### ***For information: What is a standard manual waste collection service?***

*Developments with 4 or more units receive manual waste collection services. Staff will collect the bins from the common compound area and the bins are shared between residents. These bins should not be placed at the kerbside. The general waste (red lid) bins are emptied twice per week and the recycling (yellow lid) bins are emptied once per week. The Body Corporate/Owners Corporation is responsible for maintenance of the common compound area.*

*The additional bins applied for above will be collected alongside your standard allocation of bins, with the same frequency.*
