to "Significant general ledger accounts" ▲ Test the design and implementation of controls 	<ul style="list-style-type: none"> ▲ Perform testing on complex and non-routine transactions ▲ Perform other tests to supplement controls testing ▲ Audit financial statement disclosures 	<ul style="list-style-type: none"> ▲ Resolve judgemental issues identified during the audit ▲ Evaluate the Council's financial statements ▲ Summarise key findings and report to management and the RMAC Members
Deliverables	<ul style="list-style-type: none"> ▲ Feedback on Key Accounting issues, if any, pre year end 	<ul style="list-style-type: none"> ▲ Summary of adjusted and unadjusted audit differences for consideration by management including significant deficiencies in internal controls ▲ Draft report to the RMAC ▲ Draft Audit closing report 	<ul style="list-style-type: none"> ▲ Audit opinions and applicable independence declaration ▲ Full year report to the RMAC ▲ Attendance at the RMAC meeting

3.5 Year-end timing

An objective of the interim audit was to liaise with management to plan for the year-end audit. Part of this process involved analysing last year's financial statements and reviewing the timing, extent and nature of audit procedures required. The outcome of this process was that final audit fieldwork and procedures will commence on Monday 19 September 2016.

The following timetable has been agreed with City of Darwin management:

Day	Date	Action	Responsibility
Monday	16/05/2016	Site visit to undertake interim audit field work	Merit Partners
Tuesday	26/7/2016	Site visit to undertake audit field work around assets and bank balances	Merit Partners
Monday	12/09/2016	Draft financial statements completed	Manager Finance
Wednesday	14/09/2016	Internal review of financial statements completed	Manager Finance
Friday	16/09/2016	Provide the draft Financial Statements to Audit pursuant to S132 of the Local Government Act (NT)	Manager Finance
Monday	19/9/2016	Site visit to undertake audit field work	Merit Partners
Friday	14/10/2016	Draft auditor reports and closing letter provided to RMAC	Merit Partners
Friday	28/10/2016	RMAC meet to consider the auditor reports, financial statements and closing letter	RMAC
Friday	28/10/2016	CEO signs management representation letter	Chief Executive Officer
Friday	28/10/2016	CEO signs financial statements	Chief Executive Officer
Friday	28/10/2016	Auditor signs audit report and formally issues the closing letter	Merit Partners
Tuesday	15/11/2016	CEO lays Financial statements before Council at 1 st ordinary meeting	Chief Executive Officer
Tuesday	15/11/2016	Lodge annual report including audited financial statements with DLG & NTGC	Manager Strategy & Outcomes

4. Key areas of audit focus

4.1 Our risk assessment of financial statement accounts

Our approach is to identify the significant accounts and the critical accounting processes that impact these accounts. This necessitates the determination of where material constituent components of the accounts and related processes are located throughout the group. Our audit then addresses these areas. Our audit is conducted as one team to guarantee a streamlined audit across all of your divisions.

The Council's significant accounts and the planned testing are as follows:

Financial Component	Analytical review	Planned control reliance	Substantive Testing Approach
Rates, Levies and Charges	✓	✓	
Fees and Charges	✓	✓	
Grant Funding	✓		✓
Other Income	✓		✓
Employee Benefits	✓	✓	
Expenses	✓	✓	
Cash and cash equivalents	✓		✓
Investments	✓		✓
Trade and Other Receivables	✓		✓
Infrastructure, property, plant & equipment	✓		✓
Trade and Other Payables	✓		✓
Provisions	✓		✓
Borrowings	✓		✓
Reserves	✓		✓

Throughout the year we will meet regularly with process owners and key members of management and continue to challenge and modify our risk assessment.

4.2 A risk based approach

Our audit considers a view of the risks faced by your business, which ultimately impact your financial reports. In order to identify the key business risks of the Council, we have considered:

- ▶ Council's strategies and objectives;
- ▶ Government policy and legislation; and
- ▶ The economic and market conditions in which Council's operates

This involved discussions with management, input from the RMAC, drawing on our past experience and knowledge, reference to external data sources, examining Council's current and proposed accounting and reporting practices and identifying key judgemental areas.

We have prepared a summary of those key risks below and our planned response in the tables that follow.

Areas of Audit Focus	Audit procedures to be performed
Follow up of prior year audit issues	<p>We will follow up with management on the current status of the following matters:</p> <ul style="list-style-type: none"> ▶ Trust account clean up. The Council had a significant number of long standing balances within the trust account at 30 June 2015, a large number dating over 10 years since the date of initial deposit. In some instances the organisation that initially paid the deposit no longer exists.
Revenue received in advance	<p>We will follow up on the accounting for Revenue Received in Advance, in particular, Rates Revenue, and ascertain that it complies with the relevant accounting standards.</p>
Fixed assets valuation and ownership	<p>We will obtain and review the Council's fixed assets register and agree the balances of the register to the general ledger.</p> <p>A sample of additions and disposals will be checked against relevant supporting documentation such as invoice, contracts and procurement guidelines and policies.</p> <p>We will also review related repairs and maintenance accounts to ensure that relevant transactions of a capital nature have not been omitted from being capitalised.</p> <p>Valuation reports will be reviewed to ensure assets are valued appropriately and the methods and assumption used by the valuers appear sound and robust.</p> <p>Fixed asset useful lives and depreciation rates, depreciation and amortisation accounts will be reviewed to ascertain their accuracy and reasonableness.</p> <p>We will conduct a review of depreciation methods and assumptions used (e.g., reasonableness of residual values) in calculating depreciation and amortisation.</p> <p>We will also review management's assessment of impairment which includes review of minutes of the Council and RMAC for any reference to indicators of impairment and correspondence from the Chief Officer's Group.</p>
Financial Statement Presentation	<p>For the year ended 30 June 2016 the Council intends to voluntarily adopt the South Australian basis of reporting formats and notes (excluding the related parties disclosures) based on NT FRG and the Department of Local Government and Community Services' intention for this to be mandated in the future.</p> <p>We will review the financial statements in accordance with Australian Accounting Standards and Local Government Act and Regulations. Currently we are not in a position to comment on the proposed changes/template as the financial statements have not been provided for audit review.</p>

Areas of Audit Focus	Audit procedures to be performed
Street lighting maintenance and ownership	<p>We will continue to monitor the status of the street lighting issues and potential impacts on the Council's profit and loss and balance sheet.</p> <p>Based on recent correspondence from the Council, the Streetlight Review Committee has developed a resolution to the issues which has been accepted by the Northern Territory Government, Power and Water and Local Council representatives which will see the ownership of all street lighting within local government areas for which the local council has care, control and management from 1 January 2018.</p>
Restricted reserves	<p>We will obtain and review the Council's support over restricted cash and reserve accounts. We will review and test the accuracy of the information within the accounts to relevant support/approvals for use of the Restricted Reserves and undertake a review of budgets and funding agreements to ascertain that balances are complete at reporting date.</p>
Residual Values Infrastructure Assets	<p>In May 2015 the AASB issued a final decision on the definition of Residual Values for Infrastructure Assets. This in turn has resulted in increased complexity regarding the componentisation and depreciation of assets. The AASB decision highlights the likely need to make changes to depreciation methodologies.</p> <p>The Council does not believe the change in depreciation approach in itself will have a material impact on depreciation expense in 2015/16. The Council has proposed to remove the residual value approach to assets in 2016/17 to link in with the revaluation scheduled at the same time.</p> <p>We will review the clarification and support to be provided by the Council in relation to Residual Values for Infrastructure Assets. We will assess any potential impacts of the changes as they apply to the Council considering the assessment and representations provided to us by the Council in determining whether any likely impact of the changes would result in a material impact on the depreciation expense for the year.</p>
Compliance with legislation and government policies	<p>We will consider the requirements of applicable legislation and government policy by review of relevant Acts, Regulations and agreements. We will perform sufficient audit procedures over key financial requirements imposed on the Council.</p>
Compliance with Australian Accounting Standards	<p>Perform sufficient audit procedures over year end reconciliations and review of the financial statements in accordance with Australian Accounting Standards and Local Government Act and Regulations.</p>

5. A Trust Client Service Team

We understand that our team is the most important element of your relationship with us. We have effectively balanced the continuity of our core team with the need for innovation and fresh insights.

The allocation of the key roles and responsibilities of the Merit Partners' audit engagement team is summarised below. Our team has been structured to ensure an effective audit is achieved to meet your requirements.

Name	Role
MunLi Chee	<p>Client Service Executive</p> <p>As the Client Service Executive, MunLi Chee will have overall responsibility for the provision of audit services to the Council and will oversee the team's work. MunLi will meet formally with nominated Council personnel to review the team's performance and ensure you are obtaining the service you require. MunLi is familiar with the audit requirements of the Council. She will ensure a seamless and undisruptive service to the Council.</p>
Matthew Kennon	<p>Independent Review</p> <p>As the Independent Review Partner, Matthew Kennon will conduct reviews and provide specialist assistance in the audit of the Council as required by the audit team. Matthew may be consulted on any technical issues in relation to the audit and financial reporting by the Council.</p>
Candice Thomson	<p>Engagement Manager</p> <p>As the Engagement Manager, Candice will be the main contact person liaising with the Council's relevant personnel to ensure a seamless conduct of the audit and to provide continued feedback on the progression of the audit through the various stages of completion. She will also have responsibility for the provision of audit services to the Council and will manage and be involved in the team's work.</p>
Breanna Lee	<p>Senior Auditor</p> <p>With her experience in the audit of other Local Government entities, Breanna will perform the audit fieldwork and prepare the file for the Client Service Executive and Senior Manager's review. She will also prepare the planning documentation as well as undertake general and substantive audit procedures.</p>
Fiona McManus	<p>Auditor</p> <p>As the Auditor, Fiona will assist the Senior Auditor in the fieldwork and preparation of the audit documentation in the file.</p>

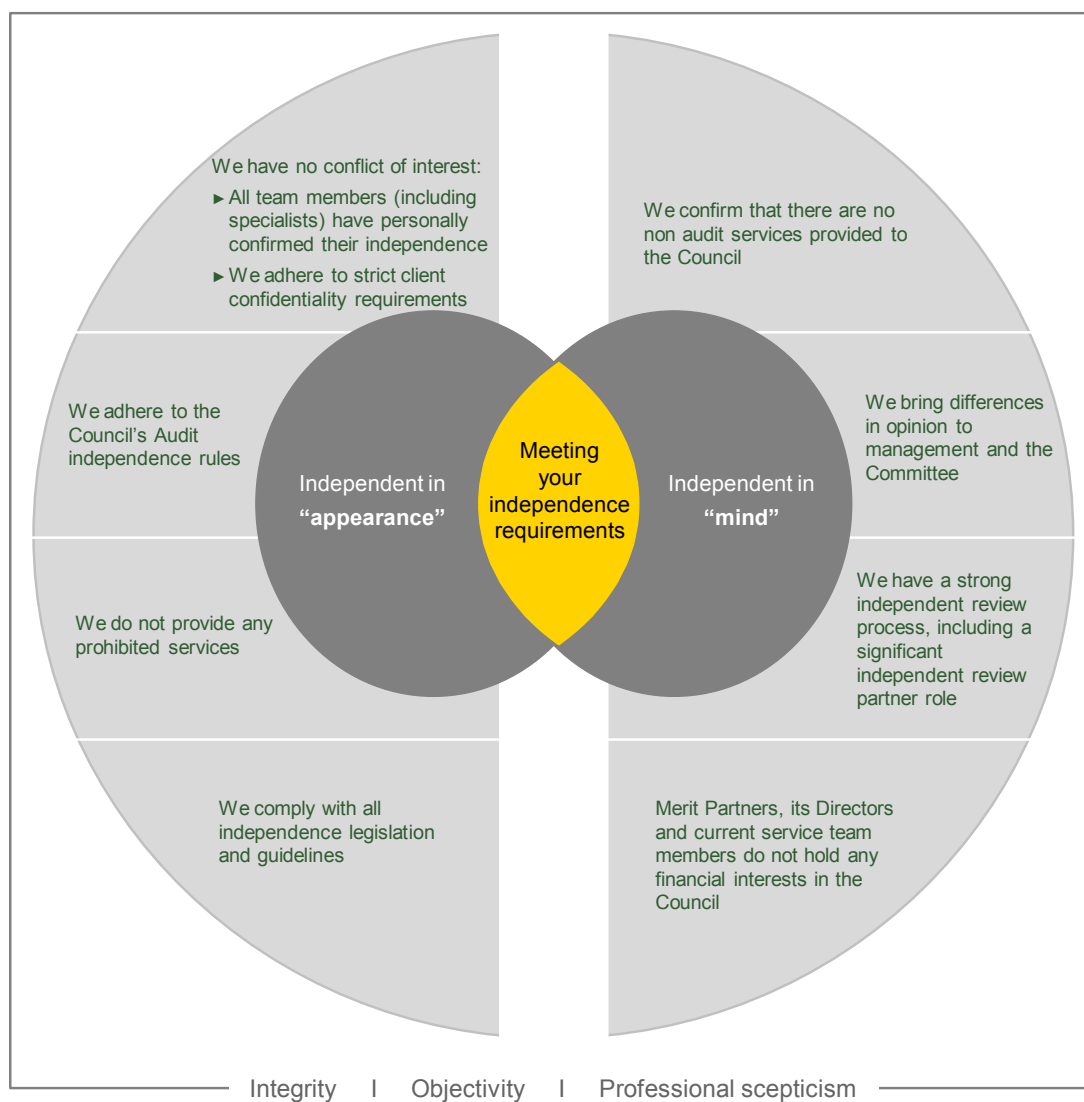

6. Independence

We understand the importance of independence to you. We have been rigorous in maintaining our independence and managing conflicts. We will remain independent, and be seen to be independent.

Independence is fundamental to Merit Partner as our ongoing reputation and success is connected to our ability to meet both Council and broader regulatory independence requirements.

We have consistently complied with all professional regulations relating to auditor independence including those outlined in:

- ▶ Section 307C of the Corporations Act 2001
- ▶ APES 110 code of Ethics for Professional Accountants

7. Interim Audit Results

We have recently conducted our interim audit on the Council for the year ended 30 June 2016. The interim audit covered a number of procedures such as the control testing over payroll, payments and the financial statement close processes; areas of audit focus, and risk assessment as to the material misstatements to the financial statements.

7.1 Inherent limitations and management's responsibility

It should be noted that the primary purpose of the interim audit procedures was to obtain sufficient and appropriate audit evidence to prepare for the requirement to form an opinion on the Council's financial statements. The audit was not, therefore, a comprehensive review of all systems and processes and was not designed to uncover all weaknesses, breaches and irregularities in those systems and processes. Inherent limitations in any management process and system of internal control may mean that errors or irregularities might occur and not be detected. The audit review did not constitute a complete examination of all relevant data and was not designed to uncover all processing errors and therefore may not have detected all breaches and irregularities that could have occurred.

The fact that the interim audit has not identified any significant matters does not mean that there are no other matters of which you should be aware of in meeting your responsibilities, nor does this report absolve you from taking appropriate action to meet your responsibilities.

7.2 Interim Findings

The accounting and control procedures examined during the interim audit were found to be generally satisfactory. Discussions with management and staff have provided an understanding of the key business processes and controls. Overall, it appears that the Council has a satisfactory control environment and controls that will be able to be relied upon in the audit of the Council for the year ended 30 June 2016.

An objective of this interim audit was also to liaise with the Council to plan for the orderly preparation and audit of the year-end financial statements. Part of this process involved reviewing the timing and nature of audit procedures performed. The outcome of this process was that the audit fieldwork and procedures will commence on 19 September 2016 to facilitate the completion of the audit to meet the required deadline.

7.3 Financial Reporting Developments

This section highlights new accounting and auditing standards that may have an impact on the Council's future financial reports unless early adopted.

AASB 15 – Revenue from Contracts with Customers

AASB 15 *Revenue from Contracts with Customers* is effective for annual reporting periods commencing on or after 1 January 2018, however early adoption is permitted. The Standard provides a new framework governing the recognition, measurement and disclosure of revenue following a five step approach. The standard will require retrospective application but there are transition requirements which allow two alternative retrospective application methods.

AASB 15 will replace AASB 118 *Revenue*, AASB 1004 *Contributions* and AASB 111 *Construction Contracts*. The new standard is based on the principle that revenue is recognised when control of a good or service transfers to a customer – so the notion of control replaces the existing notion of risks and rewards.

Application of AASB 15 is expected to have varying levels of impact across organisations and industries. In some circumstances, the degree of complexity, judgement and disclosure requirements will require substantial changes to an organisation's financial reporting systems and processes; while other organisations may benefit from a simpler implementation. In all circumstances, however, those entities preparing general purpose financial statements will at the very least be exposed to increased levels of disclosure, some of which may be commercially sensitive and complex to prepare when compared to current requirements.

AASB 16 – Leases

AASB 16 Leases is effective for annual reporting periods commencing on or after 1 January 2019, however early adoption is permitted.

AASB 16 will primarily affect the accounting by lessees and will result in the recognition of almost all leases on the balance sheet. The standard removes the current distinction between operating and finance leases and requires recognition of an asset (the right to use the leased item) and a financial liability to pay rentals for almost all lease contracts. The accounting by lessors, however, will not significantly change.

As a result, the Council should consider the effect of the adoption of the above new standards on the Council's general purpose financial statements and ensure that adequate time and planning is undertaken to implement these new financial report requirements, including its comparative financial reports.

AASB 2015-6 – Amendments to Australian Accounting Standards – Extending Related Party Disclosures to Not-for-Profit Public Sector Entities

The amendments extend the scope of AASB 124 to include application by not-for-profit public sector entities. Implementation guidance is included to assist application of the Standard by not-for-profit public sector entities. The Standard also makes related amendments to *AASB 10 Consolidated Financial Statements* and *AASB 1049 Whole of Government and General Government Sector Financial Reporting*.

This Standard applies to annual reporting periods beginning on or after 1 July 2016. Early application is permitted for annual reporting period beginning on or after 1 January 2005. The amendments apply prospectively. This means no comparatives are required in the first year of application.

7.4 Other Audit Developments

ASA 701 – Communicating of Key Audit Matters in the Independent Auditor's Report

ASA 701 is operative for financial reporting periods ending on or after 15 December 2016. Initially, this standard will be applicable to all listed companies, however, it is envisaged that the application of this new standard will be applied to all general purpose and special purpose financial reports in the future.

The new standard deals with the auditor's responsibility to communicate key audit matters in the auditor's report. It is intended to address both the auditor's judgement as to what to communicate in the auditor's report and the form and content of such communication. Its purpose is to enhance the communicative value of the auditor's report by providing greater transparency about the audit that was performed.

Communicating key audit matters provides additional information to intended users of the financial report to assist them in understanding those matters that, in the auditor's professional judgement, were of most significance in the audit of the financial report of the current period. Communicating key audit matters may also assist intended users in understanding the entity and areas of significant management judgement in the audited financial report. It may provide intended users a basis to further engage with management and those charged with governance about certain matters relating to the entity, the audited financial report, or the audit that was performed.

Application of the above standard will require the auditor to communicate with those charged with governance on a timely basis. This will also require the auditor to prepare audit documentation that is sufficient to support its audit report in the context of key audit matters, as well as certain other audit documentation of significant matters arising during the audit.

Appendix A Audit Deliverables for FY 2016

- Provide an audit opinion on the general purpose and special purpose financial reports of the Council for the year ended 30 June 2016;
- Carry out such work as is necessary to form an opinion as to whether the accounts are properly kept; and the general purpose financial report is prepared in accordance with the financial records; and represents fairly the results of the operations of the Council for each financial year in accordance with the Australian Accounting Standards, the Act, Regulations and other mandatory professional reporting requirements.
- Provide a report to Council on:
 - The Statement of Comprehensive Income. A discussion on the operating result for the year including the effect of depreciation, the result for the year, level of grants and contributions and the level of rates increase for the year;
 - Financial Position. Comment on the performance ratios included in the notes to the financial statements, the effects of restrictions to cash and investments, the state of receivables, debt service and infrastructure assets;
 - Cash Flow Statement. Comment on the effect of material items such as borrowings, the effect of restrictions applied to cash and investments, the state of receivables, debt service, infrastructure assets and development contributions;
 - Areas for improvement, which is based solely on our evaluation on the internal financial controls of the Council; and
 - Other Matters. Such as changes to accounting standards and future developments.
- Complete the above reports on a timely basis; and
- Attendance at the RMAC and the full Council meetings, if required to present the above reports.

Appendix B Communication with Those Charged with Governance

There are certain communications that we are required by Australian Auditing Standards to provide to those charged with governance. These are detailed below for the RMAC's reference:

Required communication	Reference
Terms of engagement <ul style="list-style-type: none"> ▶ Confirmation by Council of acceptance of terms of engagement ▶ Merit Partner to provide a copy of the engagement letter 	Engagement letter
Planning and audit approach <ul style="list-style-type: none"> ▶ Communication of the planned scope and timing of the audit including any limitations 	Audit Plan
Significant findings from the audit <ul style="list-style-type: none"> ▶ Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures ▶ Significant difficulties, if any, encountered during the audit ▶ Significant matters, if any, arising from the audit that were discussed with Management ▶ Written representations that we are seeking ▶ Expected modifications to the audit report ▶ Other matters if any, significant to the oversight of the financial reporting process 	Audit Letter to Those Charged with Governance
Misstatements <ul style="list-style-type: none"> ▶ Uncorrected misstatements and their effect on our audit opinion ▶ The effect of uncorrected misstatements related to prior periods ▶ A request that any uncorrected misstatement be corrected ▶ In writing, corrected misstatements that are significant 	Audit Letter to Those Charged with Governance
Fraud <ul style="list-style-type: none"> ▶ Enquiries of RMAC to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity ▶ Any fraud that we have identified or information we have obtained that indicates that a fraud may exist ▶ A discussion of any other matters related to fraud 	To be discussed with the RMAC/Council
External confirmations <ul style="list-style-type: none"> ▶ Management's refusal for us to request confirmations ▶ Inability to obtain relevant and reliable audit evidence from other procedures 	No matters noted
Consideration of laws and regulations <ul style="list-style-type: none"> ▶ Audit findings regarding non-compliance where the non-compliance is material and 	To be discussed with the RMAC/Council

Required communication	Reference
<p>believed to be intentional</p> <ul style="list-style-type: none"> ▶ Enquiry of RMAC into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements that the Committee may be aware of. 	
<p>Independence</p> <ul style="list-style-type: none"> ▶ Confirmation that we have complied with the <i>Local Government Act</i>, and our professional judgment, including <ul style="list-style-type: none"> ▶ A statement that the engagement team and others in the firm as appropriate, the firm and, when applicable, network firms have complied with relevant ethical requirements regarding independence; and ▶ All relationships and other matters between the firm, network firms, and the entity that, in the auditor's professional judgement, may reasonably be thought to bear on independence; ▶ The related safeguards that have been applied to eliminate identified threats to independence or reduce them to an acceptable level. 	<p>Audit Plan and Audit Letter to Those Charged with Governance</p>
<p>Going concern</p> <p>Events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including:</p> <ul style="list-style-type: none"> ▶ Whether the events or conditions constitute a material uncertainty ▶ Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements ▶ The adequacy of related disclosures in the financial statements 	<p>Audit Letter to Those Charged with Governance</p>
<p>Significant deficiencies in internal controls identified during the audit</p>	<p>Management Letter</p>

ENCL: RISK MANAGEMENT & AUDIT
 YES COMMITTEE/OPEN

AGENDA ITEM: 10.3

RISK MANAGEMENT FRAMEWORK

REPORT No.: 16A0100 TS:je

COMMON No.: 2363571

DATE: 26/08/2016

Presenter: Team Coordinator Risk, Audit & Safety, Tony Simons

Approved: General Manager Corporate Services, Diana Leeder

PURPOSE

The purpose of this report is to inform the Risk Management & Audit Committee (RMAC) on progress with the various elements of Council's risk management framework.

LINK TO STRATEGIC PLAN

The issues addressed in this Report are in accordance with the following Goals/Strategies of the City of Darwin 2012 – 2016 as outlined in the 'Evolving Darwin Towards 2020 Strategic Plan' :-

Goal

5 Effective and Responsible Governance

Outcome

5.3 Good governance

Key Strategies

5.3.3 Understand and manage Council's risk exposure

KEY ISSUES

- Council's risk management framework incorporates a number of elements including; strategic and operational risk assessments, the internal audit and control self-assessment programs and business continuity planning.
- Operational risk assessments have been revised in accordance with the annual program and are current as of June 2016. Some additional changes have been made to ensure alignment with the Municipal Plan in regards to key business objectives. Refer to **Attachment A to D**.

RECOMMENDATIONS

THAT the Committee resolve under delegated authority:-

THAT Report Number 16A0100 TS:je entitled Risk Management Framework, be received and noted.

PAGE: 2
REPORT NUMBER: 16A0100 TS:je
SUBJECT: RISK MANAGEMENT FRAMEWORK

BACKGROUND

Regular reports are provided to RMAC on the Risk Management Framework and the operational risk assessments are tabled and reviewed by RMAC annually.

DISCUSSION

Risk Assessments

The four departmental risk assessments are reviewed continually throughout the year to ensure outcomes from internal audits and control self-assessment reviews are incorporated into the assessments.

Assessments are also reviewed annually and this was completed in June 2016.

The key business objectives outlined in Council's Municipal Plan are reflected in the operational risk assessments to ensure the documents are aligned and that links between operational risk and strategic objectives outlined in the Strategic Plan are identified.

Control Self-assessment Program

The control self-assessment (CSA) program is currently in progress and reports will be presented to the October meeting of RMAC.

Business Continuity Planning

The business continuity plans for essential Council functions was first undertaken over the period of December 2011 and January 2012.

An upgraded version of the continuity system was implemented in July 2015.

Further revision of the continuity plans commenced in June 2016.

CONSULTATION PROCESS

This report was considered by the Executive Leadership Team on 22 August 2016 and now referred to the Risk Management & Audit Committee for consideration.

POLICY IMPLICATIONS

Nil

BUDGET AND RESOURCE IMPLICATIONS

Nil

INFRASTRUCTURE MAINTENANCE – OPERATIONS GENERAL										
MANAGE OPERATING AND CAPITAL BUDGETS FOR INFRASTRUCTURE MAINTENANCE - Operational planning and works programming - Resource management - Budget management - Preparation of timesheets - Reporting - Service delivery standards	1. Insufficient skilled resources available to meet program requirements - Delays in delivery of services - Additional cost incurred through hiring contract labour - Negative public and media reaction	3	3	H	- On the job training programs implemented - Succession planning in place - Yardstick benchmarking undertaken annually - City of Darwin service delivery program reviewed June 2012	2	3	M		Manager Infrastructure Maintenance
	2. Deficiencies in operational budgetary processes - Delays in delivery of services - Reduction or cancellation of programs or services - Potential for unspent budget and carry forwards - Elected Members dissatisfaction - Negative public and media reaction	3	3	H	- 10 year capital works program developed - Currently progressing to a 3 year works plan - Rigorous annual budget development and review processes in place - Infrastructure Maintenance staff actively involved in budget development - Work order system implemented for Parks Sections to ensure budget management is intrinsically linked to the asset management system so that we are able to collect more accurate data on all works expenditure and develop a better profile of cyclical and preventative maintenance	2	3	M	- <i>ORA found controls in place however repeated concerns were raised over the inextricable link between program management, budgetary processes and the development of a council wide corporate asset management system.</i> - <i>this is being addressed through the implementation of the new asset management system being implemented from March 2015</i>	Manager Infrastructure Maintenance
MANAGE AND PROVIDE ADMINISTRATION FOR THE CITY OF DARWIN OPERATIONS CENTRE - Records management - Compliance with legislation and standards - Employee timesheets - Document management - Communications Management	3. Failure to ensure timesheets for staff are verified for accuracy - Inaccuracies in timesheets - Overpaid/underpaid salaries and allowances	2	3	M	- Staff members required to sign timesheets attesting to accuracy - City Works Team Leaders review and sign off on their timesheets - IM Admin Officer checks timesheets for Parks Teams - Information is entered into payroll system and independently checked by a staff member in Finance - Timesheet reports are run and anomalies are verified by Financial Accountant - Control self-assessment in place	1	2	L		
	4. Failure to ensure documents are registered in EDRMS - Failure to meet records management obligations - Inability to recover records - Inability to defend against claims - Reputation and litigation risk	3	3	H	- All new staff undergo mandated training in EDRMS procedures - Use of EDRMS for records management is mandated by City of Darwin - EDRMS reports are available to verify the numbers of records entered by individual employees which allows checks to be undertaken on the level of use of EDRMS	2	3	M	- <i>audit of EDRMS and review of document management procedures undertaken in 2014 and a program of change management is being developed in conjunction with the implementation of a new version of EDRMS in 2015-16</i>	
	5. 2-way communications system failure - Inability to communicate with and coordinate workforce and service delivery - Mismanagement of resources	2	3	M	- Dedicated communications officer employed - Back-up staff available as several IM staff are familiar with use of communications equipment - Alternate communication methods available through mobile telephones - Back up communication may be available through Regulatory Services communications system	1	2	L		
COORDINATE COUNCIL'S EMERGENCY RESPONSE PLAN INCLUDING THE CYCLONE PLAN	6. Emergency/Cyclone plan does not adequately address -	2	4	H	-					
MAINTAIN BUSINESS CONTINUITY PLANS TO ENSURE COUNCIL'S RESILIENCE TO BUSINESS INTERRUPTION AND DISASTER EVENTS	7. Failure to identify and agree what are the essential business functions of the organisation - Failure to prepare continuity plans for essential functions - Lack of engagement and ownership by managers of essential functions - Failure to regularly revise and test BC Plans	3	4	E	- Business continuity plans developed for key Infrastructure Maintenance operations in conjunction with TC Risk Audit & Safety - New version of BC software installed October 2014	2	3	M	- <i>BC plans to be revised in 2015 and tested during annual cyclone preparedness exercises</i>	

INFRASTRUCTURE MAINTENANCE – MANAGE EXTERNAL CONTRACTORS										
<p>CONTRACT AND CONTRACTOR MANAGEMENT</p> <ul style="list-style-type: none"> - Litter bin clearing - Cycle way sweeping - Mowing Parks and Reserves - Road reseal programme - Building Maintenance and building management systems - CBD sweeping - Procurement processes - Conditions of contract 	<p>8. Failure to manage contractors effectively</p> <ul style="list-style-type: none"> - Inability to sufficiently resource works - Failure to achieve VFM outcomes - Reputation risk - Using only one contractor for majority (or all) of work - Contractor fails to meet performance standards - Negative public comment - Negative media reporting 	3	4	E	<ul style="list-style-type: none"> - Dedicated officer assigned to Parks Teams to manage the mowing contract and contractor supervision - Other contracts managed within individual teams - Contract Section (Corporate) has key personnel trained in contract management - Contractor performance reviews undertaken - Contractor management standard being developed to comply with WHS requirements and obligations - Site visits undertaken by contract superintendent or super's rep - All contracts required to include SLAs - Contract conditions (particularly scope and service levels) are reviewed and strengthened each time contracts are renewed - City of Darwin has the ability to vary contracts during their lifetime 	2	3	M	<ul style="list-style-type: none"> - <i>finalise development and implementation of contractor management standard in compliance with WHS legislation</i> 	<p>Team Coordinator Risk Audit & Safety</p>
INFRASTRUCTURE MAINTENANCE – WORK ZONE TRAFFIC MANAGEMENT										
<p>DEVELOP TRAFFIC MANAGEMENT PLANS (AND REVIEW THIRD PARTY PLANS)</p> <ul style="list-style-type: none"> - Generic and specific management plan - Manage resources - Compliance with legislation and standards - Health and safety management - Reliance on limited numbers if qualified staff 	<p>9. Failure to ensure works undertaken in and around Council's road network are managed appropriately</p> <ul style="list-style-type: none"> - Permit system not complied with - Failing to provide safe road/cycle/pedestrian networks - Reliance on one key staff member to develop traffic management plans - Media and reputation risk - Litigation risk 	2	5	E	<ul style="list-style-type: none"> - Infrastructure Maintenance Section employs a trained officer who is responsible for traffic management planning - Permits Officer reviews plans lodged by external contractors - Strong safety culture exists within the organisation and IM staff are aware of their safety responsibilities for traffic management - The majority of Infrastructure Maintenance staff have been provided with training and hold traffic management qualifications - On-site inspections undertaken regularly - Business continuity plans developed 12/2011 and reviewed 11/2014 	1	4	M		<p>Workzone Traffic Officer</p>
INFRASTRUCTURE MAINTENANCE – CHEMICAL USE										
<p>CHEMICAL USE AND STORAGE</p> <ul style="list-style-type: none"> - Purchasing - Storage - MSDS - Safe usage procedures - Accident, spills and clean-up management - Assessment of chemical type and suitability - Staff chemical certification 	<p>10. Failure to develop and implement a chemical use policy and standards</p> <ul style="list-style-type: none"> - Incorrect usage by workers - Health & safety implications - Public safety implications 	2	4	H	<ul style="list-style-type: none"> - Chemical Use Standard and Chems SOP developed by Technical Officer in conjunction with employees and approved and implemented - Standard and SOP reviewed annually as part of OHSMS review - Control self-assessment in place 	1	3	L		<p>Parks Operations Tech Officer</p>
	<p>11. Failure to develop and maintain chemical storage register</p> <ul style="list-style-type: none"> - Failure to ensure chemicals stored in accordance with legislation - Failure to ensure MSDS register is maintained - Failure to ensure appropriate hazard signage is in place - Failure to meet legislative requirements - penalties applicable 	2	4	H	<ul style="list-style-type: none"> - Chemical use Standard approved and implemented and revised annually - Dedicated chemical storage facility in use - Facility is bunded and secured and inspected regularly - Hazchem signage installed and reviewed regularly through OHS inspections - Spill management kits supplied - Decontamination showers installed - MSDS library maintained and reviewed regularly through ChemWatch - Control self-assessment in place 	1	3	L		
	<p>12. Failure to ensure staff are certified for use of chemicals</p> <ul style="list-style-type: none"> - Not trained in safe usage procedures - deficiencies in spill management processes - deficiencies in management of contamination incidents 	2	4	H	<ul style="list-style-type: none"> - Chemical Use Standard and SOP approved and implemented – sets out training requirements and PPE for staff using chemicals - Chemical use training is provided to all staff using scheduled chemicals - Chem use refresher training provided - Chemical Use Register in place - MSDSs provided for all chemicals and maintained through ChemWatch - Chemicals are reviewed and tested by Parks Technical Officer before being approved for use - Spill management kits supplied - Decontamination showers installed at storage facilities 	1	3	L		

INFRASTRUCTURE MAINTENANCE – PARKS & RESERVES									
MAINTAIN COUNCIL'S PARKS, RESERVES AND SPORTING FIELDS IN ACCORDANCE WITH ASSET MANAGEMENT PLANS AND SERVICE STANDARDS <ul style="list-style-type: none"> - Urban forest management - Regular health inspections for trees - Tree maintenance program - Management of "risky" trees - Management of heritage trees and trees of significance - Provision of technical advice - Manage parks precincts - maintenance and development of parks horticultural maintenance - landscaping - fencing - Playground infrastructure - Quarterly safety inspections - Amenities and aesthetics - Heritage trees - Manage natural areas - East Point - Walking tracks - Mangrove boardwalk - Management of natural vegetation - Protection of flora and fauna - Heritage trees - Manage litter, aesthetics and fire control - Carbon sequestration scheme - Manage Trees on Leased Property - tree inspection and management per Coroner's recommendations 2016 	13. Failure to develop, implement and manage an ongoing comprehensive tree inspection and management plan <ul style="list-style-type: none"> - risky trees not identified and monitored - heritage trees and trees of significance not identified - failure to undertake rectification works in a timely manner - reputation risk – perception and expectations of ratepayers and the public regarding tree management programs - potential for injury to the public 	2	4	H	<ul style="list-style-type: none"> - robust inspection and reporting processes in place - processes managed by a discrete trained and qualified UFM Team - tree inspection program reviewed 2013 to strengthen the process and include visual inspections and electronic recording and reporting - parks safety checklists completed every two months - Business continuity plans developed Dec 2011 and reviewed Dec 2014 - Control self-assessment in place 	1	4	M	UFM Team Leader
	14. Failure to develop, implement and manage a parks management program, including provision of infrastructure and service delivery standards <ul style="list-style-type: none"> - failure to meet agreed infrastructure and maintenance standards - reputation risk – conflict between City of Darwin parks standards and public perception of required levels of maintenance and infrastructure - Increased injury rate for sports players - Low community spirit - Reduced participation of community in sports 	2	4	H	<ul style="list-style-type: none"> - robust inspection and reporting processes in place - processes managed by a discrete trained and qualified Parks Precinct Team and Turf Management Team - tree inspection program reviewed 2013 to strengthen the process and include visual inspections and electronic recording and reporting - parks safety checklists completed every two months - playground safety checklist completed every two months - mower operators inspect and report issues requiring attention - Recreation Officer in Regulatory Services monitors customer feedback - Business continuity plans developed Dec 2011 and reviewed Dec 2014 - Control self-assessment in place 	1	4	M	Parks Precincts Team Leaders
	15. Failure to develop, implement and manage a natural areas management program, including provision of infrastructure and service delivery standards <ul style="list-style-type: none"> - failure to meet agreed infrastructure and maintenance standards - reputation risk – conflict between City of Darwin natural areas management standards and public perception of required levels of maintenance and infrastructure - Reduction of bio diversity - Reduction of amenity - Reduction of passive recreation - Poor image/reputation 	2	4	H	<ul style="list-style-type: none"> - robust inspection and reporting processes in place - tree inspection program reviewed 2013 to strengthen the process and include visual inspections and electronic recording and reporting - processes managed by a discrete team trained and qualified in conservation and land management - liaison undertaken with advocacy groups (Greening Australia, Larrakia Rangers and conservation volunteers) - management plans are being developed specifically for individual natural areas - Business continuity plans developed Dec 2011 and reviewed Dec 2014 - Control self-assessment in place 	1	4	M	Parks Central Team Leader
	16. Failure to implement a tree inspection and management program for trees on Council properties leased to third parties <ul style="list-style-type: none"> - Failure to address recommendations arising from the Coronial report into Gardens Park Golf Links 2016 - Potential for escalated sanctions - Legal actions - Political risks - Media reputation 	3	5	E	<ul style="list-style-type: none"> - Existing tree inspection program in place for public areas 	2	4	H	<ul style="list-style-type: none"> - ED Infrastructure and Manager Infrastructure Maintenance are developing an inspection program specifically for trees on leased property - ED Corp and Manager Business Services are implementing a review of all commercial leases to ensure that responsibilities for maintenance of trees on leased property are clearly set out in lease documents
MAINTAIN IRRIGATION SYSTEMS AND DELIVER SUSTAINABLE IRRIGATION PRACTICES FOR COUNCIL'S OPEN SPACES <ul style="list-style-type: none"> - Irrigation asset management - Median strip maintenance - Sporting grounds and associated infrastructure - Sport specific turf management 	17. Failure to develop, implement and manage a turf and irrigation management program, including provision of infrastructure and service delivery standards <ul style="list-style-type: none"> - failure to meet agreed infrastructure and maintenance standards - failure to meet water conservation targets - Reduction of amenity - Reduction of passive recreation participation - Poor image/reputation risk 	2	3	M	<ul style="list-style-type: none"> - robust inspection and reporting processes in place - processes managed by a discrete trained and qualified Team - Business continuity plans developed Dec 2011 and reviewed Dec 2014 - Control self-assessment in place 	1	3	L	Irrigation & Turf Team Leader
MAINTAIN FORESHORES UNDER COUNCIL'S CONTROL <ul style="list-style-type: none"> - 	18. Failure to develop, implement and manage an ongoing comprehensive foreshore management plan <ul style="list-style-type: none"> - Erosion issues not addressed - Safety and amenity issues not managed - Community dissatisfaction - Negative media reporting 	3	4	H	<ul style="list-style-type: none"> - Foreshore management plans being developed for the Nightcliff and East Point precincts - Budget allocations made for erosion management 	2	4	H	

<p>MANAGEMENT OF CEMETERIES - Heritage site management and protection</p>	<p>19. Failure to maintain cemetery grounds and interment records - Loss of essential connection with community - Reputation & litigation risk</p>	<p>2</p>	<p>3</p>	<p>M</p>	<ul style="list-style-type: none"> - Infrastructure Maintenance Section employs a specific officer to manage cemeteries and records - Standard record management controls in place through EDRMS - Business continuity plans developed - Control self-assessment in place 	<p>1</p>	<p>3</p>	<p>L</p>		
--	---	----------	----------	----------	---	----------	----------	----------	--	--

INFRASTRUCTURE MAINTENANCE – CIVIL INFRASTRUCTURE (ROADWAYS and PATHWAYS)										
<p>MANAGE THE CONSTRUCTION AND MAINTENANCE OF ROADS, PATHWAYS, DRIVEWAYS AND KERBING ASSETS ACROSS THE MUNICIPALITY</p> <ul style="list-style-type: none"> - Maintain roads in accordance with Asset Management Plans - Undertaken routine and preventative maintenance - Manage and maintain line marking and signage to all roads in accordance with recognised asset management practices - Monitor the condition of footpaths, driveways, shared paths and walkways throughout the Municipality - Maintain line marking - Install and maintain road signage 	<p>20. Failure to plan, budget and implement a sound asset management program</p> <ul style="list-style-type: none"> - Poor financial management - Condition of assets deteriorates - Increased maintenance / replacement costs 	2	4	H	<ul style="list-style-type: none"> - 10 year capital works program developed including scheduled maintenance programs - Currently progressing to a 3 year works plan - Rigorous annual budget development and review processes in place - Infrastructure Maintenance staff actively involved in budget development 	2	3	M	<ul style="list-style-type: none"> - need to ensure budget management is intrinsically linked to the asset management system so that we are able to collect more accurate data on all works expenditure and develop a better profile of cyclical and preventative maintenance - implementation of asset sustainability review recommendations will ensure policies, standards and procedures are developed and monitored 	Team Leader Roads and TL Concrete
	<p>21. Works not conducted to approved standards</p> <ul style="list-style-type: none"> - Substandard works - Safety and reliability issues - Potential on-going hazard impacting on the public - Unnecessary public liability claims - Financial impact - Sustained negative media reporting 	2	4	H	<ul style="list-style-type: none"> - works plans reference Australian and other applicable standards - hierarchy of approval for works plans is in place - City Works Team Coordinator required to hold engineering and civil construction qualifications - Works undertaken by contractors under the Minor Civil Works contract are subject to compliance inspections and sign-off processes - Major civil works contracts include default and rectification periods 	1	3	L	-	Team Leader Roads and TL Concrete
	<p>22. Failure to ensure that rectification works are carried out in a timely manner</p> <ul style="list-style-type: none"> - Council relies heavily on problems being reported by third parties in a timely manner - Safety and reliability issues - Potential on-going hazard impacting on the public - Unnecessary public liability claims - Sustained negative media reporting 	3	4	E	<ul style="list-style-type: none"> - Council implemented mobile phone application "See-Click-Fix" in 2014 to enable the public to report issues promptly - Formal inspection processes for assets are undertaken over 4 year period - Officers undertake visual inspections whilst on duty and report any potential developing issues - Identified issues are logged as CARRs and actioned with priority - Strong OHS culture exists – requirement to report issues promptly is generally acknowledged 	2	3	M	-	Team Leader Roads and TL Concrete
	<p>23. Failure to ensure that Council asset information is maintained on applicable data bases (AssetFinda, MapInfo, EDMS)</p> <ul style="list-style-type: none"> - Inability to access current asset information - Loss of corporate knowledge - Compromised works programs 	3	4	E	<ul style="list-style-type: none"> - New asset management system implemented 2015 - I-pad qaccess to ensure ease of loading and timeliness of processing GIS information - Dedicated GIS Officer within IT Services to assist Tech Services Staff 	2	3	M	- new asset management system being implemented 2015-16	Team Leader Roads and TL Concrete
INFRASTRUCTURE MAINTENANCE – CIVIL INFRASTRUCTURE (STORMWATER DRAINAGE MAINTENANCE)										
<p>MANAGE AND MAINTAIN COUNCIL'S STORMWATER DRAINAGE INFRASTRUCTURE IN ACCORDANCE WITH ASSET MANAGEMENT PLANS</p> <ul style="list-style-type: none"> - New stormwater infrastructure - Manage existing assets - Acceptance of new assets from subdivision development 	<p>24. Failure to plan, budget and implement drainage management program</p>	2	4	H	<ul style="list-style-type: none"> - Stormwater upgrade plans in place - Stormwater inspection program in place - Budget allocation for stormwater asset management - Sign off processes in place for acceptance of new infrastructure from developers 	2	3	M		
<p>UNDERTAKE MOSQUITO CONTROL SPRAYING IN STORMWATER DRAINAGE INFRASTRUCTURE IN THE MUNICIPALITY AS REQUIRED</p>	<p>25. Failure to carry out maintenance in accordance with approved plans</p> <ul style="list-style-type: none"> - Uncontrolled breeding of biting insects - Potential public health impact - Negative public and media reaction - Chemical spillage/drift - Potential environmental impact - Potential public health impact - Negative public and media reaction 	2	3	M	<ul style="list-style-type: none"> - NTG Entomology prepares mosquito control plans and conduct post spray inspections - Chemicals used in mosquito control are non-toxic 	1	3	L		Team Leader Roads and TL Concrete

ENCL:	RISK MANAGEMENT & AUDIT	AGENDA ITEM:	10.4
YES	COMMITTEE/OPEN		
PROGRESS OF INTERNAL AUDIT PLAN			
REPORT No.:	16A0101 TS:je	COMMON No.:	1536877
		DATE:	26/08/2016

Presenter: Team Coordinator Risk, Audit & Safety, Tony Simons

Approved: General Manager Corporate Services, Diana Leeder

PURPOSE

The purpose of this report is to present to the Risk Management & Audit Committee (RMAC) information on the progress of the 2015/2016 Internal Audit Plan.

LINK TO STRATEGIC PLAN

The issues addressed in this Report are in accordance with the following Goals/Strategies of the City of Darwin 2012 – 2016 as outlined in the 'Evolving Darwin Towards 2020 Strategic Plan':-

Goal

5 Effective and Responsible Governance

Outcome

5.3 Good governance

Key Strategies

5.3.3 Understand and manage Council's risk exposure

KEY ISSUES

- At the RMAC meeting on 28 August 2015 the Team Coordinator Risk Audit & Safety presented the internal audit plan as approved by the Executive Leadership Team.
- All audits on the 2015/2016 plan have been completed.
- One audit for the 2016/2017 audit plan has been completed
- Terms of reference for two additional audit are being developed

RECOMMENDATIONS

THAT the Committee resolve under delegated authority:-

THAT Report Number 16A0101 TS:je entitled Progress of Internal Audit Plan, be received and noted.

PAGE: 2
REPORT NUMBER: 16A0101 TS:je
SUBJECT: PROGRESS OF INTERNAL AUDIT PLAN

BACKGROUND

Internal Audit Program

Report No. 15A0105 TS:mp (28/08/15) Common No. 1536877

THAT Report Number 16A0061 TS:mrg entitled Report on Internal Audit Program, be received and noted.

DECISION NO.21\3687 (28/08/15)

DISCUSSION

The 2015/2016 audit plan is complete.

The reports on the audit of Regulatory Fines and Infringements, and the audit of IT Security have been received and are currently being considered for management responses. It is anticipated that these reports will be presented to the October RMAC meeting.

The 2016/2017 plan is progressing on schedule.

The report on the follow up audit of Investment Management has been received and is currently being considered for management responses. It is anticipated that this report will be presented to the October RMAC meeting.

The audit plan progress table is attached to this report (**Attachment A**).

CONSULTATION PROCESS

This report was considered by the Executive Leadership Team on 22 August 2016 and now referred to the Risk Management & Audit Committee for consideration.

POLICY IMPLICATIONS

Nil

BUDGET AND RESOURCE IMPLICATIONS

Nil

RISK/LEGAL/LEGISLATIVE IMPLICATIONS

Understand and manage Council's risk exposure.

AGENDA ITEM: 10.5

TREE RISK MANAGEMENT - CORONER'S RECOMMENDATIONS

REPORT No.: 16A0102 DLee:je COMMON No.: 2809737

DATE: 26/08/2016

Presenter: General Manager Corporate Services, Diana Leeder

Approved: Chief Executive Officer, Brendan Dowd

PURPOSE

The purpose of this report is to inform the Risk Management & Audit Committee (RMAC) of the Coroner's recommendations following the inquest into the death of Mr William Brown and Council's actions to mitigate the risks of death or injury from falling tree limbs.

LINK TO STRATEGIC PLAN

The issues addressed in this Report are in accordance with the following Goals/Strategies of the City of Darwin 2012 – 2016 as outlined in the 'Evolving Darwin Towards 2020 Strategic Plan':-

Goal

5 Effective and Responsible Governance

Outcome

5.3 Good governance

Key Strategies

5.3.3 Understand and manage Council's risk exposure

KEY ISSUES

- Council has a tree assessment program.
- The Northern Territory Coroner has recommended that all trees on Council owned land be inspected twice per year.
- A first round of tree assessments on leased properties will be completed by the end of August 2016.
- Council's existing tree assessment procedure is being further developed to ensure it addresses appropriate factors.
- Council has engaged independent expertise to assist with developing procedures for assessing trees which is due to be complete by end September 2016.
- A total of 24 leased properties have been identified for a minimum of twice yearly inspections.
- The first round of inspections of leased properties are underway, including the Gardens Park Golf Course (complete) and are all due to be completed by the end of August 2016.

PAGE: 2
 REPORT NUMBER: 16A0102 DLee:je
 SUBJECT: TREE RISK MANAGEMENT - CORONER'S RECOMMENDATIONS

RECOMMENDATIONS

THAT the Committee resolve under delegated authority:-

- A. THAT Report Number 16A0102 DL:je entitled Tree Risk Management - Coroner's Recommendations, be received and noted.
- B. THAT the actions associated with the Coroner's recommendations following the inquest into the death of Mr William Brown be added to the Outstanding Risk Register.

BACKGROUND

Implementation of Coroner's Recommendations – Inquest into Death of Mr William Brown

Report No. 16A0063 LC:je (17/05/16) Common No. 2809737

- A. THAT Report Number 16A0063 LC:je entitled Implementation of Coroner's Recommendations – Inquest into Death of Mr William Brown be received and noted.
- B. THAT Council immediately adopt the Coroner's recommendations that:
 - i. That the City of Darwin conduct an audit of all current leases and ensure inclusion within their terms for:
 - the compulsory inspection of all trees on such property/ies at least every six (6) months;
 - such compulsory inspections to be conducted by a qualified arborist;
 - specific provision as to who bears responsibility for the costs of such inspections and/or any works recommended to be carried out as a result of the same.
 - ii. That the City of Darwin ensure all future leases include within their terms:
 - the compulsory inspection of all trees on such property/ies at least every six (6) months;
 - such compulsory inspections to be conducted by a qualified arborist;
 - specific provision as to who bears responsibility for the costs of such inspections and/or any works recommended to be carried out as a result of the same.
- C. THAT a further report be brought back to Council detailing the outcomes and recommendations from a review of Council's systems, policies and procedures in relation to the inspection of trees generally within Council owned and controlled land.
- D. THAT Council create a new cash backed reserve to be named "Tree Risk Management" for the purpose of undertaking tree inspections and follow up work relating to the 2016 Coroner's recommendations.

PAGE: 3
 REPORT NUMBER: 16A0102 DLee:je
 SUBJECT: TREE RISK MANAGEMENT - CORONER'S RECOMMENDATIONS

- E. *THAT pursuant to Section 128 of the Local Government Act Council amend the 2015/2016 budget by transferring \$12,000 from the Disaster Contingency Reserve and \$88,000 from the Sale of Land Reserve to the tree risk management reserve.*
- F. *THAT the 2016/2017 draft budget contains an amount of \$400,000 to be allocated to the tree risk management reserve.*

DECISION No.21\4394 (17/05/16)

The Coroner made further recommendations about the inspection regime for all trees on Council owned land, these are still under review. This report advises RMAC in regards to audit procedures and leased property audits.

DISCUSSION

Audit Procedure

Council has started a review of tree risk assessments and procedures for assessing trees, this includes documenting the location of trees on Council owned land, taking into consideration the Coroner's recommendations. Independent expertise, being Sully Pty. Ltd, has been engaged to assist with the further development of tree risk assessment procedures and audits. Sully Pty. Ltd. assisted the Coroner in investigating the death that occurred at the Gardens Park Golf Course in 2014.

The review of tree risk assessment procedures will be completed by end September 2016.

Leased Property Audits

In accordance with the Coroner's recommendation Council has almost completed the first round of tree assessments on leased properties.

Of the leased properties, ten (10) properties including child care centres and community centres are being included within and existing programme of Quarterly inspections and have been for several years. These properties have an existing inspection regime of every three months and any work required is completed prior to the next assessment.

Inspections are continuing with all assessments to be completed by the end of August 2016.

The Gardens Park Golf Course was one of the first leased properties to be inspected. The tree assessment at the golf course has identified substantial pruning work being required and tree removals.

Works on trees rated as very high risk are due for completion in August 2016. Council will undertake the required work to all remaining identified trees by the end of October 2016.

PAGE: 4
REPORT NUMBER: 16A0102 DLee:je
SUBJECT: TREE RISK MANAGEMENT - CORONER'S RECOMMENDATIONS

On completion of the audit of remaining leased properties a further programme of work will be implemented to address any risk ratings very high, high or moderate. It is anticipated that substantial work will be required at the Fannie Bay Equestrian Club.

These matters were reported to Council on 16 August 2016.

CONSULTATION PROCESS

In preparing this report, the following City of Darwin officers were consulted:

- General Manager Infrastructure

POLICY IMPLICATIONS

Policy 069 – Risk Management informs Council's approach to the issues identified in this report.

BUDGET AND RESOURCE IMPLICATIONS

A Tree Risk Management reserve was established and currently has a balance of \$500,000.

The estimated cost of assessments to date is in the order of \$10,000, however it is noted that some of this cost is within existing inspection programs.

The estimated cost to complete tree works, associated with a rating of Medium or High, at the Gardens Park Golf Course from the first round of assessments is \$100,000.

All work done through the quarterly tree inspection process is funded from operational budgets as this is a current program.

RISK/LEGAL/LEGISLATIVE IMPLICATIONS

All trees have a risk of failure. As trees increase in size, mass and maturity, the risk of failure increases.

This program is designed to mitigate Council risk exposure on leased properties.

There may be comments from the community regarding the proactive tree works.

ENVIRONMENTAL IMPLICATIONS

Trees provide great environmental benefits to the Darwin Community. All trees are assessed for maintenance or removal with the best long term outcome for the community including safety and environmental benefits.

145	<p>Asset Management Audit</p> <p>Deloitte March 2015</p>	<p>3 Develop, finalise and implement individual asset management plans, taking into account relevant recommendations from the 2012 asset sustainability review report (refer to Section 4 for more information)</p> <p>a) Assign roles and responsibilities resulting from the plans and communicate these to relevant staff members b) Review asset management plans on a regular basis c) Ensure future plans indicate likely service level and risk trends resulting from long term financial plan d) Ensure that strategy plan and management plan performance measures align with AMP service levels e) Continue to develop additional AMP scenarios as required to align with the long term financial plan and show service outcomes and risk consequences of long term financial plan resourcing levels f) Update AMPs with state of the assets service levels for condition, function and capacity as per summary dashboards. g) Continue to develop additional AMP scenarios as required to align with the long term financial plan and show service outcomes and risk consequences of long term financial plan resourcing levels h) Introduce state of the art reporting for assets in the annual report</p>	<p>Manager Technical Services</p>	<p>November 2015</p>	<p>Drafts progressing Deferred to July 2017 per RMAC 27 May 2016</p>

		<p>6 Asset Finder is not integrated to Civica Authority at this stage.</p> <p>a. Further considerations are necessary for the future regarding detailed procedures and degree of integration between accounting and asset management systems</p> <p>b. Implementation date is notional at this stage as it is entirely dependent on all current asset data being entered into Asset Finda</p>	Manager Technical Services in consultation with Manager Finance	May 2016	<p>Training undertaken April 2016 to improve knowledge and understand practical aspects of implementation. Updated implementation plan being prepared.</p> <p>Deferred to July 2018 per RMAC 27 May 2016</p>
146	<p>Investments Audit</p> <p>KPMG, February 2016</p>	<p>1 Ensure the officer executing the transaction is independent of the officer receiving the investment confirmation. The officer receiving the investment confirmation should execute appropriate verification procedures to validate that the transaction was appropriate.</p>	Manager Finance		
		<p>2 Conduct a review of the Investment procedures and include in the document future review dates and last approval date.</p>	Manager Finance		
		<p>3 Put in place access controls and spreadsheet protection over the Cash Flow and Investment Workbook.</p>	Manager Finance		
		<p>4 The review cycle for Policy No. 024 - Investment Policy be updated to correspond with the Local Government Investment Guidelines with an annual period of review.</p>	Manager Finance		
		<p>5 Remove specific mention of the TIO as an acceptable approved instrument issuer from the investing policy.</p>	Manager Finance		
147	<p>Financial Statements Audit</p>	<p>1 That the long-outstanding balances in the trust account be investigated and amounts be refunded to individuals and/or entities where deemed appropriate.</p>	Manager Finance		
		<p>2 That the internal policies and procedures regarding the trust account are reviewed, amended where appropriate and followed accordingly.</p>	Manager Finance		

148	Workplace Health & Safety Management	3.4.1.2 Finalise and implement the standard for the Contractor Management, including: <ul style="list-style-type: none"> • Contractor Induction program • Communication of WHS accountabilities and responsibilities 	Coordinator Risk & Safety	September 2016	Contractor Management Standard being developed
		3.2.6.1 Implement the recommended 'treatment plans' as identified in the Operations Risk Assessment (Revision 4) June 2015 and the 'corrective actions' of the City of Darwin WHS audit report (Marsh) to reduce the overall risk profile for the City of Darwin. In addition to the identified 'treatment and corrective action plans', consider implementing a Safety Leadership Training program and/or a Behavioural Risk Improvement (BRI) program to assist with embedding a positive safety culture within the City of Darwin.	Coordinator Risk & Safety	September 2016	Only outstanding issues are contractor management and defensive verbal training for Regulatory Services staff. Both are being addressed. BRI and safety culture are being addressed. Safety alerts have been introduced and a "safety share" programme has recently been initiated for the outdoor workforce
		3.2.6.2 Conduct a review of the JSEA program and format in consultation with the end user group to identify how JSEA's can be best applied. Consider using generic SWMS and not adding an additional JSEA form to the risk management process, rather incorporating a 'Part B' into the SWMS form if it is determined to be required.	Coordinator Risk & Safety	December 2016	Council has held discussions with Clarence Council in relations to JSEA program as they have just completed introduction of SWMS/JSEAs. Program will now focus on developing generic safe work method statements (SWMS) with Part B documents to be completed on-site to address
		3.4.6.7 Implement the draft Contractor Management WHS Standard to ensure that contractors engaged to undertake work for the City of Darwin are managed. This should include: <ul style="list-style-type: none"> • determination of hazards and risks when identifying contractor works • requesting WHS information from contractors at the tender/engagement phase • reviewing contractor WHS information and risk assessments prior to commencement of works • contractor induction, training and supervision • reviewing contractor performance • ongoing consultation with contractors, and • managing contractor poor performance. Consider adopting a software program to support the collection and management of contractor data.	Coordinator Risk & Safety	September 2016	
148	Workplace Health & Safety Management	3.4.6.9 Ensure that WHS component of the contractor tender process is reviewed by a suitably qualified worker. Consider what information is requested to determine contractor suitability. I.e. Injury and incident statistics, LTIFR etc.	Coordinator Risk & Safety	September 2016	All documents for public tender are reviewed by the TC Risk Audit and Safety. This will be addressed in further detail during implementation of the contractor management standard.
